Helping backyard hobbyists,
homesteaders & hobby farmers

Farm & Ranch Products Since 1941

Dear Valued Customer,

As we introduce our 2025 catalog, I want to personally thank you for your ongoing loyalty and support to Miller Manufacturing. It is because of customers like you—farmers, ranchers, and hobbyists, hard-working individuals who understand the value of quality and resilience—that we’re inspired each day to produce dependable products that support your hobbies and livelihood.

At Miller, we believe that choosing American-made products is an investment in quality, efficiency, and reliability. By manufacturing the majority of our products locally, we are confident in our ability to deliver products that hold up under the rigorous demands of Hard Work Worth Doing.

Innovation is also at the heart of what we do. In 2024, we launched over 20 new products to help you work smarter and more efficiently, and we’re on track to bring you even more in 2025. We’ve also listened closely to your feedback, which led to the launch of our redesigned website this year. It’s now easier than ever to navigate product information, browse our catalog, and even order replacement parts with just a few clicks. Our new customer service chat box feature lets you connect with our dedicated team in real-time, offering how-to guidance and product support whenever you need it. Unlike purchasing from overseas vendors, you have direct access to Miller’s customer service team, ready to provide you with top-notch support.

We remain committed to being the brand you trust for years to come. Thank you for choosing Miller Manufacturing and **BUY AMERICAN!**

Sincerely,

Dan Ferrise
CEO, Miller Manufacturing

We take pride in hard work, care about the health and safety of animals, live a healthy and active lifestyle, and we like to grow and raise our own food.

WE BELIEVE IN THE **HARD WORK WORTH DOING**, WE CALL IT **THE MILLER WAY**.

Understanding Item Listings

For more information on product carton dimensions and weights contact your Miller Manufacturing Sales Representative.

Unit Conversion Guide

Capacities of our products are approximate and may vary depending on use.

Length

- 22"es = 55.88 cm.
- 24"es = 60.96 cm.
- 32"es = 81.28 cm.
- 36"es = 91.44 cm.
- 42"es = 106.68 cm.
- 48"es = 121.92 cm.
- 52"es = 132.08 cm.
- 60"es = 152.4 cm.
- 72"es = 182.88 cm.

To calculate cubic feet:

$$L \times W \times H \div 1728$$

To convert inches to cm.:

Multiply the given inch value by 2.54 cm

Liquid Measure

- 8 Ozs = 1 Cup = 1/2 Pint = 0.24 liter
- 2 Pints = 1 Quart = 0.95 liter
- 2 Quarts = 1/2 Gallon = 1.89 liter
- 4 Quarts = 1 Gallon = 3.79 liter
- 8 Quarts = 2 Gallons = 7.57 liter
- 12 Quarts = 3 Gallons = 11.36 liter
- 16 Quarts = 4 Gallons = 15.14 liter
- 20 Quarts = 5 Gallons = 18.93 liter
- 26 Quarts = 6 1/2 Gallons = 24.61 liter
- 60 Quarts = 15 Gallons = 56.78 liter
- 70 Quarts = 17 1/2 Gallons = 0.95 liter

Dry Measure

- 2 Pints = 1 Quart = 1.14 liter
- 5 Pints = 2 1/2 Quarts = 2.84 liter
- 3 Quarts = 12 Cups = 3.41 liter
- 4 Quarts = 16 Cups = 4.55 liter
- 6 Quarts = 24 Cups = 6.82 liter

Our Efforts to be Eco-Friendly

We have made it a priority to consider the environment and natural resources in the manufacturing of our products and operation of our facilities, including:

- Use of recycled materials in many of our products
- Utilization of recycled plastic resin
- Utilization of recovered energy sources from our local landfill to power our manufacturing facility
- Investment in energy efficient lighting technologies allowing us to reduce our energy consumption
- Water-soluble machining oil used versus a hazardous waste oil
- Recycling of all manufacturing scrap materials
- This catalog has been printed on FSC certified paper with 10% PCW (post-consumer waste)

Miller Manufacturing

Poultry, Game Bird & Duck Products

Innovators in Poultry Supplies Since 1941

We are proud to offer a full line of products, with everything from feeders and waterers, to incubators and nesting supplies. And with many of our products produced here in the United States, we offer value and service that can't be beat.

Over 80 years in business has taught Little Giant® a thing or two about making quality, lasting products. Our products not only look good on the outside, they're built to last on the inside. Heavy-duty handles, reinforced tops, rolled edges for animal safety...these are all things we don't need to do, but we do them because we stand behind the quality of our product.

Learn more about our products and categories we offer, by locating them on the pages listed below:

Innovators in Poultry Supplies Since 1941

Deluxe Hen Hydrator

These gravity-fed Hen Hydrators provide access to clean water on demand. The translucent bucket was designed to provide UV protection to prevent algae growth and allow for easy viewing of the water level. Convenient twist locking lid is sloped to prevent roosting and makes cleaning easy. Ergonomic handle is designed for the unit to be hung easily and includes a free Little Giant® Bucket Handle Grip (Model #166713) for comfortable carrying with plenty of clearance between hand and bucket. Each of the 4 side-mounted drinking nipples accommodates up to 4 adult birds and allow for easy access.

DHH1 1 Gallon Deluxe Hen Hydrator

L 12.25" x W 13.75" x H 12.5" · 3 pk
Best for up to 10 adult birds.

DHH3 3 Gallon Deluxe Hen Hydrator

L 12.5" x W 20" x H 12.5" · 3 pk
Best for up to 18 adult birds.

HDHH3 API® 3 Gallon Heated Deluxe Hen Hydrator

L 12.5" x W 13.75" x H 12.5" · 3 pk
Best suited for up to 18 adult birds. Provides access to clean water on demand while keeping it ice-free up to -10F.

! Handle allows for easy hanging!

DHH1

! Help keep water clean and prevents disease.

HDHH3

172035

188890

172035 4 Pack Vertically-Mounted Nipples

L 28.5" x W 4.75" x H 1.25" · 12 pk Clip Strip
Transform a standard bucket or PVC pipe into a poultry watering device. Nipples are easy to install and help keep water clean and prevent disease. Each nipple accommodates up to 4 juvenile or adult birds. Nipples should be mounted vertically.

188890 4 Pack Side-Mounted Nipples for Hen Hydrator

L 28.5" x W 4.75" x H 1.25" · 12 pk Clip Strip
Transform a standard bucket or PVC pipe into a poultry watering device. Nipples are easy to install and help keep water clean and prevent disease. Each nipple accommodates up to 4 birds. Nipples should be mounted on the sides horizontally. Recommended for adult birds only.

Automatic Poultry Waterer

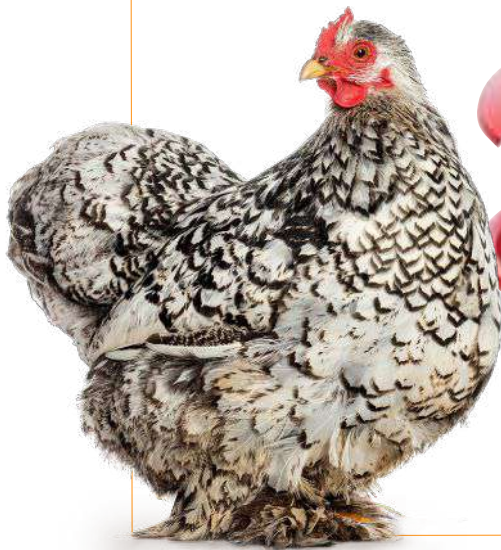

166386 Automatic Poultry Waterer 

L 14" x W 12.75" x H 10.5" · 1 pk

Best for up to 15 adult birds. Includes a 30' hose (3/4" diameter) that attaches to a standard garden hose for a continuous flow of fresh water for your flock.

