

RAYOVAC

2019
Industrial Battery Catalog

In 1906, Alfred Landau was modestly manufacturing six inch battery cells in a Chicago attic. After a young man by the name of James B. Ramsay took interest in the battery business, it was incorporated as the “The French Battery Company” and moved to Madison, Wisconsin. In 1934, the company’s name changed to Rayovac. Throughout the years, Rayovac would become intertwined with American history. We were in the cockpit with Lindbergh when he crossed the Atlantic, alongside American soldiers when they stormed the beaches of Normandy, and in space when NASA saved a dying satellite. Rayovac is a proud partner of the American Red Cross, having donated nearly \$1,000,000 of product to help with relief efforts of Hurricane Harvey, Hurricane Irma, and Hurricane Maria in 2017. We continue to stay loyal to our humble beginnings by providing hardworking products at a fair price.

We've spent over 110 years thinking about batteries so you can think about them less.

Our RAYOVAC® Alkaline batteries are rigorously tested to ensure the quality and performance meet your expectations. Every single alkaline battery is designed to prevent leakage and tested twice prior to shipment. While technology has changed over the years, our commitment to producing batteries in America’s heartland has not.¹ Get the most out of the moments you love with the long-lasting power of RAYOVAC® batteries.

POWERING AMERICA SINCE 1906¹

QUALITY

Engineered for professional use and designed for optimal performance in industrial devices.

MADE IN THE USA¹

American made, American power. Powering America Since 1906.

SERVICE & SUPPORT

Dedicated to meeting the needs of customers both large and small.

POWER VARIETY

Diverse battery solutions keep devices and tools powered throughout the workday.

SUPPLY CHAIN EXCELLENCE

Domestic production gets you the product you need on time.

KEEP THE JOB MOVING WITH LONG LASTING
RAYOVAC[®] BATTERIES

USAGE GUIDE

| | BEST USES | SIZE AVAILABLE | COMPOSITION | SHELF LIFE AA, AAA, C, D | SHELF LIFE 9V | RECHARGEABLE |
|---|---|----------------------|-------------|------------------------------|-----------------------------|--------------|
|  FUSION™ | High drain devices such as: Electronic Stapler Digital Camera Soap Dispenser Towel Dispenser Microphones Tape Measure Laser Level | AA, AAA, C, D, 9V | Alkaline | Up to 12 Years in Storage | Up to 5 Years in Storage | No |
|  ULTRA PRO™ | For high use professional devices such as: Flashlight Thermostat Smoke Detector Door Lock Volt Meter CO ₂ Detector | AA, AAA, C, D, 9V | Alkaline | Up to 10 Years in Storage | Up to 5 Years in Storage | No |
|  HIGH ENERGY™ | For high use everyday devices such as: Wireless Mouse Wireless Headset Digital Clock Label Maker Digital Scale | AA, AAA, C, D, 9V | Alkaline | Up to 10 Years in Storage | Up to 5 Years in Storage | No |
|  ZINC CARBON | For low drain devices such as: Clock Radio Remote Control Air Freshener | AA, AAA, C, D, 9V | Zinc Carbon | Up to 3 Years in Storage | Up to 3 Years in Storage | No |
|  RECHARGE | For high use devices such as: Toys Flashlight Wireless Mouse | AA, AAA | NiMH | 5 Year Power in Storage | N/A | Yes |
|  RECHARGE PLUS | For high drain & high use devices such as: Wireless Headset Power Tool | AA, AAA, C, D, 9V | NiMH | 5 Year Power in Storage | 5 Year Power in Storage | Yes |

TIPS & TRICKS

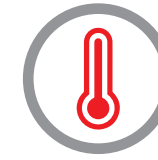

REMOVE BATTERIES IN STORED DEVICES

Many devices do not turn off completely when not in use.

USE MATCHING BATTERY TYPES

Mixing battery types (Alkaline, NiMH, Zinc Carbon) will limit performance and may cause damage to your device.

STORE BATTERIES AT ROOM TEMPERATURE

Temperatures over 85°F and below 60°F can shorten battery life. Store batteries in a cool, dry place.

SWITCH OFF BATTERY POWERED DEVICES

Devices can still use a small amount of power when sitting idle.

DO NOT MIX OLD AND NEW BATTERIES

Mixing batteries will limit performance to the lowest capacity battery and may cause damage to your device.

