

2021 **INDUSTRIAL REVOLUTION  
DEALER WORKBOOK**

# ABOUT I.R.

Industrial Revolution is the name behind our collection of people, brands, and products that share the singular purpose of making life outside more enjoyable. What began with the iconic UCO Candle Lantern in 1971, has grown to what we are today: home to a broad range of both curated and self-designed products that cleverly solve basic, yet universal needs for outdoor adventure.

By partnering with respected and innovative global brands and forging our solutions where none exist, we've developed a portfolio of must-haves for every retail space. From fire and sustenance to legendary knives and taking better photos our purpose-designed products simply make life outdoors better.

As a privately held company, we choose to model a work/lifestyle that ensures our bottom line is defined by more than numbers alone. We believe that relationships matter, that our people matter and that we must always move forward toward sustainability, wherever we can, simply because it's the right thing to do. This is what makes us who we are.

We invite you to be a part of our Industrial Revolution.

ESTD. **IR** 1971

INDUSTRIAL REVOLUTION

Colton Jacobs Photography

We recognize that not every decision is driven by the bottom line and we endeavor to constantly improve the sustainability, efficiency, and precision of our services & operations.

<b>UCO</b>	UCOWARE	U 01 - U 08

### ADVENTURE-PROOF ESSENTIALS

UCO stands for Utility, Comfort, and Originality. Founded in Redmond, WA in 1971, we bring nearly 50 years of innovation and manufacturing expertise to the outdoor industry. Each of our products is designed with useful features that make your time outside safer and more comfortable. With products like the Original Candle Lantern that offer great functionality and simplicity or the Stormproof Matches that help you survive the elements, we have grown to become a leading brand in lighting and fire-starting for your outdoor, home, and emergency preparedness needs.

OUR BRANDS

### ULTRA-COMPACT TRIPODS & CLAMPS

Few accessories have proven more essential to more people over the years than Pedco's legendary Ultrapod™ tripod. Today, we remain committed to keeping pace with an ever-changing world of optics, electronics, and things to mount them to, by producing a complement of relevant accessories for the world's most compact, affordable, and versatile tripods. From phones and GoPro's to DSLR cameras and GPS's, Pedco keeps the tools you need, where you need them.

# UCO WARE

OUTDOOR MEALS. EVERYDAY.  
UCO Ware is a collection of utensils and mess kits for the modern-day explorer. UCO Ware is hardworking and easy-to-use, anytime and anywhere.

INTRODUCING OUR NEW ECO UCO WARE  
Every year, countless tons of plastic that should be recycled ends up making its way into landfills or, worst of all, entering the environment polluting it for centuries to come.

Continuing our commitment to seeking sustainable solutions, UCO now has an ECO option that gives reclaimed and recycled polypropylene a second life. Post-consumer and post-industrial plastic waste transformed into FDA-Food Safe UCO WARE!

**NEW!**

## NESTING MEAL KIT, 2-PERSON

Our 2-person Mess Kit delivers amazing performance and boasts a refined look and feel. Built entirely from food-safe polypropylene, each kit comes with full-size plates, cups, bowls, Switch Sporks - a 4-in-1 fork, knife, spoon and a mesh carry bag.

- An outstanding value with a premium feel and function
- Includes two each: 12 fl oz. cups, 23 fl oz. bowls, 9 in. plates, Switch Sporks
- Gloss finish with a non-slip topographical graphic; calibrated cups for measuring
- Nesting design packs small
- Dishwasher Safe, FDA-Food Safe, EN approved, BPA-Free, Phthalate Free
- Lifetime Warranty

# LED LANTERNS

Light where you need it. Humans have always navigated by the light of the sun, moon, and stars. With the advent of artificial light, we positioned our indoor lighting above our heads. Why? It was only natural. Activities, obstacles, and changes in terrain become more visible when light emits from above – after all, it’s the way we are hard wired. Our lanterns are designed to be hung, extended, or placed above you, providing a safer, more comfortable way to illuminate your surroundings.