Automatic float controls the water level so there is no spilling or overflow. Oversized cover extends beyond the edge of the bowl to keep debris out of the water. Angled cover prevents roosting.

Designed for use with juvenile or adult birds (not intended for chicks).

166386

Automatic Poultry & Game Bird Founts

Miller's original product dating back to our roots in 1941. The Little Giant® poultry founts have been used by poultry experts for years. These dependable waterers hook up to any standard 1/2" NPT pipe to provide a limitless supply of clean water. Safely operates between 20-50 psi.

2500 Game Bird Fount

L 6.5" x W 6.5" x H 5" · 6 pk

Best for up to 175 adult birds. Holds 2 pints of water. Bowl measures 6.5" in diameter and 2.5" deep.

2525 Baby Chick Fount

L 7.25" x W 7.25" x H 5" · 6 pk

Best for up to 200 chicks. This extra shallow bowl helps reduce the risk of baby birds drowning. Holds 1.5 pints of water. Bowl measures 7.25" in diameter and 1.25" deep.

2550 King Size Fount

L 8.5" x W 8.5" x H 5" · 6 pk

Best for up to 250 adult birds. Holds up to 1.5 quarts. Bowl measures 8.5" in diameter and 2.75" deep. Works well for larger birds, like turkeys, ducks or peafowl.

1018 Bowl Guard

L 6.75" x W 6.75" x H 1.75" · 1 pk

Accessory for the King Size (2550) and Game Bird (2500) Founts. Acts as an anti-roost device. Helps prevent debris from getting into water.

Poultry Accessories

EGGAPRON

NEW! **EGGAPRON Egg Collecting Apron**
 L 9" x W 7" x H 15" · 6 pk
 This handy apron allows for hands-free collection of your backyard eggs. It has 15 individual pockets that are large enough to hold multiple eggs. Made of sturdy fabric that can hold the weight of the eggs. The apron size is 26" x 21" with a long tie. One size fits most.

SKELTER

NEW! **SKELTER Egg Skelter**
 L 14.375" x W 13.75" x H 14.625" · 4 pk
 Stores and displays farm fresh eggs at room temperature. Attractive spiral design allows for first in, first out egg collection and usage. Made of heavy duty stainless steel to support weight of eggs. Not recommended for store bought eggs. Holds up to 36 eggs.

SKEWER

NEW! **SKEWER Chicken Treat Skewer**
 L 10.5" x W 3" x H 1.375" · 6 pk
 Keep the coop clean and chickens happy and active with this stainless steel treat skewer. It fits a wide variety of fruits and vegetables such as apples, carrots and cob corn. A heavy-duty clip attached to a 9" chain and 4" skewer allows for easy hanging on cage or fence.

Great for avoiding bad habits with your flock due to boredom

TB4

NEW! **TB4 Chicken Treat Ball**
 L 12" x W 8.625" x H 8.5" · 12 pk
 This powder-coated metal ball keeps chickens busy and the coop clean. Perfect size for most fruits and vegetables such as lettuce, apples, carrots or others that chickens may enjoy. Small openings between wire to secure fruit and vegetable pieces inside. Strong 5.5" chain with hook for hanging. 4" diameter.

NESTPAD10

NEW! **NESTPAD10 Poultry Nesting Pads** 
 L 13.625" x W 13.625" x H 6.5" · 6 pk
 Poultry nesting pads provide a soft laying area for eggs that prevents breakage and keeps the coop clean. Designed to fit most nesting boxes, but can be cut for precise fit. Reduces moisture in nesting box to prevent bacteria growth. Elevates eggs for easier gathering. Each pad backed with brown craft paper. Pad size is 13" x 13". Package of 10.

RNESTPAD6

NEW! **RNESTPAD6 Reusable Poultry Nesting Pads**
 L 12.5" x W 12" x H 1.5" · 6 pk
 Reusable poultry nesting box pads provides a soft laying area for eggs that prevents breakage and keeps the coop clean. Simply rinse to clean and reuse. Pad size is 12" x 12". Pads are designed with holes to reduce moisture in nesting box, preventing bacteria growth. Package of 6 pads.

See page 21 for more nesting options

NEW! **PWBRUSH Poultry Waterer Cleaning Brush**
 L 24.625" x W 2.05" x H 7.375" · 6 pk
 L-shaped brush easily reaches inside of containers and enables thorough cleaning to protect against harmful bacteria. High quality polypropylene bristles are perfect for poultry feeders and waterers. Dishwasher safe. Overall length of brush is 24".

PWBRUSH

Egg Flats

EGGFLAT30 Egg Flat (12 per package) 

L 11.75" x W 11.75" x H 1.75" • 4 pk

These 5x6 Egg Flats hold up to 30 eggs, size small up to extra large. Great for selling or transporting your eggs, or for storing and organizing small parts.

EGGFLAT30

EGGCTNSLD

Egg Carton

EGGCTNSLD Egg Carton 

L 11.75" x W 4" x H 3.75" • 200 pk

High-quality, natural colored (gray) 100% reclaimed paper features simple, classic farm imagery. Includes the required FDA Safe Handling Instructions and Keep Refrigerated Warnings. No grade or size specified on carton, so carton can be used for a variety of egg sizes. Solid top. Comes in a pack of 200 cartons.

Ceramic Eggs

Simply place these ceramic eggs in a nesting box to encourage hens to lay eggs. They look and feel like the real thing – same color, size and weight! They also help discourage chickens from pecking or eating eggs.

Innovators in Poultry Supplies Since 1941

Brooder

BROODER Galvanized Chick Brooder Box

L 39.4" x W 18.7" x H 23.6" · 1 pk

A safe observatory for brooding chicks up to four or five weeks old. Sturdy metal arm holds a brooder lamp (sold separately) over one side of the brooder. Chicks can move between the section of the brooder with solid metal walls and the section with wire grid walls to warm up or cool down as needed. Wire mesh floor has openings 5/16" apart. Pine shavings, hay, or straw can be used for bedding, especially if the breed you have selected have smaller sheens for the floor spacing. Dropping pan slides in and out under the wire mesh floor for easy removal and cleaning. Easily assembled using a flathead screwdriver and the included hardware.

BROODER

Works great with other Little Giant® accessories. Sold separately.

Brooder Kit

172196 Chick Brooder Kit

L 32.5" x W 34" x H 34" · 1 pk

Best for up to 15 chicks. Kit comes with a washable and reusable plastic corrugated wall and stand which includes a hook for a Brooder Reflector Lamp to be hung. The lamp stand can be secured to the wall for added safety with the included cable ties. This stand is also adjustable allowing the height of the lamp to be modified as chicks grow. Enclosure measures approximately 3 feet in diameter and 16" tall when assembled.

QUICK & EASY Set-Up!

