Contemporary Bath Accessories can be installed in wet areas such as backsplashes, bathroom walls and shower enclosures, but are not recommended in swimming pools or hot tubs because pool chemicals may harm the protective coating.

Contemporary Bath Accessories are permanently protected by Q-Seal™. Stain and scratch resistant, antimicrobial. Made in the USA. Since there are variations in all products, product supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile samples or color reproductions.