## SPROUT LED LANTERN

- Magnetic lanyard hanging system allows for quick attachment and removal
- Push button activated with variable brightness
- Place lantern on base for traditional use, or elevate from lanyard and hang from tent, tree or other object
- Moonlight (blue LED) mode
- Sprout powered by three AAA batteries
- Patented design

# HEADLAMPS

Ultralight. Precision fit. We got frustrated with headlamps that did everything but stay on our heads. Or worse, they stayed on our heads pinching, pulling, and inducing headaches. Enough of that! You need light. You need your hands. You need to focus on the moment unfolding in front of you. Introducing precision fit headlamps. Ultralight with our fully stitched, customizable, neoprene strap, these headlamps are bright, water resistant, and – most importantly – comfortable. And they stay on your head! No matter where, no matter what, a UCO headlamp will light the way.

# BETA HEADLAMP™

- Powered by 3 AAA batteries (included)
- Sublimated Strap
- Compact and lightweight design for easy storage and transportation
- Designed to keep headlamp close to forehead—reducing weight imbalance—for a more comfortable fit
- Optical lens with independent articulation to direct light where you need it
- Simple button operation brightness adjustment: low, medium, and high

# CANDLE LANTERNS

This is where it all started. A candle, a flame and a clever way to contain it resulted in a product that launched the brand. We know a good thing when we see it and haven't messed with the design. Built to last, the Original Candle Lantern is still manufactured to the exact same specifications as they were in 1971. Lightweight, collapsible, and oh so analog. This proven design has been on more adventures than we can count and is still going strong. We're proud to be the go to candle lantern for emergencies, preppers, campers, backpackers and anyone who appreciates the warming glow of a candle in the outdoors.

## ORIGINAL CANDLE LANTERN

The trusted, time-tested Original Candle Lantern fights dampness and brightens up camp or the backyard. Scratch and chip-resistant powder-coated finish keeps it looking good and we've added a new grey color for fans of a more subdued finish.

- New, popular grey color\*
- 9-hour candle with spring-loaded base for a steady burn
- Lightweight, durable aluminum with powder-coated finish
- Collapses down to 4.25"
- Carry handle, hanging hook & heat shield for safe hanging/carrying
- Twist-lock base makes swapping candles easy

# FIRE STARTING

Wind, rain, snow, sleet, or an unexpected dunk in a river...UCO Stormproof Firestarters light every time. If it sounds like we're bragging, it's because we are. We wrote the book on submersible, waterproof and windproof fire starting. Often copied, never duplicated, UCO Stormproof Matches are the industry standard. From badass matches, to burly fire striker, to renewable strikeable tinder and everything in-between, it's safe to say we can start your fire...no matter what.

## FATWOOD TINDER WITH FIRESTARTING KIT

Combining our Fatwood Stick with a Survival Fire Striker makes this a must-have fire-starting essential. The ferrocerium fire steel is rated for over 3000 strikes and the striker packs the utility of a 5-tool multi-tool for basic service around camp.

- All-natural, high-resin pine makes fire starting easy
- 3000+ strike ferrocerium fire steel quickly ignites fatwood shavings
- Stainless steel multi-tool has 5 functions: flat head screwdriver, can opener, hex tool in 4 sizes, wire stripper and striker
- Paracord lanyard for added convenience and utility in a pinch

# PORTABLE GRILLING

It's no secret that a meal prepared outdoors always seems to taste better. We believe grilling away from home should be convenient and simple. Gone are the days of lugging around a bulky grill that was meant to stay at home on the deck. So, fold up a Flatpack grill, grab some charcoal and get cooking.

**NEW!**

## FLATPACK XL PORTABLE GRILL & FIREPIT

The Flatpack XL is ideal for group cooking and serving as a low-impact fire pit. Built of the same tough stainless steel as our other Flatpack grills, the XL delivers a full 320 square inches of grilling surface and will accept firewood up to 18" long for a proper fire.

