

Press-In Trim Kit

Now Available in Retail Carded Packaging!

The Press-In Trim Kit provides a quick and easy solution to change or refresh the finish of existing bathtub strainers and cover plates. Simply "Press-In" the new strainer cover into an existing strainer body and replace the cover plate and stopper for a new chrome or special finish in the bathtub.

Each unit is made of durable stainless steel with a rubber washer ensuring a tight fit. The Press-In Trim Kits are designed to fit standard AB&A strainers (industry designation: (1½" - 11½") in both brass and zinc.

Press-In Trim Kits are available in today's most popular designer finishes

Simply Press-In on top of corroded strainer

KIT CONTENTS

- Press-In Strainer Cover
- Stopper
- Overflow Plate
- Converter Bar *(One Hole Overflow Plates Only)*
