FALLON TAYLOR

Take a ride on the wild side!
Designed with and inspired by
World Champion Barrel Racer,
Fallon Taylor, this helmet fuses
fashionable western graphics
with an ultralight low profile
design. The Fallon Taylor
transforms a helmet from
a piece of safety equipment
to a fashion statement.

ACCESSORIES

**Velvet
Helmet Cover**
70-130A

Instantly upgrade a schooling helmet to a show helmet look. Universal fit.

Winter Headliner
70-035

Troxel's winter headliner keeps a rider's head and ears warm while riding or at the barn. Simply remove the existing headliner and replace it with the winter liner. One size fits most helmets and head sizes.

**Lycra®
Helmet Cover**
70-131A

Keeps a helmet clean and protected during everyday riding. Universal fit.

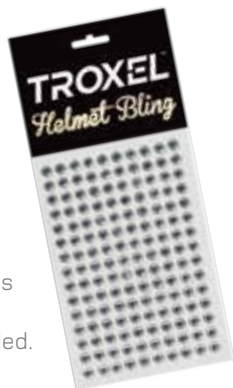

**Water Resistant
Helmet Cover**
70-137A

Cover a helmet's vents or protect a show helmet during inclement weather with the water and wind resistant cover. Universal fit.

Helmet Bling
70-140

Customize a helmet with Troxel's Helmet Bling Package. Self adhesive Acrylic 5MM Rhinestone gems add glitz and sparkle. 450 clear gems included.

NEW

Drawstring Helmet Bag
70-142

Troxel's nylon drawstring backpack style bag is a great way to transport a helmet to and from events.

NEW

Helmet Tote Bag
70-143

Troxel's premium Helmet Tote Bag is a great way to protect and preserve a helmet. With a plush liner, mesh back for ventilation and shoulder strap for easy transport, it's a perfect complement to any helmet purchase.

HELMET SIZE GUIDE

How to choose a Helmet Size

1 Measure

Use a measuring tape to measure around the head one inch above their eyebrows. Or use a string to measure and then lay it out and measure the length of the string.

2 Choose Size

Use this chart to convert measurement to hat size:

| | | | | | | | | | | | | | |
|-------------------------|--------------------------------|-------------------------------|--------------------------------|--------------------------------|--------------------------------|--------------------------------|----|--------------------------------|--------------------------------|--------------------------------|--------------------------------|-------------------------------|--------------------------------|
| Head Size (inches) | 19 ⁵ / ₈ | 20 | 20 ³ / ₈ | 20 ³ / ₄ | 21 ¹ / ₄ | 21 ⁵ / ₈ | 22 | 22 ³ / ₈ | 22 ³ / ₄ | 23 ¹ / ₈ | 23 ⁵ / ₈ | 24 | 24 ³ / ₈ |
| Head Size (centimeters) | 50 | 51 | 52 | 53 | 54 | 55 | 56 | 57 | 58 | 59 | 60 | 61 | 62 |
| Hat Size | 6 ¹ / ₄ | 6 ³ / ₈ | 6 ¹ / ₂ | 6 ⁵ / ₈ | 6 ³ / ₄ | 6 ⁷ / ₈ | 7 | 7 ¹ / ₈ | 7 ¹ / ₄ | 7 ³ / ₈ | 7 ¹ / ₂ | 7 ⁵ / ₈ | 7 ³ / ₄ |

Disclaimer: This conversion chart is a guide only and does not constitute a guarantee as to the fit of the helmet. Some people may have a unique head shape changing what size they need. Some helmets fit different shaped heads better than others.

3 Select a Helmet

Select the helmet model they would like to purchase and review the specific size range available in that model.

FIT A HELMET IN 3 EASY STEPS

1 Try

- A) Open the **DialFit™** if the helmet comes with this feature.
- B) Try on the helmet. It should fit snug but not be uncomfortable.

