

Large Capacity Floor Boxes Support Heavy Loads

Wiremold® CCBB Series Ballroom Floor Boxes are concrete floor boxes that have been designed for above-grade and on-grade applications. Large knockouts (up to 2" trade size), three inches of wiring space behind the device plates, and 12 gangs of capacity make these floor boxes an ideal solution for power, communications and audio/video applications.

Covers for the CCBB Series Ballroom Floor Boxes have been designed to work on carpet, tile or wood covered concrete floors where heavy loads are required. These floor boxes are ideal for hotel ballrooms, exhibit halls, entertainment venues, casinos, automotive showrooms and museums.

CCBB Series Floor Boxes are NAFTA compliant, UL listed to U.S. and Canadian safety standards, and are TopGuard™ protected to prevent water, dirt and debris from entering the floor box.

Features & Benefits:

- **Heavy Duty Cover Assembly** – Covers have been designed and tested to meet static loads of 25,000 pounds for CCBBs and 30,000 pounds for CCBBL.
- **Large cable egress areas** – Additional space and flexibility for power, communications and audio/video cable egress.
- **Multiple trade size knockouts from 3/4" to 2"** – Allows for most conduit schemes which saves time and money during installation.
- **Accepts standard industry size device plates** – Allows for quick and flexible installation for power, communication and audio/video devices.
- **Open Audio/Video friendly design** – Accepts a wide range of audio/video devices from manufacturers such as: Ortronics®, Extron®, Electronics, Crestron®, and others.

designed to be better.

Ballroom Floor Box

CONFIGURABILITY:

The interior of the CCBB Series Ballroom Floor Box provides room for multiple wiring configurations. The large knockouts (up to 2" trade size), 3" [76mm] of wiring space behind the device plates, and the ability to accept industry standard size device plates allows the CCBB Series Ballroom Floor Boxes to accept a wide variety of manufacturers' power, data and audio/video devices.

APPLICATIONS:

Shopping Malls, Hotel Ballrooms & Lobbies, Conference Centers, Exhibition Halls, Casinos and Auto Dealerships
