

WOOD FIRED FLAVOR

PURE HARDWOOD IS THE FUEL FOR TRAEGER'S SIGNATURE FLAVOR. Traeger owners resoundingly agree that wood-fired flavor is what they love most about their grill. Wood-fired cooking simply tastes better than charcoal or gas. Real wood, real flavor—every time. Taste the wood-fired difference.

6 IN 1 VERSATILITY

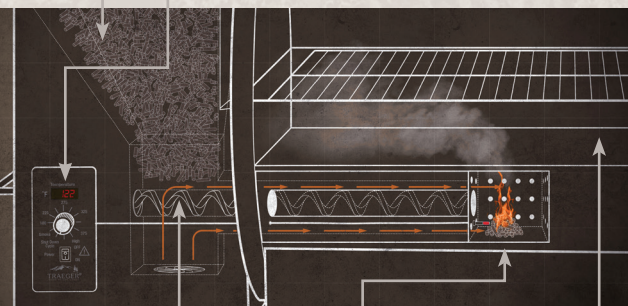

WHEN YOU FIRE UP YOUR TRAEGER, you ignite the power to grill, smoke, bake, roast, braise, and BBQ—you're the master of all trades. From baby-back ribs to wood-fired pizza, smoky mac & cheese and even homemade apple pie, anything you can cook up in your head, you can cook up on your Traeger.

HOW IT WORKS

TRAEGER'S EASE OF USE and dead-simple controls let you focus on what matters: the food, your family, and friends.

1. HOPPER: Place 100% pure Traeger Hardwood Pellets into your hopper

2. CONTROLLER: Turn grill to smoke, which starts your fire, then just like your oven, turn to your desired temperature

3. AUGER: The Auger brings pellets to the fire pot, the higher the temp the faster it moves pellets

4. FIRE POT: The hot rod starts the fire, the fan stokes the fire and creates a convection of smoke spinning around your food

5. DRIP TRAY: Keeps the direct flames off your food while catching food drippings (cover with aluminum foil for easy clean up)

OUR HISTORY

TRAEGER INVENTED THE ORIGINAL WOOD-FIRED GRILL over 25 years ago in Mt. Angel, Oregon, and continues to lead the industry as the worlds #1 selling wood-fired grill, perfected by decades of mastering the craft of wood-fired cooking. A Traeger grill will transform the way you cook because it fires up consistent results every single time. Fuel your hunger for wood-fired flavor with Traeger.
