It's all about the **DETAILS.**

Signature Design Offers a Bitless Option for Improving Communication Between Horse and Rider

"I'm pleased to work with Weaver Leather to bring you my signature bitless bridle that offers the perfect combination of control for the rider and comfort to our equine partners. I believe horses, and our relationships with them, thrive when we use a more natural approach."

Justin Dunn

Justin Dunn Bitless Bridle

Starting with top quality Hermann Oak® russet harness leather, this bridle is handcrafted using the finest materials and workmanship. We worked closely with Justin on this gentle yet effective design that improves communication between horse and rider by asking horse to respond to pressure instead of force. The nose is constructed from premium tan rope with two strategically placed knots that encourage horse to give to pressure and seek release. With rawhide loops at crown, non-rust stainless steel cart buckles at cheeks, and extra strong kangaroo lace ties at bit ends, this bridle looks as great as it performs. Horse size.

10-0296

NEW     

About Justin

An avid rider since childhood, Justin now resides in Guffey, Colorado where he trains horses and mules and operates an outfitting and trail riding business. He takes visitors on trail rides and overnight pack trips as well as conducts horsemanship clinics. All Justin's horses are managed utilizing bridles that give riders excellent control and provide horses with unparalleled comfort. He regularly offers training sessions for riders interested in switching from a traditional to a bitless bridle.

Nighthawk Ranch
For Children with Cancer

All Purchases Will Benefit Nighthawk Ranch

A portion of the proceeds from the Justin Dunn Bitless Bridle will go to Nighthawk Ranch, a camp for youth battling cancer. Located in Justin's hometown of Guffey, Colorado, Nighthawk Ranch is a place where kids and teenagers ages 10-18 are able to experience ranch living and develop skills that show them just how capable they are.

Working Cowboy Collection

- Weighted harness leather offers exceptional feel
- Extra heavy harness leather is dipped in oil, dressed with saddle butter and hand rubbed for the ultimate in performance and a rich golden chestnut color

The Best of Webbing and Rope Halters

Better Control. Better Leverage. No Switching Halters.

Patent-Pending HYBRIDHalter®

Invented and designed by equine educator Kalley Krickeberg, the unique, patent-pending HYBRIDHalter® combines the effectiveness of a rope halter with the safety of a webbing halter, making it the perfect solution for any horse owner.

Top quality webbing construction boasts a rolled webbing chin and a rope nose with knots that are precisely placed for better control and to encourage lightness. Unique, universal design will not torque the horse's sensitive head and poll region or twist into the animal's eyes. Lunging and groundwork are made easier with a sliding ring under the chin that allows the halter ring and the snap of your rope to slide a full 180 degrees so there's no need to change sides of the halter when changing direction of travel. The HYBRIDHalter's unique design has decreased surface area, making it harder for horse to push, pull or drag handler around. Suitable for cross tying, trailering, groundwork training, and everyday use.

35-7644 1" Small Horse or Weanling Draft

35-7645 1" Average Horse or Yearling Draft

35-7646 1" Large Horse or 2-Year-Old Draft

NEW   

 Black (BK)

 Red (RD)

 Purple (PU)

 Hurricane Blue (HB)

"I believe the HYBRIDHalter® is the best of both worlds, with a few bells and whistles neither a webbing or a rope halter alone can offer, which helps the horse understand pressure easier, and give a willing and light response."

Kalley Krickeberg

About Kalley

A lifelong horse trainer and rising social media icon, Kalley keeps a string of horses in training and spends her days in the saddle training and teaching others how to be more effective with their own horses. Her horse training philosophy is summarized by the words "Be Fair. Be Deliberate. Be Graceful." Kalley is also the horse training columnist for the American Paint Horse Association's lifestyle publication CHROME and the producer and presenter in a full range of training DVDs where she shares her unique training methods.

Trailer Grooming Bags

Grooming essentials will be neat and organized with this convenient hanging 600D polyester bag in on-trend patterns. With a variety of open and zippered mesh pockets and padded compartments, this design is perfect for storing brushes, combs, bottles, cans and more. Great for use in barns, stalls and trailers to keep supplies close at hand. Straps feature hook and loop closures for easy hanging. Measures 23" W x 39" H.
