Divided Entrance End Fitting INSTALLATION INSTRUCTIONS

Installation Instruction No.: 1 007 122 – October 2007

Wiremold/Legrand electrical systems conform to and should be properly grounded in compliance with requirements of the current National Electrical Code or codes administered by local authorities.

All electrical products may present a possible shock or fire hazard if improperly installed or used. Wiremold/Legrand electrical products may bear the mark as UL Listed and/or Classified and should be installed in conformance with current local and/or the National Electrical Code.

IMPORTANT: Please read all instructions before beginning.

1. Slide the tab on the divider into the slot on the Entrance End Fitting base.

2. Slide the tongue on the Entrance End Fitting base into the 2400D Raceway Base.

3. Attach Entrance End Fitting to the wall using #8 (5/16" [7.9mm] head size) flat head fasteners or equivalent.

4. Slide the Raceway Cover into the slot on the Divider and snap the Cover onto the Raceway Base.

-
5. Place the Cover on the Entrance End Fitting and tighten the screws.
