

Residential Powerful Compact[®] Electric Water Heater

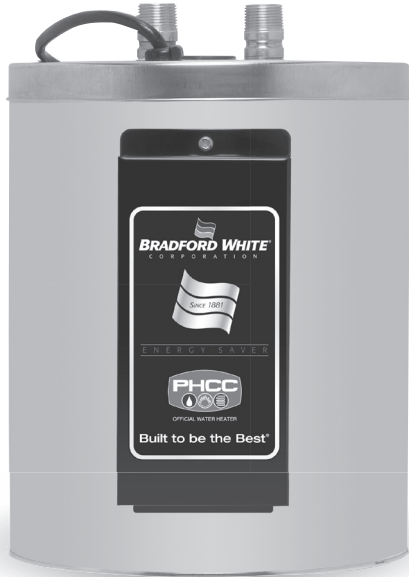

Photo is of
RE1-2U6

The Residential Electric Model Features:

- **Compact Design**— Can be mounted almost anywhere - under a sink, inside cabinets or hung on a wall.
- **Fully Automatic Thermostat Controls**—Fast acting surface-mount thermostat with high limit energy cut-off (manual reset) for safety.
- **Direct Heat Transfer with Immersed Element**—Transfers heat directly and efficiently to the water. Screw-in style.
- **Vitraglas[®] Lining with Microban[®]**—An exclusively engineered enamel formula that provides superior tank protection from the corrosive effects of water; and with Microban[®] antimicrobial product protection to help prevent the growth of bacteria, mold and mildew on the surface of the tank lining.
- **Insulation System**—Non-CFC foam precast surrounds tank.
- **Water Connections**—3/4" (19mm) NPT factory-installed true dielectric fittings extend water heater life and simplify water line connections.
- **Protective Anode Rod**—Provides added protection against corrosion for long-term, trouble-free service.
- **Steel Tank**—Heavy gauge steel automatically formed, rolled, and welded.
- **Steel Jacket**—With special coating that inhibits rust and corrosion.
- **T&P Relief Valve**—Included.

Optional Feature:

- **Wall Mounting Bracket.**

FEATURING:

6 or 10-Year Limited Tank Warranties / 6 or 10-Year Limited Warranty on Component Parts.

For more information on warranty, please visit www.bradfordwhite.com

For products installed in USA, Canada, and Puerto Rico. Some states do not allow limitations on warranties. See complete copy of the warranty included with the heater.

Microban[®] antimicrobial product protection helps prevent the growth of bacteria, mold and mildew that may affect the product. The built-in antimicrobial properties do not protect users or others from disease-causing organisms. Microban[®] is a registered trademark of Microban Products Company.

Residential Powerful Compact® Electric Water Heater

Powerful Compact® Model

Meet or exceed ASHRAE 90.1 (latest edition).
