EVERY WEAPON YOU NEED TO PROTECT YOUR LAWN.

Sweeney's®, a leading manufacturer of mole, gopher and nuisance wildlife control products, was founded in 1892 by W.R. Sweeney. A skilled pharmacist, Mr. Sweeney invented a mouse killer that was so effective the Sweeney's® brand was expanded to include additional rodent control products. Since then, determined to help homeowners win the war on unwanted backyard invaders, Sweeney's® brand has expanded and includes an array of mole and gopher traps, repellents, poisons and nuisance wildlife repellents.

Early in 2012, Senoret Chemical Corporation was acquired by Woodstream Corporation, a leading manufacturer of quality-branded rodent control products, caring control products for pets and wildlife, natural solutions for lawns and gardens, wild bird feeding products and outdoor living décor. With a history of more than 100 years of excellence, growth and innovation, Woodstream has built a strong market presence through organic growth and strategic acquisitions.

Browse Sweeney's® line of mole and gopher products and nuisance wildlife repellents at www.wrsweeney.com.

POISONS

Poison Moleworms™

S6009 - 6 PER CASE

- Active Ingredient: Bromethalin
- Quickly and effectively kills moles
- Uniquely formulated to be palatable to moles
- Looks and feels like real earthworms, a main food source for moles
- For use in underground runways or subsurface feeding tunnels
- Easily locate active runways with active tunnel locator flags
- Simple-to-use—just drop bait into holes in roof of tunnel
- Safe to handle—protective glove prevents contact with bait
- Do not place in areas accessible to children and pets
- 10 poison moleworms™, 5 active tunnel locator flags, 1 protective glove included
- Made in the U.S.A. 

Poison Peanuts Bait

S6006 - 12 PER CASE

- Active Ingredient: Zinc Phosphide
- Quickly and effectively kills moles and gophers
- Uniquely formulated to be palatable to moles and gophers
- For use in underground runways or subsurface feeding tunnels
- Easy-to-use— just drop bait into holes in roof of tunnel
- Cone-tip design for punching holes and applying the bait
- Do not place in areas accessible to children and pets
- 6 oz. container
- Made in the U.S.A. 

TRAPS

Deadset® Mole Trap

S9015 - 6 PER CASE

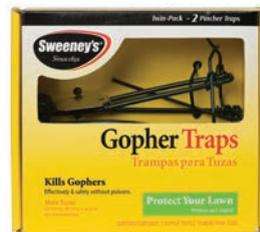

- Incredibly easy to set
- Patented triggering system
- Precision built trap is triggered by slightest underground movement
- Ergonomically designed, easy grasp handle
- Equipped with a trap release lever to disengage activated trap
- Spears are located below the ground surface, safely away from children and pets
- No chemicals or poisons
- Reusable
- Weather-resistant

Mole Trap

S9011 - 6 PER CASE

- Plunger-style mole trap
- All steel construction for superior strength and durability
- Equipped with safety pin for secure and safe operation
- Spears are located below the ground surface, safely away from children and pets
- No chemicals or poisons
- Reusable
- Weather-resistant
- Made in the U.S.A. 

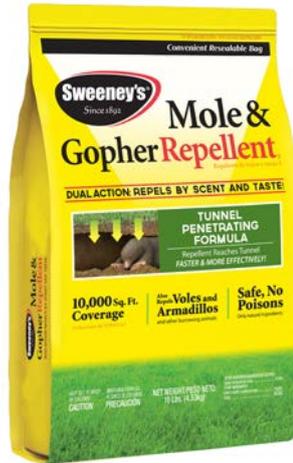

Gopher Traps - 2 Pack

S9013 - 12 PER CASE

- Pincher-style gopher trap
- Designed to be placed in the run or down the mound opening
- All steel construction for superior strength and durability
- Powder coated for long lasting application
- Moving parts are kept completely below the ground surface, safely away from children and pets
- No chemicals or poisons
- Reusable
- Weather-resistant

GRANULAR AND LIQUID REPELLENTS

Granular Repellent - 10LB

S7002-2 - 4 PER CASE

- Quickly repels moles, gophers, voles, armadillos and other burrowing animals
- Dual Action: Repels by scent and taste
- Tunnel Penetrating Formula: penetrates soil allowing repellent to reach tunnels quickly
- Provides 10,000 sq. feet of coverage
- Easy-to-apply
- Safe to use in gardens, on lawns and around children and pets
- All-natural ingredients, no poisons
- Convenient, resealable bag
- Made in the U.S.A. 

Granular Repellent - 4LB

S7001-1 - 6 PER CASE

- Quickly repels moles, gophers, voles, armadillos and other burrowing animals
- Dual Action: Repels by scent and taste
- Tunnel Penetrating Formula: penetrates soil allowing repellent to reach tunnels quickly
- Provides 2,000 sq. feet of coverage
- Easy-to-apply
- Safe to use in gardens, on lawns and around children and pets
- All-natural ingredients, no poisons
- Convenient, resealable bag
- Made in the U.S.A. 

Repellent Spray

S8002 - 6 PER CASE

- Quickly repels moles, gophers, voles, armadillos and other burrowing animals
- Provides 10,000 sq. feet of coverage
- 100% castor oil contaminates moles' underground food source
- Easy-to-apply
- Safe to use in gardens, on lawns and around children and pets
- All-natural ingredients, no poisons
- Hose end application
- Made in the U.S.A. 

SONIC SPIKE REPELLENTS

Sonic Spike™

S90121-4 - 4 PER CASE

- Moles and gophers are chased away unharmed
- Easy-to-use removable battery chamber
- Will not harm pets
- Spike covers up to 7,500 sq. feet
- Sonic pulses emitted every 30-seconds
- Spike operates in a circular pattern, approximately 95 ft. in diameter
- Mow over design - bury flush with the ground
- Reusable and waterproof

Sonic Spikes™ - 2 Pack

S9012 - 6 PER CASE

- Moles and gophers are chased away unharmed
- Easy-to-use removable battery chamber
- Will not harm pets
- 2 spikes cover up to 15,000 sq. feet
- Sonic pulses emitted every 30-seconds
- Spike operates in a circular pattern, approximately 95 ft. in diameter
- Mow over design - bury flush with the ground
- Reusable and waterproof

Solar Powered Sonic Spike™

S9014 - 12 PER CASE

S9014-4 - 4 PER CASE

- Moles and gophers are chased away unharmed
- Solar powered, no batteries required
- Will not harm pets
- Spike covers up to 7,500 sq. feet
- Sonic pulses emitted every 30-seconds
- Spike operates in a circular pattern, approximately 95 ft. in diameter
- Mow over design - bury flush with the ground
- Reusable and waterproof

Solar Powered Sonic Spike™ Pro

S7915R - 4 PER CASE

- Moles and gophers are chased away unharmed
- Solar powered, no batteries required
- High quality metal spike
- Dual pulsing and vibrating technology
- Spike covers up to 13,500 sq. feet
- Sonic pulses emitted every 30-seconds
- Spike operates in a circular pattern, approximately 130 ft. in diameter
- Mow over design - bury flush with the ground
- Reusable and waterproof
