

# PITCH PRO

## Anchor

The Pitch Pro is a premium fall protection anchor designed for sloped-roof asphalt shingle construction. It is the perfect solution for both new and existing construction, and its low-profile installation makes it an excellent choice for finished rooftops. The oversized connection point makes attaching and detaching easy and bind-free.

Made from robust powder-coated steel, the Pitch Pro resists damage from repeated installations, and ensures the longest possible lifespan.

# PITCH PRO

Anchor

## Key Features & Benefits

### Offset fastener holes

Minimizes risk of splitting trusses

### Powder-coated steel

Superior durability & strength

### Connection point

Easy and secure connection point

### Lightweight & durable

### Easy to install

### Available in three colors

Black, brown, & grey

## Specifications

**User weight range** | 130-420 lbs

**Materials** | Powder-coated steel

**Minimum breaking strength** | 5,000 lbs

**Substrates** | Wood, metal, & concrete

Part numbers	Description	User weight range
10540	Single pack - black	130-420 lbs
10541	Single pack - brown	130-420 lbs
10542	Single pack - grey	130-420 lbs
10543	25 pack - black	130-420 lbs
10544	25 pack - brown	130-420 lbs
10545	25 pack - grey	130-420 lbs

## Declaration of conformity

This product has been tested in an ISO 17025 certified laboratory in accordance with all requirements specified by ANSI Z359.7-2019. All testing is validated by a third party professional engineer.

This product is compliant with the following safety regulations:  
**ANSI Z359.18-2017 | OSHA 1910.140 & 1926.502**
