

40915**3/8 BELLEVILLE WASHER**

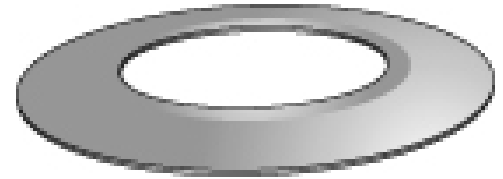

UPC: 085937409157

Country of Origin:

UNSPSC: 31161825

USA

Commodity: Belleville washer

A disc spring, or "Belleville washer", consists primarily of a convex disc supported at the outer periphery by one force and an opposing force on the center of the disc. Disc springs are used singly, or in stacks, to achieve a desired load and travel.
