FROM TOP OF THE WORLD

JOHN DEERE

CORPORATE

SOCIAL RESPONSIBILITY & COMPLIANCE

Vetta, LLC, an expert and industry leader in licensed and wholesale blank apparel, achieved program accreditation by the Fair Labor Association in recognition of Vetta's commitment to workplace standards and workers' rights.

In October of 2018, the FLA Board voted to accredit Vetta after an extensive review of Vetta's leadership commitment to social responsibility, supply chain, business processes and standards, worker and CSO engagement, training programs and independent factory monitoring, spanning both the Top of the World licensed division and the J. America Wholesale Blanks division.

Vetta is one of only 36 companies in the world to achieve accreditation, which is the highest level of FLA affiliation for implementing social compliance standards.

Vetta's CSR program dives deep and below compliance standards to center around the workers who make our amazing products. Vetta makes it a high priority to listen to workers in order to truly improve their lives.

INTRODUCING Curvy

Did you know that over 67% of American women wear a size 14 and up? That makes it difficult for many women to find traditionally cut garments that fit comfortably, while still maintaining a flattering look.

HOW IS CURVY DIFFERENT?

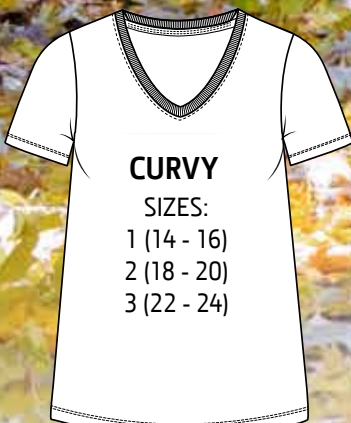

Our new Curvy styles are cut in an A-Line shape with proportionally cut necklines for a flattering fit that compliments a fuller figure and defines confidence.

CLASSIC VS. CURVY

HOW DOES CURVY DIFFER FROM 2X AND 3X?

Relaxed, Hourglass Shape
