

CHIPMATE

PERENNIAL RYEGRASS BLEND

- **Outstanding Turf Quality**
- **Superior Dark Green Color**
- **Improved Leaf Texture & Density**
- **Excellent Disease Resistance**
- **Great Choice for Overseeding Warm Season Turfgrasses**

Chipmate brand perennial ryegrass blend is a 3-way blend of top quality, improved perennial ryegrass varieties. It has excellent turf quality, superior dark green color, improved leaf texture and density as well as having excellent disease resistance.

Chipmate brand perennial ryegrass blend is an excellent choice for home lawns, parks and athletic fields in the North, as well as being an excellent choice for fall overseeding of warm season grasses in the South. Best of all, Chipmate comes in a variety of bag sizes for every seeding situation, from the smallest jobs to the overseeding of a golf course fairway.
