The History Of **Duracable** Manufacturing Company

Since 1981 **Duracable** has been serving drain cleaning professionals with the equipment they need to provide superior service to their customers high performance drain cleaning machines.

Duracable recognizes that our customer's livelihood depends on equipment performance, that's why **Duracable** stands behind its products with the industry's only two year warranty on drain cleaning machines and a 30 day warranty on cables. **Duracable** manufactures its cables from a proprietary, hard-drawn, high tensile, strength wire in a variety of diameters, lengths and flexible characteristics to fit every application.

All cable is packaged and shipped to you in a unique carton that eliminates problems caused by banding and protects the cable during the shipping process. The cable loads easily into your machine with fewer kinks, longer life and better return on your investment. We thoroughly test our cable before distribution. If the cable does not pass any of the tests, it is discarded and will not be sold. The entire shipment of wire is returned to our supplier. If the cable passes all of the tests, it is boxed and tagged for use.

Excellent Profits Are Generated With **PASCO** Drain Snake Specialty Items.

PASCO offers the plumbing trade the only complete displays of Drain Snake Specialties.

Generic versions of General, Ridgid and Marco, as well as original Gorlitz (also fits Spartan and Trojan) and Flexible Plumbertool cutter heads, augers, drop heads, blades are available on these displays. Each part is provided with easy to identified labeling. **PASCO** also offers our exclusive Gen/Rid adapter that adapts General cutters to Ridgid cables or Ridgid cutters to General cables.

The displays can be purchased with toilet and urinal augers, hand pumps, gloves and several other items that provide a plumber with the tools necessary for a drain cleaning job.

Each and every item is manufactured to the highest quality that the professional plumber requires.

GEN-RID

Drain Snake Tool Adapters

PS-BAG	AUGER BAG

REAL-TITE® PLUGS 
 INCORPORATED **The Original.**

The Reusable, Code-Approved, Expansion Plug That Solves ALL Your Problems.

A Tight, Dependable Seal for Virtually Any Opening

This means you can seal any opening permanently, regardless of the condition or threads.

Unique design prevents moisture from being revealed to the nut or stainless steel bolt. This allows for removal of a plug in seconds, even after long periods of time in service.

Seals 3 Ways: 3 embedded o-rings, 2 sealing ridges, and 3/16" neoprene gasket pressure expanded to create a permanent seal.

COUNTERSUNK-ABS PLASTIC TOP

- Uses a 5/32" allen wrench for installation and removal
- Designed for a "wall flush" finish

*Most Popular