Circular design prevents corner crowding which can result in chick injury and/or suffocation

Brooder Lamp

170017 10.5" Brooder Reflector Lamp

L 10.5" x W 5.875" x H 13" · 4 pk

Best for up to 100 chicks. Heat-resistant ceramic socket and double wire bulb guard for safety. Features 6-foot electrical cord specially designed to prevent wires from coming loose and causing shock. The cord also features polarized male prongs and scratch-resistant clamp with ball joint for easy positioning. Corrosion-resistant aluminum shade has a built-in hanger. Uses 300W bulb maximum. cULus Listed.

LGBPKIT

Nesting Boxes

165525 Open Nesting Box

L 17" x W 11.625" x H 11.875" · 6 pk

Better than metal and wood nests, and costs less! Made of high-density, impact-resistant polyethylene that will not rust, rot, or corrode. Hen-friendly design features an open back and top to allow better ventilation and easier access to eggs inside coops. The front lip helps prevent loss of bedding and the slightly graded floor leads to a back drainage hole. Mounts securely on wall with slide-type screw holes or sits squarely on a shelf. Space-saving modular layout can be mounted vertically or side by side on 16" on-center studs.

163620 Single Nesting Box

L 16.5" x W 15.88" x H 19.75" · 6 pk

Made of high-density, impact-resistant polyethylene that is easy to keep clean and will not rust, rot or corrode. Mounts securely on wall with slide-type screw holes. Sloped roof prevents roosting.

- Mounts to 16" on-center studs
- Ventilation holes for fresh air
- Perch gives hens a place to land before entering nest

Hang three units vertically and fit within recommended guidelines - first unit should be mounted 24" off the ground to protect from predators. Top unit will be low enough from ceiling to prevent roosting.

! Can mount vertically or side by side.

PNB1 Deluxe Plastic Nesting Box

L 14.5" x W 16.5" x H 18" · 5 pk

Made of impact-resistant polyethylene which is easy to clean and will not rust, rot, or corrode. The bottom basket is closed to prevent loss of bedding or eggs, but it features a hinged cover which allows easy access to eggs. The sloped roof prevents roosting. Mounting hardware and instructions included.

! Hinged cover for easy access to eggs

COMPARE TO METAL AND WOOD UNITS:

- Stays warmer in winter months
- Reduces mite and bug infestations
- Easier to clean · More sanitary

Restraining Cones

Cones restrain birds during processing and make clean up easy. Made of heavy-gauge galvanized steel with hemmed edges for safety. The flat back design allows for easy mounting.

RC2 Restraining Cone Medium

L 10.5" x W 7.25" x H 16" · 6 pk

For use on large layers, broilers, roasters and young turkeys up to 10 lbs.

RC3 Restraining Cone Large

L 13.25" x W 9.25" x H 20.625" · 6 pk

For use on larger broilers and medium turkeys up to 18 lbs.

Nesting Pads

NEW! NESTPAD10 Poultry Nesting Pads

L 13.625" x W 13.625" x H 6.5" · 6 pk

Poultry nesting pads provide a soft laying area for eggs that prevents breakage and keeps the coop clean. Designed to fit most nesting boxes, but can be cut for precise fit. Reduces moisture in nesting box to prevent bacteria growth. Elevates eggs for easier gathering. Each pad backed with brown craft paper. Pad size is 13" x 13". Package of 10.

NEW! RNESTPAD6

Reusable Poultry Nesting Pads

L 12.5" x W 12" x H 1.5" · 6 pk

Reusable poultry nesting box pads provides a soft laying area for eggs that prevents breakage and keeps the coop clean. Simply rinse to clean and reuse. Pad size is 12" x 12". Pads are designed with holes to reduce moisture in nesting box, preventing bacteria growth. Package of 6 pads.

The Best Just Got Better!

In an effort to continually provide the highest quality products, we have made several changes to our Incubator line. We believe these updates will make our Incubators better than ever—easier to set up and use, with more accurate temperature and humidity readings, which will help contribute to better hatch rates.

Redesigned Controller

All information is now on one screen, eliminating the need to switch screens to set the temperature.

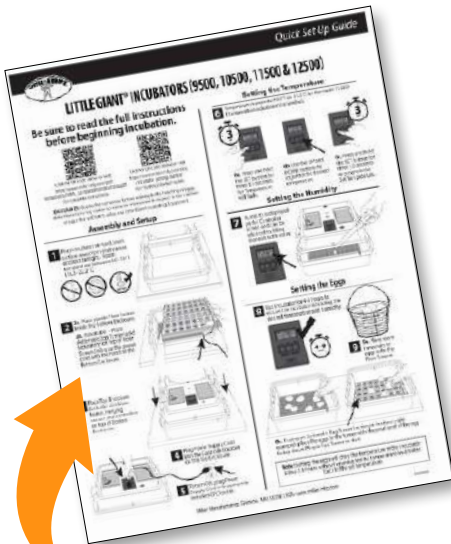

! Digital readout of temperature and humidity levels

Updated Styrofoam Top

Fewer openings and the addition of a gasket protect electronic components from humid air and condensation.

Patented Design

Quick Start Setup Guide

This one-page illustrated guide helps the user get their incubator going right away. QR codes link to complete instructions and a helpful video.

Improved Sensor

Keeps temperature steady and consistent during the hatch.

COMPARE TO COMPETITIVE UNITS:

- Plastic vs. metal heating element
- Includes digital hygrometer
- Assembled in the USA
- Dishwasher-safe plastic screen - easy to clean

Learn more about incubating with Little Giant®.

Digital Incubators

Durable styrofoam retains the warmth generated by a gentle and safe heating element controlled by a highly dependable, digital control board. The LCD display with LED light shows accurate temperature and humidity readings instantly. The self-regulating control board adjusts the temperature to suit varying environments. The built-in digital hygrometer and moisture channels help maintain humidity, a key factor in egg health during hatch. Patented design.

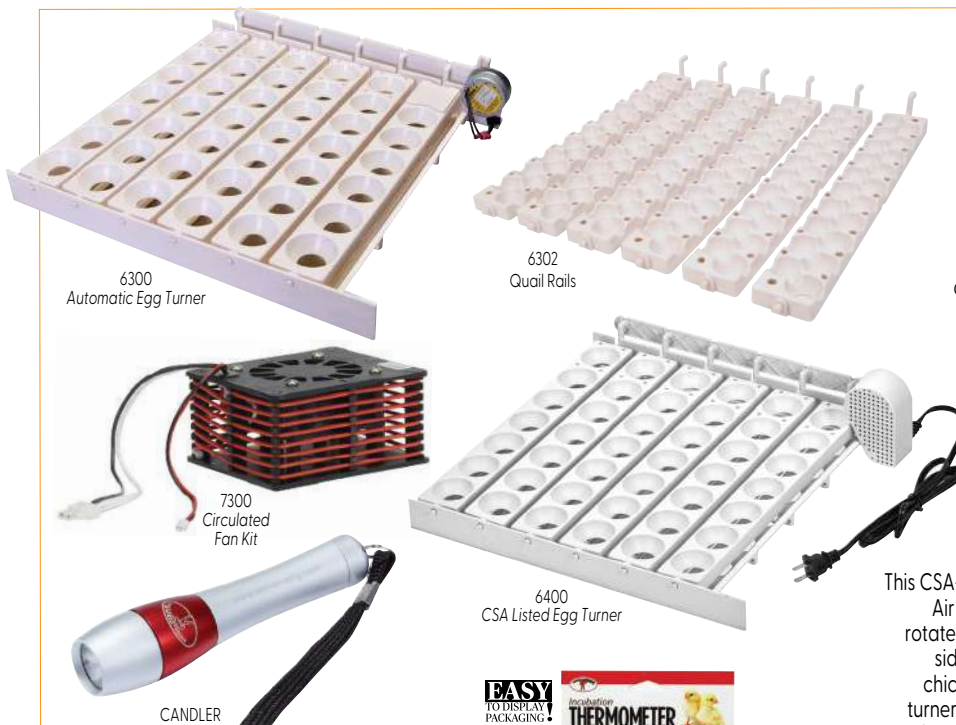

Little Giant® Incubators are not intended for professional or commercial use or for the incubation of exotic birds.

