

# PAINT AND FINISH REMOVERS

## Premium Paint & Finish Remover

Zip-Strip® Premium Paint & Finish Remover is a non-flammable, semi-paste formula that quickly works on vertical and horizontal surfaces. A single application can remove five to six coats of enamel, oil and latex paint, urethane, polyurethane, shellac, lacquer, water-based finish and varnish.

Zip-Strip® Premium Paint & Finish Remover is suitable for interior and exterior applications. It does not raise the grain or discolor the wood, and neutralizing is not required. This product removes easily with a scraper, putty knife or steel wool.

### Performance Features & Benefits:

- Non-flammable, semi-paste formula
- Use on vertical & horizontal surfaces
- Neutralizing not required
- Removes 5-6 coats in one application
- For indoor or outdoor applications

## Industrial Strength Paint & Finish Remover

Zip-Strip® Industrial Paint & Finish Remover is developed for use on difficult project surfaces such as boats, cars and concrete. It works well for marine, automotive, farm, and industrial applications including concrete swimming pools and metal lawn furniture. Its semi-paste consistency is ideal for vertical and horizontal surfaces.

Zip-Strip® Industrial Paint & Finish Remover is non-flammable and excellent for interior and exterior applications. It removes eight or more coats of enamel, oil and latex paint, urethane, polyurethane, shellac, lacquer, water-based finish, varnish and epoxy. It does not raise the grain or discolor the wood and neutralizing is not required. This product removes easily with a scraper, and contains a detergent that allows for washing off with water and a scrub brush, or a high pressure spraying of water.

### Performance Features & Benefits:

- Non-flammable, semi-paste formula
- For difficult projects: boats, cars, concrete
- Water-rinsable for safe, easy clean-up
- Removes up to 8 coats
- Excellent for indoor and outdoor applications
- Maintains wood grain & color; neutralizing not required

(Note: Use of water may loosen veneer or raise wood grain. This would make it necessary to re-glue veneer or to sand the wood after it is thoroughly dry, prior to refinishing.)

# PAINT AND FINISH REMOVERS

## Contractors Plus Paint & Finish Remover

Zip-Strip® Contractors Plus Paint & Finish Remover “Makes It Easy”. This product is an excellent remover for use on clear finishes and paints. It will remove two to three coats in one application. The semi-paste consistency makes it possible to use on vertical and horizontal surfaces.

Zip-Strip® Contractors Plus Paint & Finish Remover will not raise the grain or cause wood discoloration, and neutralization is not required. A softened finish can be removed easily with a scraper, putty knife or steel wool. It is excellent for interior and exterior use. This product is flammable and should be stored away from sparks, flames or any source of ignition.

### Performance Features & Benefits:

- Flammable, semi-paste formula
- For use on clear finishes & paints
- Ideal for vertical & horizontal surfaces
- Removes 2-3 coats in one application
- Excellent for interior & exterior use
- Maintains wood grain & color; neutralizing not required

## Trigger Spray Paint & Finish Remover

Zip-Strip® Trigger Spray Paint & Finish Remover is a special formula for easy application; it sprays as a liquid to penetrate intricate places like scrollwork, carving, spindles and filigree. Upon contact, Trigger Spray gels to a semi-paste consistency that ‘clings’ to the surface. A fine initial spray begins the softening process. After five minutes a second spray activates further penetration to remove four to five coats.

Zip-Strip® Trigger Spray Paint & Finish Remover strips household paints and clear finishes, enamel, oil and latex paint, urethane, polyurethane, shellac, lacquer, water-based finish and spar varnish. It is non-flammable, and excellent for interior and exterior use. Just spray it on and remove with steel wool, a scraper or wash off with water.

### Performance Features & Benefits:

- Non-flammable, trigger spray semi-paste formula
- Excellent for interior & exterior use
- Strips various types of coatings & finishes
- Removes 4-5 coats
- For intricate places; scrollwork, carving, spindles, filigree
- Ideal for vertical & horizontal surfaces
