

# EVO Series

## Outdoor LED Remote

### FEATURES

#### Application

The EVO outdoor LED remote is a single or double head LED based remote which accepts DC input from an EV emergency light with remote capacity (EV4 model). The EVO is best utilized as an over the door path of egress light for emergency operation. The EVO uses a single 3 watt rated LED per lamp-head and can be located up to 50' from the external power source. Available in white or black corrosion resistant finish. Lamp housing and mounting plate are made of durable die-cast aluminum.

#### Input Power Requirements

4.8Vdc at 1 watt per head provided exclusively from an EV4D, EV4DI emergency light or EVC-D4 combo with remote capacity

#### Specific LED Information

Lamp Color: Cool White  
 Total Lamp Output: 88 Lumens per head  
 System Efficacy: 80 Lumens per LED  
 Rated LED Lamplife: Greater than 100,000 hrs.

#### Warranty

LED Lifetime Warranty  
 EVO Full 3 year warranty
