CARRY-HOME® COVERALL®

THE ORIGINAL CONSUMER SHEETING

The strength and durability of plastic sheeting is governed by its thickness. If you get thinner plastic, you have weaker plastic. You know you get full weight, full measure and full strength when you buy Warp's Carry-Home Coverall plastic sheeting.

Warp's Coverall is the Original Top Quality plastic sheeting, sold through dealers since 1954. Warp's is the originator of the handy 10' x 25' Carry-Home consumer roll. Millions of rolls have been used by do-it-yourselfers and contractors for projects large and small. Tall roll displays well, has fewer folds for easier use.

Specify "Warp's Coverall," the original Top Quality, Full Weight consumer plastic sheeting!

Warp's Genuine **Top Quality** Plastic Sheetting is Always **Guaranteed Full Weight and Full Measure!**

AVAILABLE IN **CLEAR OR SUN-RESISTANT BLACK** IN THESE MIL GAUGES:

Standard Weight: 2 mil

Perfect for light covering jobs, drop cloths, furniture covers, masking.

General Duty: 3 mil

Improved linear tough plastic sheeting designed for general duty service at an extremely attractive price point.

Heavy Duty: 4 mil

The most popular Carry-Home thickness. Tough, for tear resistance and long life. Many different sizes are available.

Extra Heavy Duty: 6 mil

Super tough, resists abrasion. Use as vapor barrier under concrete, as a tarp or material cover outdoors, other tough applications.

Sun-Resistant Black

In outdoor applications, Warp's Sun-Resistant Black Carry-Home Coverall will provide longer service than clear.
