## Xpanse® Vinyl & Aluminum Railing

The railing system you choose can have as much impact on your backyard design as your decking material. That's why we created Xpanse Railing – a low-maintenance railing solution with lasting beauty and rugged durability.

Packaged in a complete kit with step-by-step instructions, Xpanse Railing is easy to install. Our transferable limited lifetime warranty, one of the industry's strongest, provides tremendous peace of mind to both the installer and the homeowner.

As one of the leading manufacturers of commercial and residential rail products, Xpanse offers a diverse selection of products and colors at multiple price points. Explore the great outdoors with Xpanse.

# Define a Distinctive Space

**panse**  
Greater Outdoors.®

p. 6

## **Xpanse® Premier Series**

Xpanse Premier Series rail is made with Compositore®, a precision-engineered polymer that contains no wood fibers or components, making it the most water-resistant core available. Compositore won't absorb moisture, rot, cup, warp, decay, or bow, and will resist mold and fungus. With an extensive selection of posts, tops and base trims, Premier Series railing can unlock the potential of any deck, balcony, porch, or yard.

p. 14

## **Xpanse® Select Series**

Made of high performance vinyl reinforced with aluminum, Xpanse Select Series railing is as durable as it is beautiful. This stylish railing system is also code compliant to meet safety requirement needs.

p. 22

## **Xpanse® VersaRail™**

Xpanse VersaRail Aluminum Railing is an easy-to-install system of high quality aluminum rail that adds style and sophistication to your outdoor living space. Its low-maintenance material and functional flat top rail make this the ideal aluminum rail for your deck or patio.

p. 28

### *LED Lighting*

Enhance your deck, patio, or porch with our wide selection of lighting options. LED lighting accessories can be used with vinyl or aluminum railing systems. Add decorative solar or LED lighted post tops for ambiance.

p. 32

### *ADA Hand Rail*

ADA compliant secondary handrail is code compliant and provides safety with easy installation.

p. 38

### *Decorative Accents*

Lattice & Decorative Screen Panels are unique decorative accents you can use for custom looks under your deck.

## Xpanse® Premier Series Vinyl Railing

It sure doesn't sound beautiful if your railing rattles and squeaks. Cut the noise and install the strength and beauty of the Xpanse Premier Series Railing. The elegant top rail makes Premier Rail ideal for front porch or back deck applications that require low-maintenance and the look of hand-painted wood.

Premier Series is the strongest and most beautiful vinyl railing product available, thanks to Compositore® – a precision-engineered polymer containing no wood fibers or components, making it the most water-resistant core available. Unlike wood or wood composites, Compositore® will not absorb moisture, rot, cup, warp, decay or bow. Time-consuming maintenance problems like splintering, staining and removing mold and fungus are in the past.

This code certified railing system features an extensive collection of posts, tops and base trims, as well as an attractive gate kit. Gate kits provide flexibility during installation, creating a customized gate opening to fit your needs. The gate kit is also safe, easy to install, and offers a beautiful complement to Xpanse railing.

Beautifully  
Strong

*PREMIER SERIES* 7

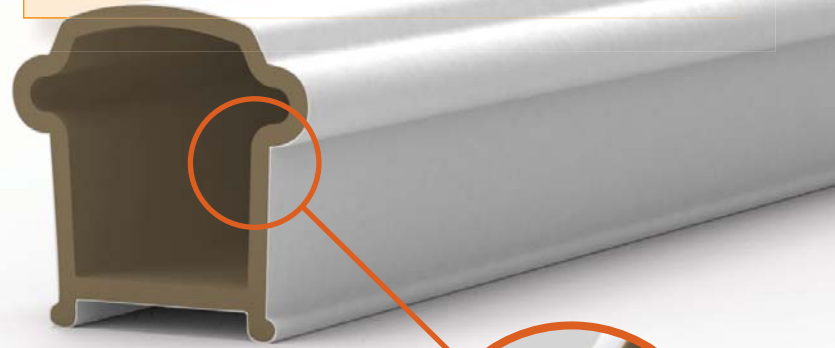

# Xpanse® Premier Series

Tired of the rattles and squeaks of low-end railings? Xpanse® Premier Series railing is incredibly strong and durable. The elegant profile makes it ideal for residential and commercial applications that require a low-maintenance rail that looks like beautiful, hand-painted wood.

