Molasses Products, Roughage Products, Processed Grain By-Products, Urea, Magnesium Limestone, Ammonium Lignin Sulfonate, Salt, Calcium Carbonate, Vegetable Oil, Monocalcium Phosphate, Sodium Selenite, Vitamin E Supplement, Vitamin D Supplement, Artificial Flavoring, Vitamin A Supplement, Manganese Sulfate, Zinc Sulfate, Copper Sulfate, Ethylenediamine Dihydroiodide, Cobalt Carbonate.

Manufactured For:

Protrition Feed, LLC
180 Old Nashville HWY
LaVergne, TN 37086

Net Weight

Co-op 25% Cattle Supplement Tub

FEEDING DIRECTIONS

TO OPEN – Remove Top Cardboard and Protective Sheet

This is a supplement for ruminant animals only. Adequate roughage must be available at all times. Intake of this product should average 0.75 to 2.0 lbs. per head per day based on a 1,000 pound animal.

DO NOT FEED TO OVERLY HUNGRY OR STARVED ANIMALS, AS OVER CONSUMPTION MAY OCCUR.

This product has been designed for “FREE CHOICE” usage in conjunction with good management practices. Consumption is controlled by a combination of factors including: composition of the supplement; hardness of the supplement; quality and quantity of roughage; weather conditions; previous feeding practices and management practices. Upon initial offering, place blocks at a ratio of one block per 25 to 40 head in an area where animals congregate, such as in loafing areas, near water source or where supplemental roughage is fed. Once animals have become accustomed to **CO-OP SENSIBLE-LYX FORAGE SUPPLEMENT** consumption can be managed:

- **TO PROMOTE HIGHER LEVELS OF CONSUMPTION:** Increase number of blocks available. Relocate blocks closer to loafing, water, or feeding locations.
- **TO REDUCE LEVELS OF CONSUMPTION:** Reverse above practices.
- **OBSERVE THE FOLLOWING PRECAUTIONS:** Provide unlimited drinking water. Provide adequate roughage in terms of both quantity and quality. Provide adequate mineral supplement free-choice in addition to **CO-OP SENSIBLE-LYX FORAGE SUPPLEMENT**. Monitor consumption closely and employ above management practices to control animal intake.

SELLER WARRANTS ONLY THAT THIS FEED CONFORMS TO THE DESCRIPTION ON THE LABEL AND IS SUITABLE FOR THE PURPOSES SET FORTH WHEN USED IN ACCORDANCE WITH THE DIRECTIONS FOR USE ON SAID LABEL.

WARNING- CAUTION USE AS DIRECTED

THIS SUPPLEMENT SHOULD BE USED ONLY IN ACCORDANCE WITH THE DIRECTIONS THIS TAG. THIS PRODUCT CONTAINS SUPPLEMENTAL SELENIUM (SE) INTAKE OF SUPPLEMENTAL SELENIUM SHOULD NOT EXCEED 0.3 PPM ON A DRY BASIS.

CONSULT YOUR DEALER FOR PRODUCTS SPECIFICALLY DESIGNED FOR SHEEP/GOATS. THIS PRODUCT CONTAINS SUPPLEMENTAL COPPER AND AT NORMAL CONSUMPTION LEVELS MAY CONTRIBUTE SOME 5 TO 12 PARTS PER MILLION COPPER TO THE DIET. TOTAL DIET COPPER FOR SHEEP/GOATS FROM ALL SOURCES SHOULD NEVER EXCEED 20 PPM.

This product was manufactured in a facility that does not handle or store animal protein products prohibited in ruminant feed as described in 21 CFR section 589.2000.

"This feed was packaged in a facility certified in the American Feed Industry Association's Safe Feed/Safe Food Certification Program; for details go to: www.safefeedsafefood.org."
