80-0723 Flex Foam Liner Only

### Black Leather with SBR Neoprene Liner

80-0724 Large (Shell, Liner and Nosepiece)

80-0725 SBR Neoprene Liner and Nosepiece

Both liners are easy to change.

The Flex Foam Liner features easy-to-clean channels that trap dirt and grime.

## Pro Secret for a Clean Neckline

IN TWO OPTIONS FOR THE PERFECT SWEAT

SBR Neoprene Liner provides maximum heating potential for effective results.

*"There's an advantage in the ring to a clean, attractive neckline. That's why I'm so adamant about the use of neck sweats. The interchangeable liners on this sweat are easy to remove and replace. I especially like the Flex Foam liner because of the unique collection channels that draw all the dirt and grime away from the animal's skin."*

## **The Key to Building the Perfect Leg: Stierwalt ProEnhancer Hair Follicle Builder**

1. With adhesives alone, gaps and holes may remain in the leg hair that prevent a balanced appearance.
2. ProEnhancer sprays on evenly and increases the volume and diameter of individual hair follicles to create a solid, full look and prevent see-through.
3. Quick drying action allows ProEnhancer to be easily clipped and covered with touch up paint for a show ring-ready look.

**Show** - The gentle design is perfect for both thick and thin coats of cattle to invigorate the hair follicles and skin to promote hair growth.

**Fluffer** - For show day fitting or daily use at home, the longer teeth reach down to stimulate the undercoat while the shorter teeth help fluff longer top hairs for greater pop and bloom.

**Skip Tooth** - Ideal for thicker hair, the teeth on these combs are gentle on the hair coat for reduced hair loss.

**Blunt Tooth** - Wider diameter on teeth makes these combs easy and gentle on the hair coat.

**Blunt Tooth Fluffer** - Longer teeth to stimulate the hair coat and shorter teeth for pop and bloom, these combs feature wider diameter teeth for gentleness to the hair coat.