## FEATURES + BENEFITS

-  Composicore is stronger than vinyl and most wood composites
-  ICC code approved
-  Transferable Limited Lifetime Warranty
-  Architectural details on rail
-  Level rail brackets show no screws
-  No rattling or squeaking
-  No sanding, staining, or painting required
-  Can't be attacked by termites or other wood eating pests
-  Brackets included in each kit
-  Post caps and trim pieces available

Composicore® is a precision-engineered polymer containing no wood fibers or components making it the most water-resistant core available. Unlike wood/plastic composites, Composicore will not absorb moisture, rot, cup, bow, splinter, stain, warp, or decay, and will resist mold and fungus. Composicore is standard in Premier Series railing.

**CODE APPROVED**  
Compliance to ASTM D7032,  
Report: PFS TECO RR-0101

Innovative level brackets allow you to attach the dovetail to the post, and slide your assembled rail section onto post.

## Xpanse® VersaRail™ Aluminum Railing

With its classic styling and durable powder-coated finish, VersaRail Aluminum Railing is the perfect addition to any porch, deck or balcony.

The thick and strong railing meets commercial and residential building codes, won't rust or wear like old-style steel or iron railings, features a lifetime warranty, and is quick and easy to install.

A complete kit features top and bottom rails, balusters and a patented locking system for safe and secure assembly.

# Greater Options

## VersaRail™ Aluminum Railing

Simple but effective VersaRail Aluminum Rail guarantees durable construction and enduring style. Available in 2 colors, VersaRail is low-maintenance, easy to install and has a sleek design great for any application.

