

GLOVE LOCKER™ BREAKS YOUR GLOVE IN GENTLY. THEN PROTECTS IT FROM A BEATING.

THE COMPLETE BALL GLOVE BREAK-IN AND MAINTENANCE KIT!

It's like shoestrings, belts and mattresses, only better. Why? Because the Glove Locker™ hugs your glove uniformly with the ball secure in an inner pocket. The result – Pocket Perfection.™ The Glove Locker™ was designed by a ballplayer for ballplayers who care about their equipment. It's easily stretchable and washable neoprene is superlight, yet durable. It has incredible life-springing back into shape time after time. And because it covers more of the outer surface than a belt or shoelace, it protects the outside leather during storage. The Glove Locker™ is perfect for breaking in new gloves. Just rub a little glove conditioner on your glove and follow the easy wrapping instructions. In just a few days you'll see the results, as your glove begins to take on the natural shape of the ball it's hugging. Serious ballplayers all over the country, from youth league to the pros, are using the Glove Locker™ to protect their valuable investments. Pocket Perfection™ was never so easy! The Glove Locker™ maintains your glove's overall shape with continued use and fulfills glove manufacturer recommendations for proper care. Washable neoprene does more than keep your glove's shape. It helps to protect the outside of your glove's leather, too.
