

**Concealed  
Deck Faucets**

**CHICAGO  
FAUCETS** 

Geberit Group

# From top to bottom, the best commercial faucets you can buy.

**Unsurpassed interchangeability** and compatible with the Chicago Faucets handles, spouts, outlets, and cartridges you already use.

**True commercial quality** with one-piece cast brass spout and shank.

**Reduce abuse** with vandal resistant handles.

**Save time** with fewer parts and pre-assembled components for installation in just a matter of minutes.

**Built to last** with a solid, one-piece, cast brass body for maximum strength and stability.

**Added installation flexibility** with models featuring flexible hoses for adjustable handle placement.

**The widest range of applications** with a fully-threaded valve body that adjusts to almost any deck thickness.

**CHICAGO  
FAUCETS** 

Geberit Group

## Introducing our redesigned concealed deck faucets.

**Chicago Faucets undermount faucets are better than ever before** and more installer friendly than any other concealed deck faucet on the market. All new spout designs, choice of body styles, pre-assembled parts, and vandal resistant features help deliver durable performance and an easier installation. With interchangeable handles, spouts, outlets, and cartridges and a lifetime warranty on the valve body – you get a faucet that not only lasts, but one that meets any application.

## Two new contemporary spout designs for added versatility.

**High style meets commercial quality** with our new 404 and 405 Series spout designs. These solid brass, sleek spout designs feature an integrated shank for extreme durability. Available with a choice of handles, flow rates, and pop-up models.

## Concealed Deck With One-Piece Body

**Installs in just minutes, but lasts a lifetime.** Chicago Faucets concealed deck faucets with one-piece bodies help deliver durable performance and are easier to install than any other commercial faucet on the market. Pre-assembled parts eliminate extra handling and assembly at the job site. Interchangeability with all current Chicago Faucets components – from outlets to cartridges – provides unsurpassed flexibility, ease of maintenance, and helps extend the life of the faucet.

- **Precise alignment and extra strength** with a solid, one-piece cast brass body designed for demanding commercial applications
- **Faster, one-person installation** with fewer parts and pre-assembled components

## Concealed Deck With Adjustable Centers

**Adjustability has never been this easy.** Chicago Faucets concealed deck faucets are better than ever before and more installer friendly than any other commercial faucet on the market. Flexible hoses allow for almost unlimited handle placement, while the pre-assembled parts and individual testing help deliver durable performance and an easier installation.

- **Easy and extremely flexible** installation
- **Handle placement within 6" to 26"** from the spout center

## A Wide Selection of Spout Options for Any Decor

**More choices for even more versatility.** Our interchangeable design allows you to bring a single concealed deck solution to multiple rooms in the building. From a low-profile spout for the restroom to a gooseneck spout for the kitchen, you can count on Chicago Faucets to provide more options than any other commercial faucet brand.

We are a member of the U.S. Green Building Council and support the Leadership in Energy and Environmental Design (LEED) Green Building Rating System™, to measure the efficiency and sustainability of buildings in the U.S. and Canada. If you are trying to achieve LEED Certification for your building, our low-flow outlets, metering cartridges, and sensor-operated faucets can contribute points in these areas: Water Efficiency Credit 2: Innovative Wastewater Technologies and Water Efficiency Credit 3: Water Use Reduction

We are proud to be a partner with WaterSense®, sponsored by the EPA and designed to protect the future of our nation's water supply by promoting efficiency and enhancing the market for water efficient products, programs, and practices.

We are a charter sponsor of the Alliance for Water Efficiency, a non-profit organization that is dedicated to the efficient and sustainable use of water. It brings together a diverse range of stakeholders to advocate water efficiency and conservation.

Geberit Group