### FEATURES + BENEFITS

Transferable Limited Lifetime Warranty

Quick and easy to install

ICC Code Approved

No sanding, staining, or painting required

Brackets included in each kit

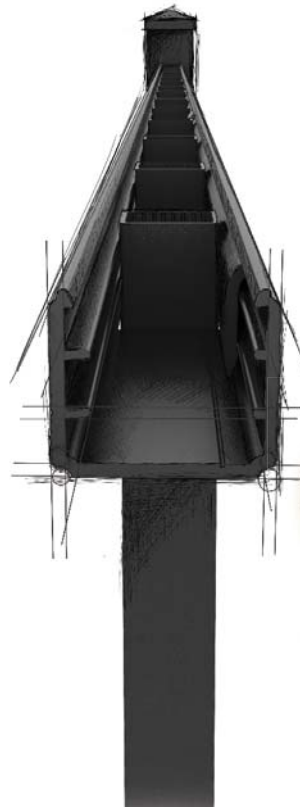

Architectural details in railing

No screws; patented locking strip

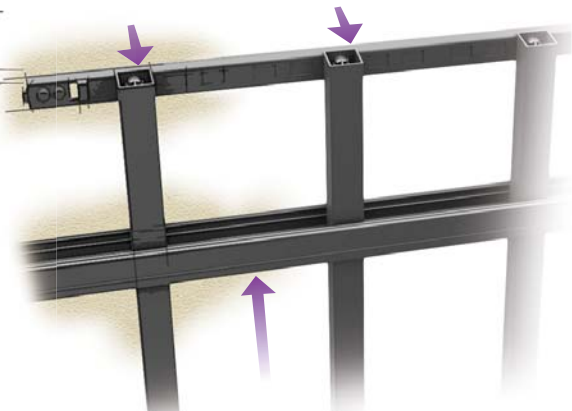

Innovative deck board top option

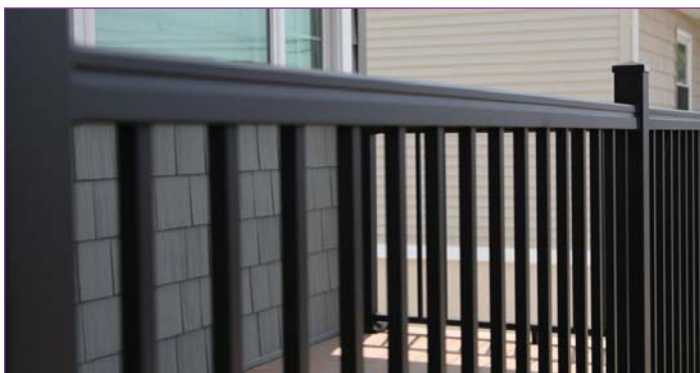

#### INNOVATIVE LOCKING STRIP

Using a patented construction system which locks the pickets & rails from the inside out and fortifies the core, this smart design also removes the need for screws which can become rusty and loose over time.

Durable powder-coated finish withstands over 10,000 hours of salt spray testing – over 3 times the required industry standard!

# VersaRail™ Aluminum Railing Components

Posts, Post Tops & Post Mount Kits including Base Trim are sold separately.

## Xpanse® LED Lighting

When the sun goes down, the ambiance goes up. Xpanse LED lighting includes various options to light up your railing installation – from lighted post tops to under-rail lighting to create the perfect evening atmosphere for your outdoor living space. Powered by a 50 W transformer that offers a solar cell for automatic power-on at dusk and dimming so you can control how bright your deck lighting shines, Xpanse lighting is the perfect solution to make your deck or porch just a little extra special.

# Plug & Play Ambiance

## LED Lighting

Enhance your deck, patio, or porch with our wide selection of lighting options. LED lighting can be used with vinyl or aluminum railing to create a dramatic lighting environment. Choose from a selection of easy to install, plug & play lighting options such as lighted post tops or under-rail light.

### FEATURES + BENEFITS

Long lasting LED lighting lasts up to 50,000 hours

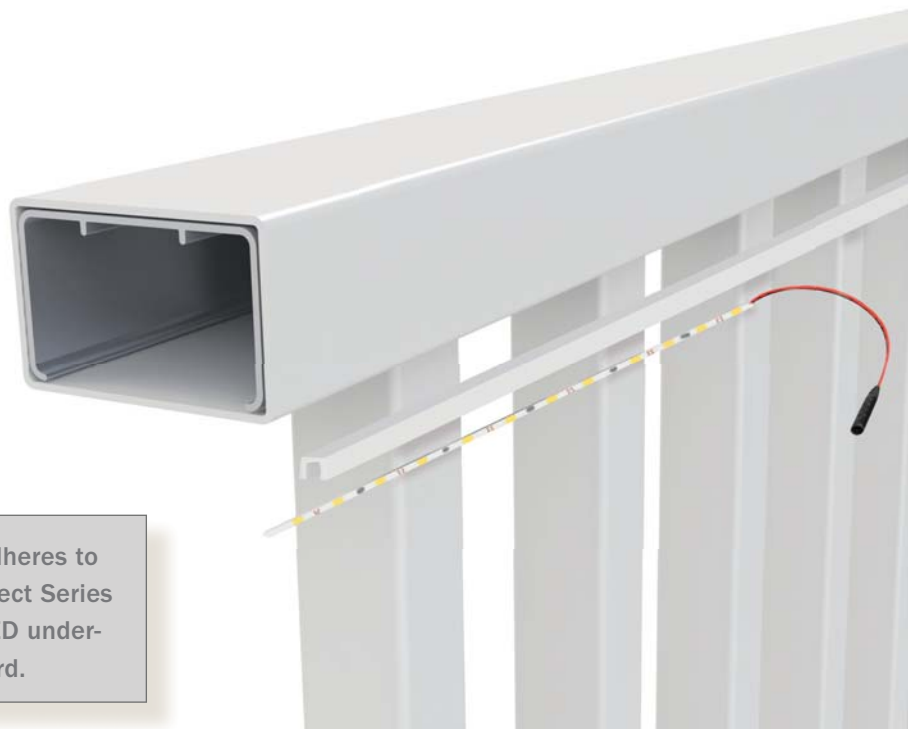

Easy plug and play install LED system

5 year LED warranty & 2 year solar warranty
