

PlastiKote®

THE PERFECT FINISH

PRODUCT CATALOG

THE #1 CHOICE OF PROFESSIONALS

Twist your way to a better spray

PlastiKote® Premium & Specialty Paints with Easy-Spray Technology helps your painting projects go smoother and look better.

Unlock the innovative cap with one easy twist, and you're ready to go — no accidental sprays or tops to mess with.

Paint comfortably and accurately with the large finger pad that reduces effort by 33% and nozzle that sprays evenly at every angle for smooth coverage in tough-to-reach spots.

PlastiKote has made it easier than ever to get The Perfect Finish™. Explore a wide variety of colors, finishes and primers with the Easy-Spray Technology for your next project.

At PlastiKote, The Perfect Finish is our business — it's what you expect, and what we're committed to deliver. Our family of premium aerosol paints and coatings are preferred by professionals and designed to provide perfection.

Since its arrival in 1923 as a clear coat product eliminating the need for wax on linoleum, the PlastiKote brand has been focused on finding new ways to make things better. Today, that translates into continuing to develop leading-edge formulations and solution-specific products that meet demanding or unique requirements, environments or surfaces.

As part of the Valspar® Corporation, the PlastiKote brand benefits from the global footprint and research and development capabilities of one of the world's leading coatings manufacturers. Valspar paints protect and beautify some of the world's most recognizable structures, and well-known brand names trust it for their needs.

Give your next project The Perfect Finish with PlastiKote.

2518 Gray Sandable Primer

2519 Red Oxide Sandable Primer

SANDABLE PRIMER

- Top coats look smoother and last longer when applied over PlastiKote® Sandable Primer
- Provides strong adhesion and resists rust when applied to bare metal, and works well under lacquer, enamel or acrylic top coats

T-234 Red Oxide

T-236 Black

T-235 Gray

T-237 White

PAINT & PRIMER SEALER

- Excellent for sealing weathered vehicle paint prior to top coat application
- Seals Sandable Primer and Spot Filler & Primer products
- Provides superb top coat adhesion and a smoother surface, which produces a glossier top coat finish
- Top coat with any PlastiKote automotive paint

468 Gray

SPOT FILLER & PRIMER

- Quickly covers nicks and scratches
- The smartest way to prepare metal or wood surfaces having minor damage
- Successive applications build up quickly to the desired level
- Preparation is easy because no excessive sanding or scraping is required

464 Black

466 Gray

465 Red Oxide

FLEXIBLE SPOT FILLER & PRIMER

- All the same characteristics of Spot Filler & Primer with the addition of being flexible
- “High-build” primer with excellent adhesion for semi-rigid and flexible plastics
- Successive applications build up quickly to the desired level
- Preparation is easy because no excessive sanding or scraping is required

467 Gray

PLASTIC PRIMER

- Adheres to most automotive plastics
- For use on car interior pieces such as dashboards, consoles, etc., or on exterior pieces such as flexible bumpers, trim and molding to provide excellent adhesion

469 Clear

ETCHING PRIMER

- Our best bare metal primer
- Chemically bonds to ferrous and non-ferrous metals
- Etches and primes in one coat
- Sandable
- Provides a perfect surface for Spot Filler & Primer or top coat colors
- Can be used on most rigid plastics, steel, aluminum and stainless steel

470 Gray

ZINC RICH PRIMER

- This Cold Galvanizing primer provides maximum rust prevention on bare metal
- Also covers existing rust and can be used as a Weld Thru primer
- Provides an excellent, NON-SANDABLE surface for any PlastiKote automotive top coat

471 Gray

ANODIZIT™ BASE COAT

- For tarnished metal, non-metal or previously painted items, apply PlastiKote AnodizIT™ silver base coat followed by a coat of red or blue top coat for a newly anodized appearance

100 Silver Base Coat

ANODIZIT™ TOP COAT

- Provides a red or blue anodized look to new or untarnished metal

101 Red

102 Blue

CUSTOM COLOR UNIVERSAL BLEND

- Precharged with propellant and solvent blend
- User adds custom blended paint concentrates with manual paint filler
- Compatible with enamel, lacquer, vinyl and acrylic urethane paints

865 Custom Color

BRAKE CALIPER PAINT

- Lets you customize your ride with hot colors made to take the heat!
- 500 °F coating that is chemical, chip and rust resistant
- For use on brake calipers and drums; also for use on external engine surfaces and bolt-on components

CP-250 Bright Yellow

CP-251 Bright Red

CP-252 Bright Blue

CP-254 Hi-Gloss Silver

Part No. 290
Spray Silicone

CHASSIS & GRILLE GUARD

- Chassis & Grille Guard Paint is an Epoxy Paint that sprays on evenly and dries to a factory-like finish
- Our super-tough Epoxy Paint resists cracking, chipping and peeling
- This versatile finish is great for use on prepared metals such as vehicle frames, roll bars, grille guards, etc.
- Shrugs off ordinary stains and is not affected by moisture

191 Gloss White

193 Gloss Black

194 Satin Black

BUMPER PAINT

- Application-specific formulation
- Gives a rich, satin finish that will revitalize faded, weathered rubber bumpers and side panel trim

