Section for cable entry, rear for TS, SE, CM, TP – TS 8802.105

created: 24.05.2018 build on www.rittal.com/us-en

Product description

Description:	To seal the cable entry on the base opening.
Benefits:	Particularly well-suited to cables with identical cross-sections When installing the mounting plate in the rearmost position, the cables may be routed directly without large bending radii.
Applications:	Mount directly on the base opening/base tray and base plate
Material:	Extruded aluminum section Foam rubber cable clamping profile: PU foam
Technical specifications:	Foam rubber cable clamping profile: Cross-section: 30 x 25 mm
Protection category IP to IEC 60 529:	IP 55 if correctly installed
Supply includes:	Plug-in sections, incl. foam rubber clamp strip
Note:	2 pc(s). are sufficient for one base opening up to an enclosure width of 800 mm From an enclosure width of 1,000 mm, two base openings are provided. 4 units per enclosure may be fitted
