Cable Manager – DK 5502.405

created: 24.05.2018 build on www.rittal.com/us-en

Product description

Description: For system-compatible cable deflection in compliance with minimum bending radii, and to accommodate surplus cables and excess length. The elements may optionally be used individually or in combination for cable routing. They can be combined to make semicircular or circular elements.

Benefits: Supports use on corners and edges to allow protected cable routing around them
Mounting clips for use above the arc hold the routed cables back within the elements.
The cable manager are bayable in a parallel direction to allow U-based cable routing to the mounting level, or channeling of the cable sections.

Material: Plastic to UL 94-V0

Color: RAL 9005

Supply includes: Mounting clip
Assembly components

Product features

Packaging unit: 20 pc(s).

Weight/packaging unit: 1.18 kg (2.6 lb.)

EAN: 4028177679405

Customs tariff number: 73269098