Incubator Accessories

6300 Automatic Egg Turner

L 15.25" x W 15" x H 3" · 1pk

No assembly required. Easy to clean and operate. Turner is sold complete with 41 large egg cups (7 cups per rail).

6302 Quail Rails

L 15" x W 2" x H 4" · 1pk

Designed for quail and other small eggs. 120 egg capacity. Rails fit into 6300 and 6400 Egg Turners.

7300 Circulated Air Fan Kit

L 5.25" x W 4.875" x H 3.125" · 1pk

Transforms the Little Giant® Still Air Incubator into a Circulated-Air Incubator. Recommended for environments with frequent temperature fluctuations. Fan constantly circulates the air to maintain a proper temperature throughout the incubator, eliminating harmful hot and cold spots.

6400 CSA Listed Egg Turner

L 15.25" x W 15" x H 3" · 1pk

This CSA-listed Egg Turner fits any Little Giant® Circulated-Air or Still-Air Incubator. Electric motor automatically rotates the eggs to prevent the yolk from settling to one side and to exercise the embryo. Plastic cups hold 41 chicken eggs. (Turkey and duck eggs will not fit in this turner.) No assembly required. Dishwasher safe, easy to clean and operate. Quail rails for smaller eggs are sold separately.

6303 Thermometer Kit

L 4.25" x W 0.22" x H 4.5" · 1pk

Thermometer is filled with alcohol and kerosene, no mercury.

! Mylar backing keeps it on top of the eggs

CANDLER Egg Candler
L 3.6" x W 1.25" x H 7.5" · 6pk

Quickly and easily check the development of eggs. This battery-operated light features a bright, energy-efficient LED bulb that runs cooler than traditional bulbs. The convenient cord-free design fits easily in a pocket and features a wrist strap. Uses one AAA battery (included).

Farm & Ranch Products

Since 1941

Our Little Giant® brand provides hobby farmers and ranchers with high-quality, farm-tough products, designed for everyday use in caring for animals. Whether feeding and watering livestock and poultry, beekeeping or general stall maintenance, Little Giant® has the best selection of products to assist with animal care.

The Hot-Shot® brand is the industry standard of electric livestock prods that assist in the movement and transportation of livestock. Hot-Shot® leads the prod market with the world's largest selection and continues to provide innovative product solutions. **Our selection of Hot-Shot® products starts on page 61.**

Our Springer Magrath® brand is a leading brand of livestock prods, veterinary supplies and a diverse line of farm and ranch products. **Our selection of Springer Magrath® products starts on page 66.**

Plastic Buckets

Plastic buckets have always been a favorite around the farm. The flat back fits more compactly against a wall or fence. These buckets really simplify feeding and watering on a daily basis. Buckets are made from polyethylene resin that is impact resistant, protects against warpage and helps prevent stress cracks.

Better Bucket®

Patented ergonomically-designed feeder is excellent for horses, cattle and other livestock. Angular design better accommodates animal's facial structure, allowing a more natural eating manner. Tapered sides funnel feed toward back of bucket which makes feed more accessible and reduces animal behavioral or straining concerns.

Flat back provides stability against a wall or fence. Fits on a flat wall with either a traditional wall bracket or snap hook. Durable, impact resistant, high-density polyethylene construction with smooth finished edges and heavy-duty handle.

Beekeeping Supplies

A Simple Hobby with Sweet Rewards®

The Little Giant® beekeeping product line consists of top-quality products that are compatible with a wide range of existing products on the market. The Langstroth-design hive and accessories will work for the new hobbyist beekeeper or be compatible with existing products that experienced beekeepers are already working with in their orchards, farms, or gardens.

Our 10-frame unfinished pine hive has high-quality features not found on many of the other hives on the market, including: a screened bottom board and mite grid for pest management; metal frame rests for easier frame removal; and strong, interlocking box joints for a solid structure. **See pages 49-55 for our full line of beekeeping supplies.**

Learn more about our products and categories we offer, by locating them on the pages listed below:

Beginner Hive Kits

Little Giant® woodenware products are the foundation for new and experienced beekeepers alike. Made from natural pine, Little Giant® hives, supers, and frames are designed to fit most standard 10-frame Langstroth hives to enable both beginner and established beekeepers to expand their beekeeping hobby. With specially designed features—such as a screened bottom board on the hive and wax-coated foundation installed in the frames—Little Giant® woodenware provides everything needed to raise healthy, thriving hives.

BEGHIVEKIT

BEGHIVEKIT Beginner Hive Kit

L 22" x W 18.5" x H 19.5" · 1pk

Looking to get into the rewarding hobby of beekeeping? Start here! This Little Giant® Beginner Hive Kit has all the basics to get you started. The Langstroth Hive comes pre-assembled for easy set up and use. The Beginner Beehive includes: telescoping outer cover, vented inner cover, 10-frame 9.5" deep hive body, 9.125" wooden frames with wax-coated black plastic foundation, solid bottom board and entrance reducer. You also get a smoker, smoker fuel, bee brush, hive tool and frame feeder. Bees and other supplies must be purchased separately.

HIVE10

HIVE10 10-Frame Complete Hive

L 21.875" x W 18.25" x H 14" · 1 pk

Pre-assembled for easy set up and use. The Complete Beehive includes: telescoping outer cover with protective metal layer, vented inner cover, 10-frame 9.5" deep hive body, 9.125" wooden frames with wax-coated black plastic foundation, screened bottom board, mite grid and entrance reducer. Bees and other supplies must be purchased separately.

DEEPBOX10

MEDBOX10

DEEPBOX10 10-Frame Deep Hive Body

L 19.875" x W 16.25" x H 9.5" · 1 pk

Pre-assembled for easy set up and use. Includes ten wooden frames with pre-installed wax-coated black plastic foundation for easy viewing of hive activity. Made of natural pine, the Deep Hive Body can be used as either a Brood Box or Honey Super and is precision-milled for maximum strength. Ready to be added to your hive right out of the box!

MEDBOX10 10-Frame Medium Super

L 19.875" x W 16.25" x H 6.5" · 1 pk

Pre-assembled for easy set up and use. Includes ten wooden frames with pre-installed wax-coated yellow plastic foundation, preferable for honey harvesting. Made of natural pine, the Medium Super is precision-milled for maximum strength. Ready to be added to your hive right out of the box!

OUTERCOVER

OUTERCOVER Beehive Outer Cover

L 22" x W 18.625" x H 2.875" · 1 pk

Keep the elements out of your hive with this Little Giant® Outer Cover. Made from durable wood with a weather-resistant aluminum covering. This Outer Cover will fit securely on your 10-frame Langstroth hive. The cover can slide front to back (telescope) in order to provide more or less ventilation to the hive. Perfect for building your own hive, or as a replacement part for your Little Giant® hive. Can be painted or left natural.

