

Hookaroons

Ergonomically designed for specific tasks within a high production mill environment, our hookaroons excel when extreme light weight & durability are required.

Safety Orange

Fiberglass Safety Yellow

Standard heads are drop forged steel with ground points. Oregon heads are fabricated steel for light weight and durability - the Alumalite, with its aluminum alloy head and steel point provide optimum durability for less weight. Solid Hickory handles are shaped to provide maximum usability.

	Item #	Description	Approx. wt. ea.	Item # Handle Only
1.5 Dixie Standard	12292	Head Only	2.0 lbs	--
