Milwaukee Electric Tool Corporation introduces the new Quick Adjust Reaming Pliers. The Milwaukee Quick Adjust Reaming Pliers is the only tool of its kind on the market with exposed steel handles to smooth out rough edges of metal pipe. Backed by Milwaukee's Limited Lifetime Warranty the Quick Adjust Reaming Pliers feature machined v-notched jaws for a precise fit, and a forged steel design for maximum tool life.

FIND RETAILERS

FEATURES

- Exposed Reaming Handles - Up to 1" Conduit (Patent Pending)
- Reaming Head Design - Smooths out rough edges of up to 2" Pipe (Patent Pending)
- Quick Adjust Jaws - V-groove jaws create a more precise fit with up to 2" Jaw Capacity
- Forged Alloy Steel - For Maximum Tool Strength
- Rust Protection - Increases tool life by reducing corrosion
- Smooth Transition Grips - Minimize wear tear and improve pouchability

"Ream Adjustable Pliers have been around"

PROS Strong Sturdy case Versatile
CONS**BEST USES**
Comments about Milwaukee 10" Reaming Pliers:

I use Adjustable Pliers for EMT, IMC and Rigid RMC for electrical conduit installation. I also use Adjustable Pliers for Gas and Water pipe installation.

I have used various brands of adjustable Water Pump Pliers style pliers for many years and all of the plain handled (non-grip) units allow reaming of conduit and pipe. But, I do like the halve grip on cold days, it saves me from cloth taping the handles.

PRIMARY USE: Business
BOTTOM LINE Yes, I would recommend this to a friend

"Love them"

PROS Lightweight Strong Sturdy case Versatile Works Effectively
CONS
BEST USES Large Projects Small Projects
Comments about Milwaukee 10" Reaming Pliers:

Works grate! good for cleaning pipe tightening locknuts ,nuts ,bolts. it's a must buy for any electrician that runs pipe. Feels good in hand and does not weigh much so it cuts down on tool belt weight.

PRIMARY USE: Business
BOTTOM LINE Yes, I would recommend this to a friend