BATTERY DISPOSAL

For over 20 years, Rayovac has partnered with Call2Recycle® — the premier battery stewardship organization in North America. Rayovac helps support Call2Recycle's nearly 30,000 battery recycling collection sites across the U.S. and Canada. To find a drop-off location near you, please visit Call2Recycle's drop-off locator: www.call2recycle.org/locator

BATTERY TYPE

Primary/Single Usage

Alkaline, Zinc Carbon, Silver Oxide, Lithium, Zinc Air and Zinc-Chloride

Rechargeable

Nickel Metal Hydride (Ni-MH), Nickel Cadmium (Ni-Cd), Sealed Lead Acid, and Lithium Ion.

PROPER DISPOSAL

Batteries can be disposed of with normal household waste in all US states with the exception of Vermont. For proper disposal, seal batteries in bags or place tape on terminals.

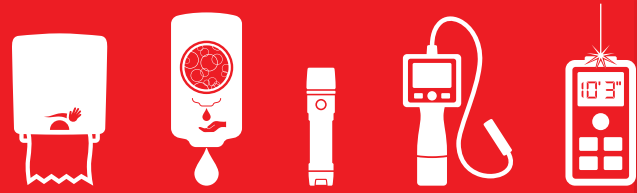

Batteries must be properly disposed using the Call2Recycle program.

FUSION™

NO ALKALINE BATTERY LASTS LONGER¹

Guaranteed to last longer² in today's most power hungry devices.³

No competitor can outlast **RAYOVAC® FUSION™** premium alkaline batteries¹—our longest lasting alkaline battery ever. Packed with energy-rich power, these batteries are specially formulated for power hungry, high drain devices.

Improved Current Collector

A longer, high purity brass nail creates stronger current capability.⁴

Zinc Formula

Our patent-pending breakthrough zinc formula creates better ion transfer for more powerful energy.⁶

High Purity Materials

Many of our materials meet pharmaceutical purity levels to control cell contaminants, extend shelf life, and avoid leakage.

Smart Seal

A highly engineered seal that allows more space for active ingredients.⁴

Max Can Capacity

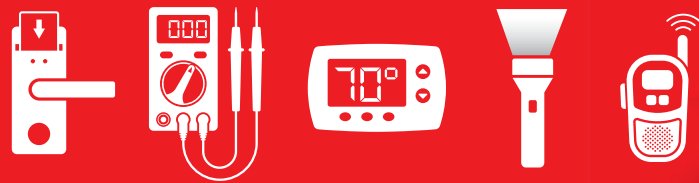

Highly efficient case for safely containing and delivering maximum power.⁵

ULTRA PRO™

ENGINEERED FOR PROFESSIONAL USE

Provides long lasting power for industrial and commercial devices.

OUT OF SIGHT, OUT OF MIND

Don't forget about batteries for your everyday devices.

It's easy to forget that smaller devices - calculators, security door bells, and smoke detectors — run on batteries. It is often not until the batteries stop working that we remember we need them. Rayovac offers batteries that keep those essential everyday devices going.

With the introduction of **ACTIVE CORE TECHNOLOGY** Rayovac has created our most advanced hearing aid battery yet.³ Designed to keep up with advancements in hearing aid technology and ideal for high drain uses like wireless streaming. Our innovative new package features longer battery tabs⁴, a secure dial and an easy access reclosable door.

ACTIVE CORE TECHNOLOGY

Long Lasting Formula

This long lasting formula provides consistent, high-quality performance throughout the life of the battery.

Optimal Battery Tab

Longer, wider tabs make it easier to handle batteries.⁴

Secure Dial

Controlled turn dial keeps batteries secure and protected.

Reclosable Door

Positioned for easy access to batteries and simple removal from package.

STORM PREP

BE SMART. BE SAFE. BE PREPARED

When hurricanes, wildfires, earthquakes, tornadoes, or lightning hit, Rayovac is here to cover your needs.

When the electricity goes out, make sure you're prepared with power. **RAYOVAC® ULTRA PRO™** and **HIGH ENERGY™** batteries have a 10 year power guarantee in storage¹

STORM PREP SUPPLY LIST

- Water - one gallon per person per day for at least three days
- Food - at least a three-day supply of non-perishable food
- Battery-powered or hand crank radio
- RAYOVAC® Flashlight
- First aid kit
- RAYOVAC® Batteries
- Whistle to signal for help
- Mask to filter contaminated air
- Plastic sheeting and duct tape to shelter-in-place
- Moist towelettes, garbage bags and plastic ties for personal sanitation
- Wrench or pliers to turn off utilities
- Manual can opener for food
- Local maps
- Cell phone with chargers and backup batteries.

BE PREPARED FOR ANYTHING

Please call 1-800-331-4522 Monday - Friday, 7:30 am - 4:30 pm CST.
For storm emergencies after normal business hours call our Hurricane Line
at 1-608-609-4573
