Fruit, Citrus and Pecan Tree Food

Fruit, Citrus and Pecan Tree Food

1. What is this package for?

ferti•lome® Fruit, Citrus and Pecan Tree Food contains a special combination of plant nutrients beneficial to tree growth and productivity... plus a generous supply of Zinc to control Rosette in Pecan Trees. It may be used on all kinds of nut and fruit trees.

2. How do you use it?

Pecans, Hickory Nuts, Black Walnuts, Hazalenuts, Chestnuts, etc.: Feed your nut trees twice a year, (in early spring before new growth appears and after harvest) using the quantities listed below at each feeding.

Apples, Pears, Peaches, Plums, Cherries, Oranges, Grapefruit, Lemons, etc.: Feed your fruit trees twice a year, (in early spring before blooms or new growth appears, and after fruit is ripe or picked) using the quantities below at each feeding.

GROWING GUIDE	
FRUIT TREES	APPLICATION Water in thoroughly after each application.
Apple	Apply ¾ lb. per 3 ½ inches of trunk diameter. Broadcast evenly on ground out under widest spread of branches (drip line) and water thoroughly. Apply in early spring.
Pear, Apricot	Apply ¼ lb. per 3 ½ inches of trunk diameter. Broadcast evenly on ground around drip line of tree. Apply in early spring.
Peach, Cherry	Apply ¾ lb. of fertilizer during the first year of growth. Broadcast evenly on ground around drip line of tree in spring and repeat once six weeks later. Gradually increase amount of fertilizer each year until 5 lbs. are used per tree annually.
Plum	Apply 1 lb. of fertilizer during the first year of growth. Broadcast evenly on ground around drip line. Feed each spring thereafter, increasing each year until 2 to 3 lbs. are used per tree annually.
Citrus Trees Orange, Grapefruit, Lemon, Lime and Tangerine	Apply 1 lb. of fertilizer per inch of trunk diameter per feeding in early spring, summer, and fall at 90 day intervals.
Nut Trees Pecan, Walnut, Chestnut, and Hickory Nut	Apply 2 ½ to 3 lbs. of fertilizer per inch of trunk diameter annually in the early spring before new growth appears and after harvest. Apply around drip line.

3. Here are the results you may expect! ferti•lome® Fruit, Citrus and Pecan Tree Food will help promote vigorous growth, beautiful foliage and generous yields of nuts and fruit.
