## ORDERING INFORMATION

MODEL	PART NO	DESCRIPTION
Solaria®	EV931840	Hot water appliance

## GENERAL INSTALLATION / OPERATION / MAINTENANCE REQUIREMENTS

Not recommended for use with a Reverse Osmosis (RO) water filtration system – eventual damage to the pump will result. To prevent damage, install with a booster pump or autoclave.

Install the appliance away from heat sources and direct sunlight.

Do not install the appliance outdoors or in damp locations.

Minimum installation space – 2.5 inches from adjacent surfaces for proper air circulation around appliance.

The appliance generates heat, so external venting may be required when it is installed in a cabinet.

## DRINKING WATER FAUCETS

Faucet and filtration system sold separately. Vented faucet required.
