

Wire Protection Products

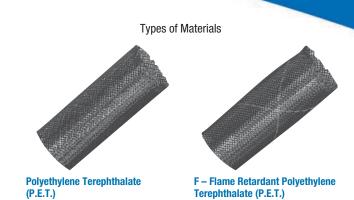

Braided Sleeving

Available in handy mini spools or bulk reels!

Thomas & Betts braided wire protection sleeving is used to bundle and protect wires and cables from abrasion and excessive wear. Its flexible, lightweight, open weave construction installs easily over a variety of bundle diameters and shapes. The sleeving is resistant to chemicals, fungus, fuels, UV sunlight, and has an indefinite shelf life. It's easily cut with a hot knife, which seals the end, preventing fraying. Ends can be secured using Ty-Rap[®] cable ties.

Available in:

- · Handy mini spools or bulk reels
- Eight sizes from 1/8 in. (3.18 mm) to 2-1/2 in. (63.5 mm) nominal I.D. size
- · Solid or wraparound hook and loop braided expandable wire sleeving
- Meets UL94V-1
- Meets Federal Motor Vehicle Standard No. FMV SS 302

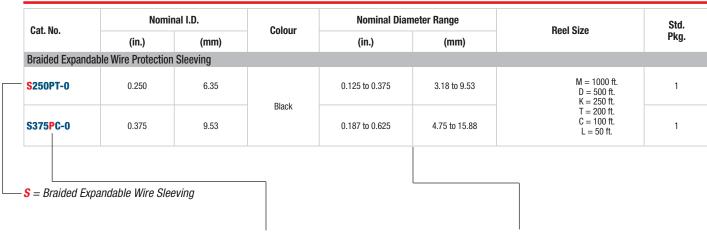

A black 0.010 in. (0.25mm) polyester monofilament material designed for indoor and outdoor applications. It's rated for continuous operating temp. -75°C to 125°C (-103°F to 257°F).

A 0.010 in. (0.25 mm) selfextinguishing polyester monofilament material that can be used indoors and outdoors. It's provided in black with white tracer for identification, and is rated for continuous operating temp. -75°C to 125°C (-103°F to 257°F). Meets UL 94V-1 Flammability Rating.