614 Gray

616 Black

CHROME BUMPER PAINT

- The ideal combination to renew and refinish chrome and rubber trim
- Produces a chrome-like finish perfect for chrome bumpers, grilles, hub caps and accessories

615 Bumper Chrome

ENGINE ENAMEL

- Restorers' choice for over 75 years
- Easy to use and dries to an extremely rugged, high heat-resistant finish
- Repeated exposure to engine heat up to 500 °F will fuse engine enamel to the surface to increase bonding strength
- Fully resistant to oil and gasoline, it will not weaken, crack, lift or peel
- Color choices are exact matches to original engine manufacturer standards
- The answer for engine restorations and similar applications where a tough, high-heat finish is required

312 Green

313 Burgundy

REBUILDER'S CAST FINISH

- Fast-dry formulation resists oil, brake fluid and gasoline, and retains color up to 300 °F
- #282 Cast Aluminum can be used on alternators, transmission housings, water pumps, etc.
- #285 Cast Gray is perfect for brake master cylinders, engine blocks, idler arms and brackets, and many more cast iron parts

282 Aluminum

285 Gray

RUST CONVERTER

- Non-toxic, environmentally safe
- Organically converts rust to an iron-hard, paintable surface
- Non-flammable, contains no hazardous chemicals
- No bleed-through staining of subsequent top coat paints
- No bubbling or foaming

Part No. 623 – 8 oz
624 – 16 oz

TRIM PAINT

- Application-specific formulation
- Fast-dry, exact-match satin black coating for trim items such as side mirrors, windows and windshield trim
- Trim Paint can also be used on exterior plastic molding

611 Trim Black

Undercoat

UNDERCOATING

Professional and Rubberized:

- This coating provides durable protection against rust, corrosion, moisture, fumes, dust, heat and cold
- Flexible, non-asphaltic coating contains no asbestos fiber

Professional only:

- An effective sound barrier to reduce road noise

TRUNK PAINT BASE COAT

- Multicolor spatter finish renews and protects interior trunk surfaces
- This unique product quickly and easily covers blemishes, scratches and nicks; it is abrasion and mar resistant
- Available in a variety of OEM color combinations

500 Gray-White

501 Black-Gray

502 Dark Green-Aqua

503 Gray-Black-White

TRUNK PAINT TOP COAT

- Provides a durable, moisture-resistant sealant to be used over PlastiKote Trunk Paint Base Coat
- Gives a professional, semi-gloss finish and protects Trunk Paint Base Coat from moisture

505 Clear

VINYL PAINT

- Adds fresh new color, life and beauty to your vinyl surface
- This unique paint formulation actually fuses to the original vinyl surface and forms a permanent bond
- Flexible paint that won't crack, chip, chalk, peel or rub off
- Will stand up to the roughest wear and tear for years
- Use it on car seats, dashboards and door panels

WHEEL PAINT

- Specially formulated to provide a tough, long-lasting finish that resists scratches and nicks, and will not tarnish, weather or rust
- This extremely durable finish is also excellent for hub caps, grilles, auto trim, motorcycles and bikes

WRINKLE PAINT

- Sprays on a black textured finish
- The perfect finish for air cleaners and valve covers

CAR COLOR

- OEM exact color-matched program ensuring The Perfect Finish
- Fast-drying, durable acrylic lacquer paints
- Color coverage for the last 20+ years of the most popular makes
- 16 oz. can size
- Specially formulated primers and clear coat to help ensure professional results when 3-step process is followed

SCRATCH KIT

- Revolutionary all-in-one scratch repair kit
- Includes all that is required for a professional finish
 - Sanding tool
 - 2-in-1 paint applicator (nib/brush)
 - Primer and clear coat
 - Polishing tool
- OEM exact color-matched program ensuring The Perfect Finish
- 80 OEM colors
- Fast-drying, durable acrylic lacquer paints
- Tamper-resistant security seal

SCRATCH REPAIR PEN

- OEM exact color-matched program ensuring The Perfect Finish
- Color coverage for top 23 best selling car colors
- Fast-drying, durable acrylic lacquer paints
- 2-in-1 paint applicator (nib/brush)
- Tamper-resistant security seal

TRUCK BED LINER

TRUCK BED LINER KIT

- Extends truck bed life
- Prevents rust and scratches
- Durable recycled texture
- Unique water-based formula dries to a tough, hard, non-skid surface that will not warp or crack and is gasoline resistant
- Package contains:
265G Truck Bed Liner Gallon,
Roller Frame and Cover, Scuff
Pad, Roller Tray and Brush

Part No. 265GK

TRUCK BED LINER Aerosol

- Permanently bonds to the surface; resists abrasion; and has textured, non-skid recycled rubber granules to help prevent slips and falls
- Truck Bed Liner's flexible, textured surface minimizes cargo slippage, resists fading and withstands extreme hot or cold temperatures
- Unique formula dries to a tough, hard, non-skid surface that will not warp or crack and is gasoline-resistant
- Touch up at any time

Part No. 264 Black

TRUCK BED LINER Gallon

- Versatile application with this easy-to-use material that can be rolled, brushed or sprayed on
- Water-based formula
- One gallon covers a full size pick-up bed
- Quick dry
- Do-it-yourself application
- Impact-resistant finish
- Use on OEM factory-painted truck beds

Part No. 265G

2K EPOXY COATINGS FOR CONCRETE