- Extra-large size, serves 6-8 people (20"x16"x7.5"), ideal for group cooking and campfires
- Includes charcoal insert tray
- Folds to less than 2" thick for easy packing
- Quick 30-second setup/breakdown; canvas carry case included
- Safely contains a low-impact, above-ground fire
- Durable, rust and corrosion-resistant stainless steel

# ICE CREAM BALLS

Let the good times roll. The softshell exterior makes it fun to shake, roll, and play your way to a pint of delicious ice cream in about 20-30 minutes. Wide, shallow canister makes it easy to mix ingredients and scoop out ice cream. The built-in handles make opening the ends easy; flip back the handle and lay it on the table to allow easy access to stir ingredients or scoop out ice cream. Constructed from safe, BPA-free materials. Also includes a Pure & Simple Recipe booklet.

## ICE CREAM BALL

A surprisingly fun and easy-to-use ice cream maker! Just add natural ingredients that are as simple as cream, sugar, and vanilla in one end then add ice and rock salt in the other end. The softshell exterior makes it fun to shake, roll, and play your way to a pint of delicious ice cream in about 20-30 minutes. Flip back the handle and lay it on the table to allow easy access to stir ingredients or scoop out ice cream.

# MOUNTS

Our mounts are designed to quickly and securely attach your most important devices - lights, cameras, smart phones, etc., to a standard tripod thread or solid surface. These proven mounts feature unique ball and socket swivels and robust spring activated vises for nearly unlimited angle adjustability. At Pedco, it's all about confidently finding that perfect POV needed to capture the story or finish the job.

Colton Jacobs Photography

**NEW!**

## PHONE MOUNT

The ultimate add-on to any tripod sale, the Pedco Phone Mount opens up a whole new world of options for smartphone photographers. Compatible with any UltraPod (or other mount with a standard 1/4" x 20 male screw), the Phone Mount is compatible with most smartphones (up to 3.5" wide). A spring-loaded, no-slip grip secures phones for timelapse, long exposures and yes, even selfies.

- Universal, spring-loaded arms accommodate phones up to 3.5" wide
- Anti-slip rubber interior grips phones securely
- Compatible UltraPods or any standard 1/4" x 20 male screw mount
- Dual mounting holes allow positioning in portrait and landscape orientation
- Use with UltraPod tripods for the ultimate in portable tripod utility

## MAGNETIC ULTRAMOUNT

A portable magnetic mount that supports small cameras, camcorders, optic scopes, and other devices with a 1/4-20 thread. The ball mount has a simple, one-adjustment knob for quick and accurate multi-directional control so that the camera can be positioned at almost any angle. Not recommended for use with DSLRs or other heavy devices.

- Magnetic mount, with 50 lb. straight pull, securely attaches to magnetic surfaces
- Positions device at any angle
- Fits any device with a 1/4-20 tripod socket
- Extremely tough clamp head and knob and aluminum threaded components provide years of durable use
- Includes optional sticker for base of magnet to minimize the potential to scratch or damage surfaces
- Ideal for use with small cameras, camcorders, optic scopes, etc
- Made in the USA

# CLAMPS

UltraClamps are designed for many diverse tasks. Police agencies have used them to film detonating explosives from the side of a protective shield. Racecar drivers have placed them on roll-bars to film their laps and motorcyclists and bicyclists have attached them to their bikes. The UltraClamp can be secured to something as thin as a rolled-down car window or as thick as a 4" tree branch. A powerful thumb knob and robust aluminum body provide secure attachment for your expensive devices. Wherever you find yourself, the UltraClamp will help you achieve the perfect vantage point.

## ULTRA CLAMP

Attaches to round or flat objects up to 1.5" (3.8 cm) thick and is strong enough to support most cameras, spotting scopes, and camcorders. Utilizes the same ball and socket mount found on UltraPod 3.

- Attaches to objects up to 1.5" thick
- Fits standard 1/4"-20 tripod socket
- Durable, aluminum clamp body and screw
- Injection-molded, thermoplastic nylon resin clamp head and knobs
- Positions device at any angle