INNERCOVER

INNERCOVER Beehive Inner Cover

L 20" x W 16.4375" x H 0.79" · 1 pk

This Little Giant® Inner Cover provides extra ventilation and fresh air to your hive, as well as an added layer of insulation and protection when placed under an outer cover. By adding this wooden vented Inner Cover to your 10-frame Langstroth hive, it prevents your Outer Cover from being propolized and stuck to the hive body. Made from 1/4" plywood with tongue-and-groove (on both cover and solidboard) framing. Fits on all Little Giant® 10-frame Hives. Can be used with our Little Giant® Bee Escape (sold separately) to easily remove bees from supers at honey-harvesting time.

SCREENBOARD

SCREENBOARD Beehive Screened Bottom Board

L 21.75" x W 16.25" x H 2.875" · 1 pk

The Screened Bottom Board is an important tool when it comes to pest management in beekeeping. Along with a mite grid (included), it allows you to passively control and monitor mite levels and accurately measure the number of mites present in the hive. Using this Little Giant® Screened Bottom Board can help you reduce mites, improve ventilation in your hive, and may increase brood production. This Screened Bottom Board is made of durable pine. Works with all Little Giant® 10-frame Hives.

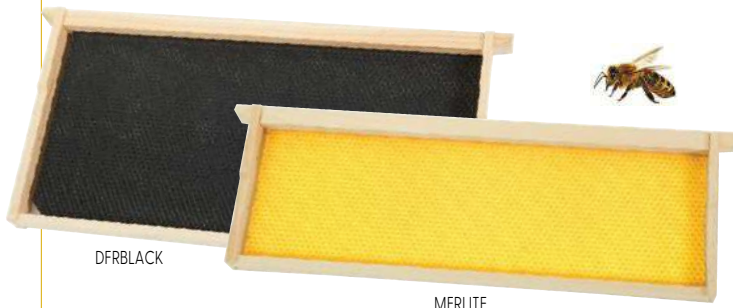

SOLIDBOARD

SOLIDBOARD Beehive Solid Bottom Board

L 21.875" x W 16.3125" x H 1.88" · 1 pk

This Little Giant® Solid Bottom Board is made of one piece 3/4" exterior plywood with tongue-and-groove white pine rails. Can be used as an alternative to screened bottom boards in your hive. Makes a durable, stable base for your hive. Can be used with all Little Giant® 10-frame Hives.

Woodenware (Continued)

DFRBLACK

MFRLITE

FOUNDDEEP5

FOUNDMED5

DFRBLACK Deep Hive Frames (5 per box)

L 19.25" x W 9.5" x H 6.5" · 1 pk

Made of natural pine and comes with black wax-coated plastic foundation already installed for easy viewing of your hive's brood activity. Ready to be placed in your hive right out of the box!

MFRLITE Medium Hive Frames (5 per box)

L 19.25" x W 6.5" x H 6.5" · 1 pk

Made of natural pine and comes with yellow wax-coated plastic foundation already installed. The yellow of the foundation is preferable for honey harvesting. Ready to be placed in your hive right out of the box!

FOUNDDEEP5 Deep Foundation (5 per bag)

L 18" x W 10" x H 0.625" · 6 pk

Black plastic foundation coated with beeswax. Ready to install in deep (9.125") frames. More durable than wax foundation.

FOUNDMED5 Medium Foundation (5 per bag)

L 18" x W 6.5" x H 0.625" · 6 pk

Yellow plastic foundation coated with beeswax. Ready to install in medium (6.25") frames. More durable than wax foundation.

Protective Apparel

JKTM / JKTLG / JKTXL / JKT2XL

JKTM/JKTLG/JKTXL/JKT2XL Deluxe Beekeeping Jacket in 4 Sizes

L 12" x W 13" x H 3" · 3 pk

Made of 50/50 poly-cotton blend, this deluxe jacket comes with a self-supporting domed veil. The veil is attached with a heavy-duty, two-way cloth zipper that allows it to be easily removed. The collapsible veil does not need to be fully removed – it can also hang behind like a hood. The jacket features a hook-and-loop patch at the front of the neck opening which secures the veil/jacket connection for extra protection from stray bees.

This jacket is generously cut to allow freedom of movement and includes elastic wrist cuffs and waistband to keep bees out. It features four roomy front pockets that can hold smoker fuel or other items. On each sleeve there is an additional pocket which is the perfect size for a hive tool. A great alternative for someone who does not want to wear a full bee suit when inspecting hives. One jacket and veil per package.

HVEIL

GLVMD / GLVLG

GLVMD Gloves Goatskin - Medium

GLVLG Gloves Goatskin - Large

TYSUITXL Beekeeping Tyvek® Coverall - Extra Large

L 13.5" x W 7.5" x H 1.375" · 3 pk

The full-front zipper closure will keep you protected while caring for your bees. Elastic closures at both the sleeves and ankles will keep you out of bees. This easy-to-wear suit is water-resistant and disposable.

HVEIL Beekeeping Veil with Hat

L 17" x W 20" x H 1" · 3 pk

Will keep you protected while inspecting and working with your hive. The hat and veil's one-piece construction makes this veil a quick grab-and-go option to get out to your hives without any fuss. The hat keeps the veil a proper distance away from your face to prevent bee stings, and there are no seams to inhibit your visibility. Elastic straps fit under arms to secure veil.

A Simple Hobby with Sweet Rewards®

Accessories & Tools

SM7

SM7 4" x 7" Smoker

L 8.5" x W 5.5" x H 11" · 3 pk

Will help to calm your bees when working on your hives. A surrounding wire grid protects you from the heat of the smoker, allowing you to safely smoke your hives throughout your inspection or harvest. A properly packed and lit smoker can last throughout the day.

SMFUEL Smoker Fuel

L 9.5" x W 6.75" x H 1.5" · 6 pk

This clean, untreated burlap is a favorite material of beekeepers as it produces a cool, white smoke and is easy to light.

SMFUEL

BKBR14

BKBR14 Beekeeping Brush

L 14" x W 3.5" x H 0.5" · 3 pk

Gently removes bees from the frames both during inspections of the hives and during removal of frames for honey extraction. The soft bristles of the brush are specially designed to remove the bees without harm.

ESCAPE Bee Escape, Porter Style (2 per bag)

L 5.25" x W 6.25" x H 0.75" · 6 pk

One-way valve that allows bees to leave but does not allow them back into the hive box. The Bee Escape inserts into the hole in the hive's inner cover to aid in clearing the super of bees so it will be ready for honey harvesting. Made of lightweight, durable plastic.

ESCAPE

FRGRIP Frame Grip

L 8.25" x W 7" x H 1.625" · 3 pk

Helps with handling beehive frames during inspections and honey harvesting. With its one-handed operation, this frame grip will easily lift and grip frames to pull them from the hive.

FRGRIP

QEPL

QEPL Queen Excluder Plastic

L 20" x W 16.5" x H 0.125" · 6 pk

Designed to fit a 10-frame Langstroth Hive. Prevents the queen from producing brood in the honey supers. Precisely measured holes allow the worker bees to move throughout the hive while preventing the queen from moving upward out of the brood box. Made of injection-molded plastic, the queen excluder is easy-to-clean and lies flat on the brood box.

