

Lead Free Washing Machine Valves

Washing Machine Valves Heavy-duty Lead Free Bronze

Features & Benefits

- Heavy duty lead free bronze construction
- No-leak O-ring bonnet & stem
- Long-lasting EPDM seals
- Available in various inlet connections
- 3/4" male hose thread outlet
- Maximum pressure: 125 PSI
- Maximum temperature: 180°F
- 8-9 GPM flow rate
- 3-year limited warranty
- NSF/ANSI 372 certified lead free by IAPMO
- Suitable for potable drinking water applications
- Nickel Plated finish

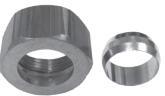

Base Models

<p>1/2" Compression</p>	<p>1/2" FIP Boiler Drain</p>	<p>1/2" FIP x MIP, With Bypass & Plug</p>	<p>1/2" FIP, Top Handle</p>	<p>1/2" FIP Bypass</p>
				
<p># 221CCLF 1/2" compression inlet x 3/4" male hose thread outlet</p>	<p># 247LF 1/2" female iron pipe inlet x 3/4" male hose thread outlet</p>	<p># 248LF 1/2" FIP inlet x 1/2" MIP outlet, with reversible bypass 3/4" hose thread & plug</p>	<p># 249LF 1/2" female iron pipe inlet x 3/4" male hose thread outlet</p>	<p># 250LF 1/2" female iron pipe inlet x 3/4" hose thread outlet & 1/2" MIP bypass outlet</p>

Repair & Replacement Parts

<p>Stem Repair Parts Kit</p>  <p># PK1000 Seat washer (2) & screw (1), nylon bonnet washer (4) & handle screw (7)</p>	<p>Replacement Stem Assembly</p>  <p># PK1110 Complete stem & bonnet replacement (nickel plated) (1-5)</p>	<p>Replacement Tee Handle & Screw</p>  <p># PK1260 Burnished tee handle (6) & handle screw (7)</p>
<p>Compression Nut & Ferrule</p>  <p># PK1170 Replacement compression nut & ferrule- nickel plated (#8-9)</p>	<p>Replacement Hose Connection & Plug</p>  <p># PK1200 Hose, plug and washers for 248LF series valves (# 10-11)</p>