2 Adjust

- A) Adjust the inner padding by folding under the **FlipFold™** tabs for more or less cushion.
- B) Adjust the slide glides on the straps to sit underneath the ears to form a "V".
- C) Adjust the length of the retention system straps to fit snug under their jaw and use the o-rings to secure the excess.
- D) To fine tune the fit, engage the **DialFit™** or adjust the slider on the elastic bands of the **SureFit™**.

3 Check

With the helmet level on their head, check the fit and straps and make sure the buckle is locked securely.

All Troxel Helmets are ASTM/SEI certified.

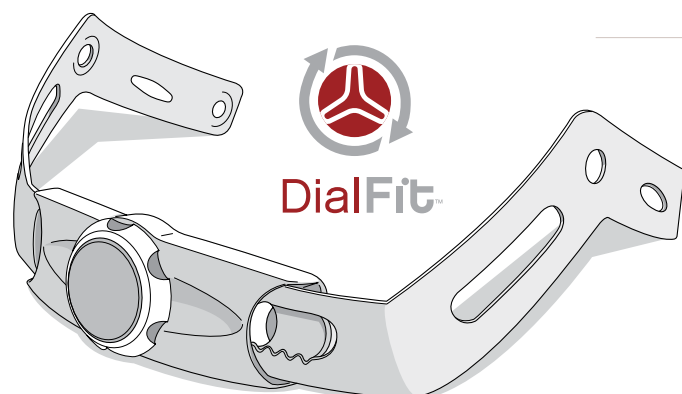

FIT & COMFORT SYSTEMS

Adjustable fit systems provide customers with the opportunity to quickly customize fit. Advantages include: lower inventory requirements and additional helmet room to accommodate unique head shapes and various hairstyles.

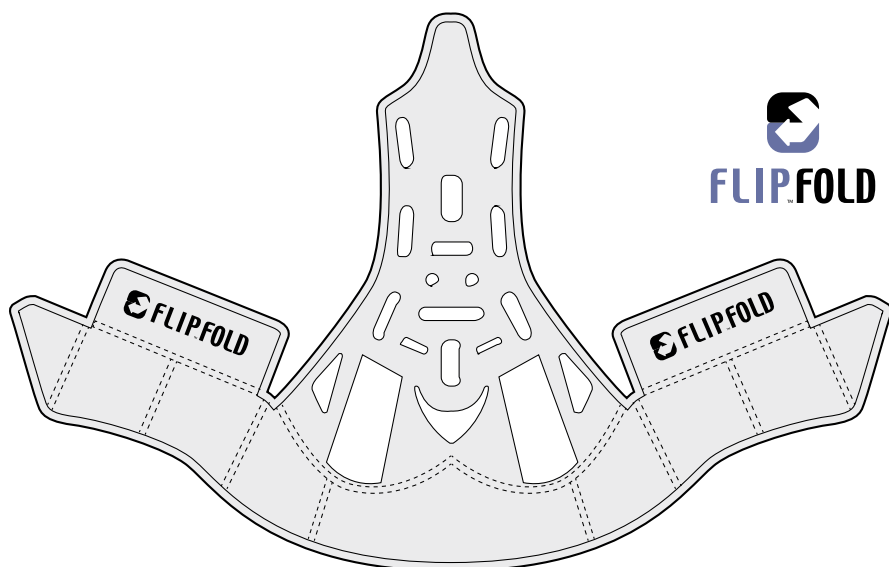

SureFit™ System

The SureFit™ incorporates elastic straps that self-adjust to the size and shape of the rider's head. With ultra-plush padding the SureFit™ provides an unmatched level of comfort and stability. Available in the SureFit™ Elite with leather trim and the SureFit™ Pro.

DialFit™ System

The soft-touch dial permits quick and precise helmet adjustment to stabilize and customize the comfort of the helmet on the rider's head.

FlipFold™ System

The FlipFold™ System is part of the headliner. Adjustments are made by simply folding over the integrated tabs making the padding thinner or thicker to accommodate various head shapes and hairstyles.