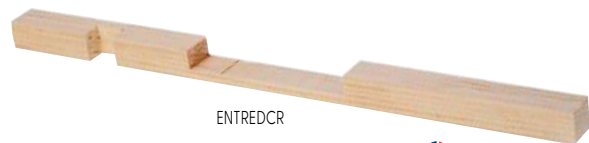

HT10

HT10 Hive Tool

L 9.5" x W 1.75" x H 1.375" · 6 pk

A must-have for working with your hives. The Little Giant® Hive Tool is a versatile multi-tasker complete with a scraping edge, nail-pulling hole, and an angled end that is designed specifically to fit on a hive frame and help pry it loose.

ENTREDCR

ENTREDCR Beehive Entrance Reducer

L 16.625" x W 3.625" x H 1.125" · 3 pk

This Little Giant® Entrance Reducer will help control ventilation and keep out pesky robbers! Designed to fit a 10-frame Langstroth hive, this reducer will work with either a solid or screened bottom board. Made of natural pine and cut with two notches to provide two different entrance sizes. Simply place the reducer beneath the bottom brood box to create the entrance size desired.

HIVEPLUG

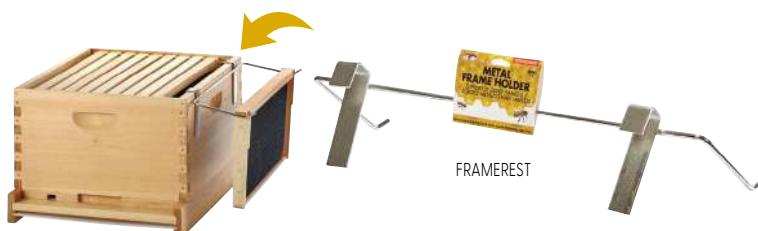

Beehive Hole Plug (6 per bag)

L 5.25" x W 6.5" x H 0.5" · 6 pk

Many beekeepers in northern climates drill a hole in their hive bodies to aid in ventilation and provide an entrance when snow banks grow. This simple 1" plug will allow you to close or open the hole when the season dictates. Each plug fits a 1" diam. hole.

HIVEPLUG

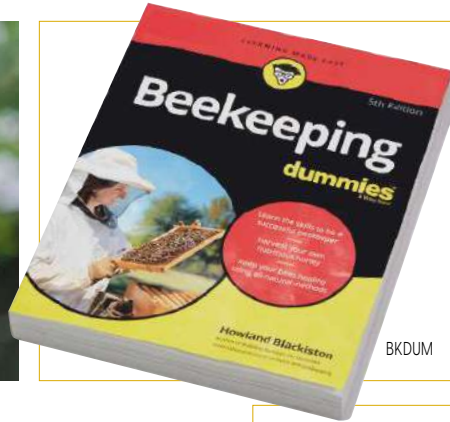

FRAMEREST

FRAMEREST Metal Frame Holder

L 20" x W 5.5" x H 7.875" · 3 pk

Gives you a helping hand when you're inspecting your hive. This handy Little Giant® Frame Rest provides a secure hold for your frame, keeping it out of your way and off the ground. Easily slides on and off the long side of your hive box and can be used from hive to hive.

BKDUM

How-To Book

BKDUM *Beekeeping for Dummies*
L 9.25" x W 7.375" x H 0.875" · 6 pk 

The 5th Edition *Beekeeping for Dummies* by Howland Blackiston is a comprehensive training guide for all things beekeeping. The book will walk you through the tools of beekeeping, the steps necessary to build and maintain your own beehives, and the phases of honey production and extraction. Updates include information regarding the critical role nutrition plays in the health and productivity of bees.

Feeders

ENTFDR Entrance Feeder

L 6.5" x W 4" x H 7.375" · 3 pk

Easy-to-use plastic feeder that will fit directly into the front entrance of your hive. Designed to fit into the large opening of the entrance reducer on any Little Giant® 10-Frame Hive, the feeder allows space for the bees to come and go while nourishing them with a simple syrup when natural food sources are scarce. The base is made of high-impact plastic. The clear glass jar allows you to see the feed levels without disturbing the bees. Holds approximately 1 quart.

FRAMEFDR Frame Feeder

L 19" x W 9" x H 2.25" · 3 pk

Taking the place of one of the frames inside the brood box, the frame feeder holds 3 quarts of syrup. Inner ladders and grooved sides help the bees access the syrup while reducing the risk of drowning.

BKTFDR2 2 Gallon Bucket Feeder

L 10.5" x W 10.5" x H 7.5" · 3 pk

Easy-to-use design helps protect syrup from robbers to keep your bees fed when outside nectar sources are scarce. Fits atop the hole on your inner cover to allow bees access to the syrup through tiny holes in the lid.

ENTFDR

FRAMEFDR

BKTFDR2

Feeding & Treating

BEEFEED Bee Feeding Stimulant

L 7.125" x W 4.75" x H 6.5" · 6 pk

Feed your bees! This honeybee feeding stimulant is made up of lemongrass and spearmint essential oils. It helps promote healthy, vigorous hives. Use in late winter and early spring when nectar supply is low. Can also be added to your feeding mix to help build up packages, nucs and swarms. Can also be used in sugar water instead of smoke to calm bees, or sprayed on foundation to help encourage acceptance. Comes in an 8-oz. bottle.

BEEFEED

POLLENSUB Pollen Substitute Powder

L 12.37" x W 12.25" x H 15.5" · 18 pk

Bee-Pro® pollen substitute contains all the vitamins, minerals, lipids and antioxidants bees need to produce food for their larvae. This high-protein substitute can be used for building colonies in late winter or early spring, to prepare for pollination and to maintain or increase brood production prior to and after honey flow. Free of all contaminants and contains no natural pollen, as natural pollen may still contain pesticide residue and disease-carrying bacteria. Can be fed dry in a feeder box, or made into pollen patties. Comes in a 1-lb. canister.

POLLENSUB

PROSWEET1 Pro-Sweet Liquid Bee Feed

L 6.5" x W 6.5" x H 13" · 4 pk

Give your bees the best! This ready-to-use liquid bee feed has both binomial (bees treat these like nectar) and monomial (bees treat these like honey) sugars, so it stimulates the bees and helps them put on weight. No mixing necessary, and Pro-Sweet won't crystallize or ferment like sugar water. Feed any time. For oral honey bee use only, not for human consumption. Store tightly sealed in a cool dry place. Contains 1 gallon.

PROSWEET1

A Simple Hobby with Sweet Rewards®

Honey Production

Honey is this hobby's sweetest reward! Little Giant® honey extraction supplies take full frames of honey from hive to honey bear bottle. Designed with the hobbyist in mind, the following honey supplies focus on small batches of honey extraction and bottling for both friends and farmers' markets.

EXT2SS Stainless Steel 2-Frame Extractor

L 30.5" x W 16" x H 16" · 1 pk

This tangential extractor provides the simplicity of a hand-crank extractor and the superior quality of 18/10 stainless steel material. Can be used with either deep or medium frames. Adjustable leg height can easily accommodate a standard 5 gallon bucket. Includes honey gate and cover, some assembly required. Complete instructions included.

EXT2SS

Hand cranks

Fits deep or medium frames

BKT5

BKT5 5 Gallon Plastic Bucket

L 11.875" x W 11.875" x H 14.75" · 3 pk

Comes with a tightly fitting lid and honey gate. Place it under your extractor to collect honey. It can also be used to bring simple syrup to your hives and refill feeders early in the season. Made of HDPE food grade plastic.

