Mighty-Merge® EMT to FMC Transition Couplings

Bridgeport now offers a full line of EMT to FMC/Greenfield Transition Couplings. Available 1/2" - 2" in Die Cast Zinc, and 2 1/2" - 4" in Zinc Plated Steel. You no longer need to assemble multiple fittings, or mount a box, to transition between raceways. These couplings provide dimensional flexibility for a raceway system when dropping in to switchgear and transitioning into transformers.
