

Lube Oil with Extenda-Spout

Spec Sheet #S00047
March 2002

Lubricating Oil

Specifications

Lube Oil
with Extenda-Spout

DESCRIPTION

Multi-purpose commercial duty, low viscosity lubricating oil made with premium grade mineral oils. Contains special additives to coat surfaces, exclude moisture, prevent icing and protect from rust and corrosion. Use on motors, bearings, and wherever metal lubrication is desired. Special non-detergent formula is non-gumming, non-toxic, will not foam during use. **Lube Oil with the Telescopic EXTENDA-SPOUT** reaches difficult to access lubrication points. USDA listed.

Lube Oil with Extenda-Spout Lubricating Oil

SPEC SHEET #S00047

APPROVALS AND LISTINGS

USDA

SPECIFIC USES

Use **Lube Oil** as a lubricant for moving metal parts.

SPECIFIC APPLICATIONS*

Use on small appliances, circulating pumps, motors, bearings, bushings, rollers, tools, mechanical linkages, cable hinges, chain drives, sliding parts and more.

PHYSICAL PROPERTIES

Motor Weight: SAE 20W equivalent
Appearance/color/odor: Light amber liquid; mild petroleum odor.

WARNINGS OR CAUTIONS

- Read all cautions and directions carefully before using this product.
- **KEEP OUT OF REACH OF CHILDREN.**
- Not for use in internal combustion engines or extreme heat producing applications.

DIRECTIONS FOR USE

Slowly pull spout with cap on until desired length is reached. Avoid squeezing container while extending spout. Remove red cap from plastic tube and place on resting post. When job is done, replace cap on tip of tube before feeding tube back into container.