HFORK

HFORK Uncapping Scratcher Fork

L 8.5" x W 3" x H 1" · 6 pk

Removes any caps leftover from an uncapping knife. Simple to use, the stainless steel points will fit right under the caps to pry them off and allow access to honey for extraction.

HSTRAINSS

HSTRAINSS Honey Strainer - Stainless Steel

L 9.5" x W 10" x H 4.125" · 1 pk

Uses a fine mesh to remove any leftover bits of wax and other particles before bottling. Designed to fit securely over a 5-gallon bucket. Place the strainer under the extractor before bottling.

HSTRAINIF Honey Filter

L 5" x W 6.5" x H 0.5" · 3 pk

Designed to be used with a 5-gallon bucket, this fabric strainer fits around the edge of the bucket to filter out pollen, wax and other impurities. The 400-micron washable fabric helps to create fine-filtered honey that has a beautiful appearance and longer shelf life (takes longer to crystallize). 1 filter per package. Use with or without HSTRAINSS.

HNYGATE

HNYGATE Honey Gate

L 5.25" x W 1.75" x H 5.5" · 6 pk

Made of high-quality plastic and can be used in a variety of different-sized buckets to best suit your needs. It fits through a 1.75" hole and comes with stainless steel hardware to keep it tightly sealed.

HSTRAINIF

HKNIFE

HKNIFE Electric Uncapping Knife

L 18.375" x W 2.75" x H 2.75" · 1 pk

Product is made out of stainless steel and natural pine. Heats up and quickly removes the wax from frames of capped honey. Preset at the appropriate temperature for removal of caps, the heated knife is ready to use within a minute.

COLDKNIFE

COLDKNIFE Cold Knife

L 17.375" x W 3.375" x H 5" · 6 pk

This Cold Knife is the fast and easy way to uncap your frames before honey extraction. No heat required due to sharp edges on blade. Blade can be heated with hot water if desired. The grooved wooden handle gives you a secure grip. Both edges of the knife are serrated for right or left-hand use.

LIDS INCLUDED on all!

HBEAR12

SKEP16

HJAR16

HJAR32

BPA FREE!

HBEAR12 12 Oz (340 g) Plastic Bear Bottle

L 7" x W 5" x H 7" · 12 pk

Made of BPA-free PETE plastic. Yellow flip-top lids with built-in freshness and safety seal are included. An area on bear's stomach will hold Little Giant® honey labels (sold separately).

SKEP16 16 Oz (1 lb.) Plastic Squeeze Jar

L 10" x W 4.5" x H 6" · 12 pk

Made of BPA-free PETE plastic. Space is provided on the bottle for Little Giant® honey labels (sold separately). Yellow flip-top lids with built-in freshness and safety seal are included.

*Honey weight is not equivalent to liquid volume.

HJAR16 16 Oz (1 lb.) Glass Jar

L 13.5" x W 7" x H 6" · 12 pk

This clear bottle in a traditional skep design helps show off your honey. There is room on both sides of the jar for a label. Airtight lids included in the 12-pack carton.

HJAR32 32 Oz (2 lb.) Glass Jar

L 16.5" x W 8.5" x H 7" · 12 pk

This clear bottle in a traditional skep design helps show off your honey. There is room on both sides of the jar for a label. Airtight lids included in the 12-pack carton.

HLABEL

HLABEL Labels for Honey Jars

L 8.5" x W 4.375" x H 0.125" · 12 pk

In order to sell honey and be compliant with federal regulations, each bottle or jar must have a label with the producer's name and the net weight of the honey. These self-adhesive labels make the process quick and easy to get your honey to market! Includes two sizes of labels for different sizes of bottles. 40 labels per package.

Winterizing Accessories

HOTBOX Hot Box® Winterizer

L 20.75" x W 16.25" x H 7.0" · 1 pk

The Hot Box® Hive Winterizer separates the warm air inside the hive from the cold outside air, reducing condensation. Insulation material in the center of the Hot Box® helps retain heat. The included moisture board draws liquid away from the bees and ventilation helps speed up evaporation to keep the bees dry. Includes bee escape holes which are the correct size for bees, but prevent small animals like mice from entering the hive. Made of natural pine. Fits any standard Langstroth 10-frame hive. Complete instructions included.

HOTBOX

Moisture board included!

Professional Grade Products

Pre-Cut Rubber Utility Mats

Little Giant® has all your flooring needs covered! Great for work or farm use. We carry a full line of Pre-Cut Rubber Utility Mats, Rolled Rubber Mats and VersaPad® options.

Free display with purchase of 5 pre-cut utility mats.

RM RACK 5 Slot Mat Rack

L 39" x W 22.75" x H 80" · 65 lbs. · 1pk

These space-saving racks feature colorful graphics to draw attention to the product and generate sales.

L 96" x W 60" x H 0.25" · 65 lbs. · 1pk

RM60120 Pre-Cut Utility Mat

L 120" x W 60" x H 0.25" · 71 lbs. · 1pk

Applications

- Exercise areas
- Kennels
- Barns
- Horse stalls
- Trailers
- Garages
- ATV/truck beds
- Work benches
- Camping

Features

- Textured top for traction
- Grooved bottom for drainage
- Tailored sizes – minimal cutting
- Non-porous surface – will not harbor bacteria
- Made from recycled rubber and SBR

Benefits

- Will not shrink, curl or crumble
- Easy to clean
- Easy lifting and moving

RMIL3636 Trak-Safe Interlocking Mat

L 36" x W 36" x H 0.59" · 15.85 lbs. · 1pk

Applications

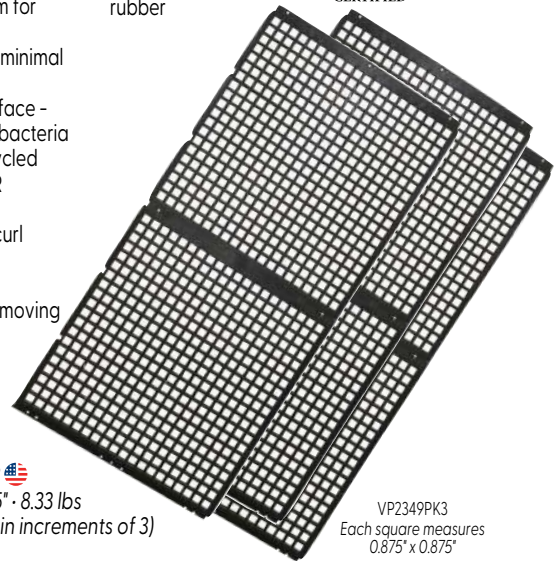

- Work areas
- Door entrances
- Wash down areas for bikes, ATV's, etc.

