## DuraGard Waterproof Connections

T&B Catalog Number:

9P53U2

UPC Number:

70891716069

Status:

Active

Description:

DuraGard 50 Amp 250V Male Plug

### Features

Not just "watertight"; Waterproof for washdown duty (DurORing Sealing) that eliminates the need for costly "weather boots" or "adapters."

Durable, tough and flame safety rated housings for superior performance in corrosive environments.

Safe and reliable power connections: Pin and Sleeve, Voltage Polarized for more power operating cooler and ground pin keyed for voltage polarization (O-ring sealed).

Easy to wire with "drop-in" rear-loaded interiors using no assembly screws versus 3-5 or more with other connectors.

### Application

For use where electrical connections need protection from water and/or dust entrance to the contacts or the wiring compartment.

For use with any application where electrical connections need protection from water and/or dust entrance to the contacts or the wiring compartment

For washdown and light marine applications: watertight/waterproof such as food processing plants, bottling and beverage plants, pulp and paper factories, pharmaceutical manufacturing, barge and workboat applications, and outdoor construction sites.

For use with computer systems: data center and OEM products such as, raised floor applications, main power connections and critical power for test, instrumentation, telephone and medical equipment.

### General
