CUSTOM DECORATIVE HARDWARE

When it comes to design, details matter, especially with high-touch surfaces like wallplates. Whether you're building your dream home, designing your corporate headquarters, or strengthening the visual brand language of your hotel or restaurant chain, Amerelle is the perfect partner to turn your ideas into reality.

Amerelle's custom design program pairs your designers with ours. From minor tweaks on color or spec to full ground-up development of intricate new wallplates and hardware, our team is ready to bring your design concept to life. For decades, we've worked with some of the biggest names in the industry to create customized wallplate looks executed to their unique needs.

MATERIALS

METAL

Amerelle specializes in wallplates made from aluminum, brass, steel, and other types of metal with expert artisanship and finishing.

CERAMIC

Crafted with utmost care and attention to detail, our ceramic wallplates exude a clean and refined aesthetic. The smooth and glossy surface of each piece adds a glimmer to your walls, while the durability of ceramic ensures long-lasting beauty.

WOOD

Each wood wallplate is expertly finished to showcase the natural texture and depth, making every wall plate a statement piece that sparks conversation.

DÉCOR STYLES

Amerelle wallplates are designed to pair with a wide variety of décor styles.
