

Professional Solutions Done Right.

MAINTAIN YOUR HARD FLOORS WITH THE ZEP COMMERCIAL 4

STEP 1: STRIP

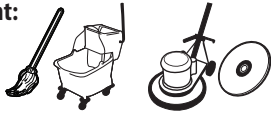

Heavy-Duty Floor Stripper Concentrate

Quickly and easily removes even the most stubborn acrylic finishes, heavy buildup and ground-in soil from hard finish floors.

Apply with a mop or scrubbing machine. Pick up slurry, then rinse 2x to prepare your floor for sealing and a new, clean polish. The ammonia and phosphate free, high-alkaline formula is concentrated, so one gallon makes up to nine gallons of floor stripping solution.

Equipment:

- Cotton mop and commercial mop bucket with wringer
- For heavy duty jobs: low speed stripping machine and stripping pad

Pro Tip

For best results, apply concentrate with a dry cotton mop. Before solution dries, rinse off with a clean mop or a wet-dry vacuum.

1045769	ZULFFS128	1 Gallon	Ctn Qty	4
1045770	ZULFFS5G	5 Gallon	Ctn Qty	1

STEP 2: SEAL

Stain-Resistant Floor Sealer

Fills tiny imperfections and gaps, creating a level, clear gloss coating designed to enhance the look and stain-resistance of any hard surface floor finish.

The slip-resistant surface defends against stains, spills and ground-in dirt. Coats up to 1500 sq. ft. per gallon. Used by many professionals on high-traffic hard surface floors.

Equipment:

- A dry rayon string mop

Pro Tip

For premium results, apply sealer with a dry rayon string mop. Apply two coats, allowing sealer to dry completely between coats – approximately 30 minutes.

1044994	ZUFSLR128	1 Gallon	Ctn Qty	4
---------	-----------	----------	---------	---

STEP 3: POLISH

High-Traffic Floor Polish

Specially formulated to seal and protect vinyl and other hard surface floors.

Simply apply with a string mop for a high-gloss, professional shine that resists scuffs, heel marks and tracked-in dirt. High-Traffic Floor Polish is perfect for vinyl and other hard surface floors.

High-Traffic Floor Polish covers up to 2000 sq. ft. per gallon, dries in 30 minutes and meets all slip resistance standards.

Equipment:

- Commercial mop bucket with wringer
- Dry rayon string mop
- Do not use fans to dry

Pro Tip:

For best results, use a dry rayon string mop to apply four coats of polish in figure-eight motions on the floor.

1044999	ZUHFFF128	1 Gallon	Ctn Qty	4
1044899	ZUHFFF5G	5 Gallon	Ctn Qty	1

D SURFACE FLOORING -STEP FLOOR CARE PROGRAM

STEP 3: POLISH

STEP 4: CLEAN

STEP 4: CLEAN

Wet-Look Floor Polish

Now, you can get a great looking, high-gloss polish that also protects against scuffs and is slip resistant.

Scuffs, heel marks and tracked-in dirt are no match for Wet-Look Floor Polish. Its 19 percent solid formula stands up to the toughest environments. It covers 2000 sq. ft. per gallon, dries in 30 minutes and meets all slip resistance standards.

Equipment:

- Commercial mop bucket with wringer
- Dry rayon string mop
- Do not use fans to dry

Pro Tip:

For best results, dry burnish with a beige pad three times a week. To periodically rejuvenate the gloss, use an ultra high-speed burnisher with a natural / beige pad.

1044898	ZUWLFF128	1 Gallon	Ctn Qty	4
1045209	ZUWLFF5G	5 Gallon	Ctn Qty	1

Neutral Floor Cleaner Concentrate

Neutral pH cleaner, perfect for hard surface floors.

Neutral Floor Cleaner Concentrate cleans and restores shine to marble, granite, vinyl and stone floors. The concentrated formula makes up to 128 gallons of floor cleaner.

Equipment:

- Mop and bucket OR auto scrubber machine

Pro Tip:

Apply concentrate with an automatic scrubber. After each step, thoroughly mop and rinse floor with water, and change the mopping solution frequently.
