In January 2005, Kincrome moved to our Corporate Headquarters in Scoresby, Victoria, designed specially to incorporate smart technology solutions and leading edge warehouse management systems.

## Our Capacity and Capabilities

Kincrome has seen significant growth over recent years and as a result we have opened two new strategically located warehouses in Queensland and Western Australia

Our Queensland warehouse boasts a distribution facility of 4,000sqm with a capacity to store 4,000 pallets while our Western Australia warehouse boasts a distribution area of 3,000sqm with a capacity to store 3,000 pallets. Both warehouses are strategically located for logistical reasons.
