|                  |                                                                                                      |
|------------------|------------------------------------------------------------------------------------------------------|
| Brand Name       | Minerallac Company                                                                                   |
| Sub Brand        | Cully                                                                                                |
| Type             | Hollow Wall Anchor                                                                                   |
| Special Features | When properly installed, they will not crack or crumble the wall material and resist vibration.      |
| Application      | Light-weight duty anchors to be with a pre-drilled hole in drywall, sheetrock, plaster, or paneling. |
| Size             | Extra Long                                                                                           |
| Diameter         | 1/4"                                                                                                 |
| Length           | 3-1/2" IN                                                                                            |
| Drill Size       | 1/2" IN                                                                                              |
| Screw Size       | 1/4-20                                                                                               |
| Grip Range       | 1-3/4" – 1-1/4" IN                                                                                   |
| Head Type        | Combo Phillips/Slotted                                                                               |
| Material         | Steel                                                                                                |
| Finish           | Zinc Plated                                                                                          |
