The Best Quality Shower Heads ...

**... and Hand Shower Systems
featuring the BUNGY shower hose!**

SaverShower™
Solid Brass High Velocity Shower Heads in 3 Flow Rates
All Brass Parts Machined, Plated & Assembled in the U.S.A.
New *Ultra Savers* provide greater savings and a great shower
with pressure compensating flow regulators.

the original SaverShowers™

SS1C	the original 1" SaverShower shower head	10	10.96
DS1C	Std. Designer 1-1/2" SaverShower	10	14.96
DS2C	Dlx. Designer SaverShower w/ push button	8	21.46
DS2C-BP	Dlx. Designer SaverShower, polished brass	8	38.96
DS2C-SN	Dlx. Designer SaverShower, satin nickel	8	38.96

Original design - provides great rinsing force and an invigorating wet feeling spray using only 2.2 GPM at normal pressure (50 psi), 2.5 GPM Max at 80 psi. Consistently rated best in independent tests - including four straight best in class ratings by Consumer Reports. Great for low pressure areas. 100% Made in the USA of solid brass and chrome plated, includes alternate spray disc for low pressure and consumer satisfaction guarantee.
"No one makes shower heads the way we make SaverShowers!"

Ultra 1.9 GPM SaverShower™

USP19C	Std. Ultra 1.9 GPM SaverShower	10	14.46
USP29C	Dlx. Ultra 1.9 GPM SaverShower w/ push button	8	20.96

Combines strong SaverShower spray with new pressure compensating flow regulator that limits flow to 1.9 GPM over a range of water pressures. Provides invigorating, wet feeling spray conical spray pattern of perfectly sized droplets for a forceful, invigorating and very wet feeling spray. Saves over 20% more than other water saving showers, complies with all Water Sense guidelines for water and energy conservation. Made in the USA of solid brass and chrome plated, provides consistently great performance in both low pressure and high pressure areas.

Ultra Saver™ 1.5 GPM Shower head

USB3C	Std. Ultra Saver 1.5 GPM shower	8	11.46
USB4C	Dlx. Ultra Saver 1.5 GPM shower w/ push button	8	15.46

The lowest flow rate available that still gives a good, invigorating shower. Uses only 1.5 GPM maximum flow over a range of water pressures up to 80 psi. Provides much stronger spray than other 1.5 GPM showers, complies with all Water Sense guidelines for water and energy conservation. Made in the USA of solid brass and chrome plated.
Maximize your water and energy savings without sacrificing shower comfort!

Hand Shower Accessories

All components of our hand shower systems are available individually for repair or addition to current systems.

bungyTM stainless steel stretch shower hoses

AF205C	59" to 80" Bungy SS Stretch shower hose	10	19.96
AF205C-N	59" to 80" Bungy shower hose, nickel	10	33.96
AF206C	78" to 100" Bungy SS Stretch shower hose	8	24.96
AF206C-N	78" to 100" Bungy SS Stretch shower hose, nickel	8	35.96

The original stretchable shower hose. Flexible stainless steel outer shell surrounds special EPDM inner hose creating a strong yet extremely flexible shower hose that stretches for greater tub area coverage, hangs straight and looks great.

SuperFlexTM shower hoses

AF105C	59" SuperFlex shower hose, white	10	12.46
AF106C	96" SuperFlex shower hose, white	8	18.96

Strong and flexible white shower hose with brass barbs for extra strength. Standard 1/2" chrome plated brass connections, including conical nut with o-ring, works with all hand shower systems. Available in 59" and 96" lengths

Hand Shower Brackets and Diverters

AF108C	swivel arm bracket for hand showers, white	6	5.96
AF208C	swivel arm bracket for hand showers, chrome	6	6.96
AF208C-N	swivel arm bracket for hand showers, nickel	6	16.96
AF218C	swivel arm bracket w/ brass ball, chrome	6	11.96

Installs easily on any standard shower arm and allows you to use a hand shower just like a wall mount shower. Available in white or chrome, made of high impact resistant ABS, swivels to allow easy change of shower direction.

AF117C	3 position wall bracket for hand showers, white	6	4.96
AF217C	3 position wall bracket for hand showers, chrome	6	6.46
AF217C-N	3 position wall bracket for hand showers, nickel	6	9.96

Three positions allows you to direct the shower spray where you want it and at any height you choose, or use more than one to have a choice of shower heights. Available in white or chrome finish, they install easily on any shower wall surface with either double faced tape or screws and anchors, both provided.

AF109C	shower arm diverter, push button, chrome plastic	6	6.56
AF110C	shower arm diverter, lever style, chrome brass	6	16.96
AF113C	3 Way shower arm diverter, white	6	9.96
AF213C	3 Way shower arm diverter, chrome	6	11.46

Traditional diverters allow you to add a hand shower to your current shower and use one or the other. 3 Way Diverter allows both showers at the same time

AF212B	24" Glide Rail for hand shower w soap dish, chrome	4	49.96
AF212B-N	24" Glide Rail for hand shower w soap dish, nickel	4	79.96

24" Glide Rail allows user to easily adjust the height of the shower, installs with screws and anchors, drilling is required. Includes soap dish, available in chrome or nickel finishes.
