

WOOSTER[®]

DUST EATER[™]

Devour the Last Step in Prep

Right before painting, the surface needs to be as clean as possible. The new Dust Eater from Wooster is the ultimate drywall cleaning tool. Specially treated yarn, double-sewn into a flexible vinyl backing, captures drywall dust, sawdust, cobwebs, and pet hair. Wherever dust lands, it gobbles it up.

The Dust Eater has a distinct triangular shape to quickly cover large surfaces and still reach into corners—great for walls, ceilings, baseboards, and smooth floors (hardwood, tile, vinyl, linoleum). The base is made of Wooster-quality fiberglass reinforced nylon for durability. To clean, simply shake it out then store in the reusable zip-seal package. Feast on the speed and effectiveness of the Dust Eater.

DUST EATER

- Specially treated material attracts and holds dust for powerful, long-lasting pickup
- Unique 16" triangular shape to cover large surfaces and reach into corners
- Stable 360° pivot for full surface contact, won't flip or gouge wall
- Use with extension poles, including Sherlock GT[®]
- Refill base with the 1805 mop head
