myTOUCH SMART

JASCO®

Simple Set Timers

These myTouchSmart timers work with incandescent, CFL, halogen and LED bulbs, perfect for automating **porch lights, lamps, seasonal lighting and more**. Each timer has simple daily presets, a custom countdown feature and an easy ON/OFF override button if your plans change throughout the day or night.

Increase the safety of your home by keeping rooms looking bright and lived-in. Always be greeted by a well lit home no matter what time you arrive and rest easy knowing your house is on an **automatic lighting schedule while you're away**.

The myTouchSmart Timers provide simple, convenient automation for your **indoor and outdoor lighting**, as well as other **household appliances**. These timers are easy to program and designed for a varied routine, allowing you to set a unique schedule for **every day of the week**.