Features

- Interlocking edges
- Large open design
- Soft, yet durable
- Raised nubs on underside
- Made from recycled rubber and natural rubber

Benefits

- Can cover large areas without movement
- Exceptional drainage characteristics
- Allows water and debris to fall through
- Provides cushion under foot

VP2349PK3 VersaPad®

L 24" x W 48.625" x H 0.5" · 8.33 lbs

· 1pk (must be ordered in increments of 3)

Applications

- Kennel flooring
- Greenhouse benching
- Paver installation
- Turf landscaping
- Slope protection

Features

- Interlocking edges
- Non-porous surface – will not harbor bacteria
- Moisture and waste dry fast
- Made from polypropylene

Benefits

- Surface allows for proper drainage and airflow for plants and animals
- Provides a great foundation under pavers while allowing for drainage
- Protects turf and soil from pedestrian foot traffic
- Holds 10-lbs. for every square foot

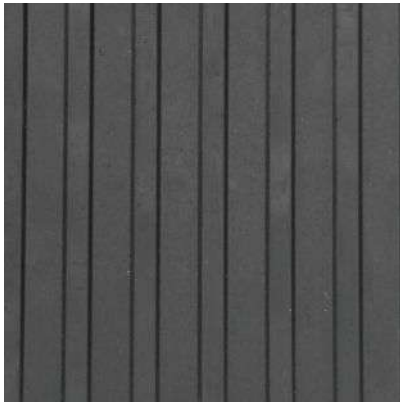

VP2349PK3
Each square measures
0.875' x 0.875'

Rolled Rubber Mats

RMWR349 Wide Rib
L 49' x W 3.25' x H 0.15" · 164 lbs. · 1pk

Applications

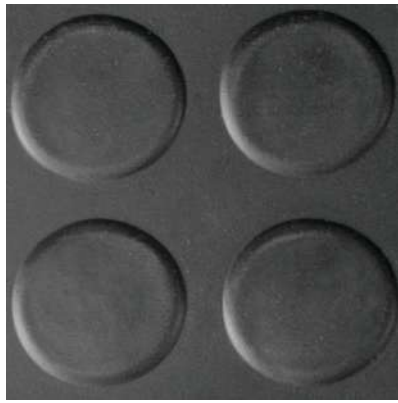

- High traffic areas
- Door and walkways

Features

- Long lengths
- Non-porous
- Surface protection
- Made from recycled rubber and SBR

Benefits

- Avoids bacteria build-up
- Easy to clean
- Dries quickly
- Reduces chance of injury

RMDOT349 Round Dot
L 49' x W 3.25' x H 0.15" · 189 lbs. · 1pk

Applications

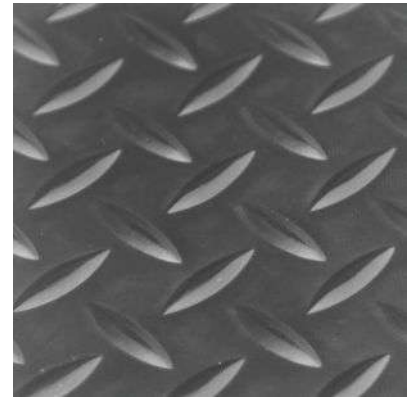

- Hallways, corridors, etc.
- High traffic areas
- Behind retail counters

Features

- Long lengths
- Non-porous
- Surface protection
- Anti-slip
- Made from recycled rubber and SBR

Benefits

- Avoids bacteria build-up
- Easy to clean
- Dries quickly
- Reduces chance of injury

Livestock Handling

Professional Grade Products

Hot-Shot® continues to be the industry standard and brand choice for electric livestock prods that assist in the movement and transportation of livestock.

Hot-Shot® electric livestock prods have been manufactured for over 85 years and continue to be proudly made in the USA. We offer a variety of options from Good, Better, Best guaranteed to suit your livestock needs.

We have improved The Green One® and The Red One® by modernizing their external designs and adding new performance enhancing features including a finger guard and increased water resistance. The internal motor and functionality are the same high quality as you have come to expect from Hot-Shot® prods, but with a fresh look. We are honoring the legacy of the Hot-Shot® brand with the innovation needed to continually improve our product.

The manufacturing process has been developed and refined over the past eight decades and is precise and complex.

Our stringent and time-tested quality systems are engineered into each and every prod. We carefully test 100% of our units using sophisticated electronic equipment before they are shipped.

All prods are tested for current and voltage draw, output voltage, output energy, pulse rate (frequency) and a calculated performance ratio based on these measurements to a standard range. Units that fall outside of the range are scrapped.

We run destructive testing on our Hot-Shot® prods to ensure they continue to meet our high performance requirements long after customers purchase them.

Learn more about our products we offer, by locating them on the pages listed below:

The Red One®.....	61

Sorting Paddles.....	64

GOOD

The Red One®

- Entry-level prod at an economical price
- Medium spark is most effective on clean, dry animals
- Modernized external design with added finger guard to prevent slipping
- Fully sealed solid state motor module certified to IP45 solid and water ingress standards
- No tools required; Easy to disassemble and clean
- All components easily replaced by user

Lowest voltage prod for small herds

BETTER

The Green One®

- Proven and preferred by commercial livestock haulers
- High output energy (strong spark) is effective on both clean, dry animals and those that are wet or have heavy hair or debris on them
- Modernized external design with added finger guard to prevent slipping
- Fully sealed solid state motor module certified to IP45 solid and water ingress standards
- No tools required; Easy to disassemble and clean
- All components easily replaced by user
- Good battery efficiency

Higher voltage than THE RED ONE® and meant for larger/commercial herds

BEST

HOT-SHOT DURAProd®

- Superior ergonomic design features oversized trigger, rubber grip and hand guard
- Sealed circuitry and patented design technology to reduce feedback shock
- Operates on only 4" C Alkaline batteries (instead of 6 like The Red/Green One®)
- Quick change battery packs – no tools required; rechargeable packs drop into charging station for convenience
- High output energy (strong spark) is effective on both clean, dry animals and those that are wet or have heavy hair or debris on them
- Fully sealed solid state motor

HOT-SHOT DURAProd® LIMITED DURATION

Same as the DuraProd® but...

- Delivers one-second of output with each press of the switch
- Conforms to the most stringent guidelines regarding the humane treatment of livestock.

Same voltage as THE GREEN ONE® with ergonomic handle for increased comfort

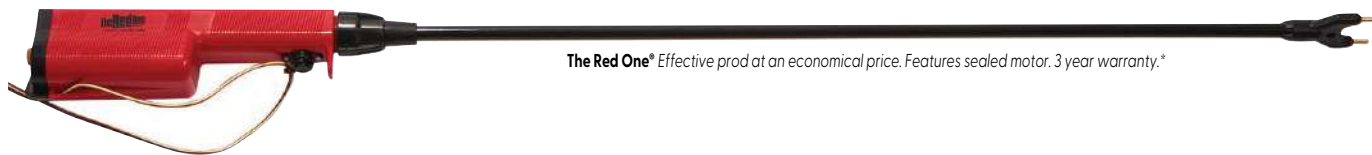

PORTABLE

POWER-MITE®

- Portable, light and compact
- Fits easily into a pocket
- Moisture-resistant on/off feedback shock
- Includes two 9-volt Alkaline batteries

The Red One®

The Red One® Effective prod at an economical price. Features sealed motor. 3 year warranty.*

Battery Operated Prods

Available as complete units with Fiberglass or Flex Shaft. To create prods shorter than 32" or longer than 48", handle and shaft must be ordered separately.

6-pack high-energy, industrial strength alkaline batteries ideal for use in Hot-Shot® Stock Prods. Designed for long life and formulated to deliver high power.

Shaped By Experience

DuraProd® features include: sealed circuitry, patented design technology to reduce feedback shock, handle with rubber grip, oversized trigger, and hand guard. In addition, we test each DuraProd® using six proprietary measures to ensure reliability.

Rubber overmolded handle reduces fatigue

Snap on battery pack for fast battery changes

Built-in safety switch prevents accidental use

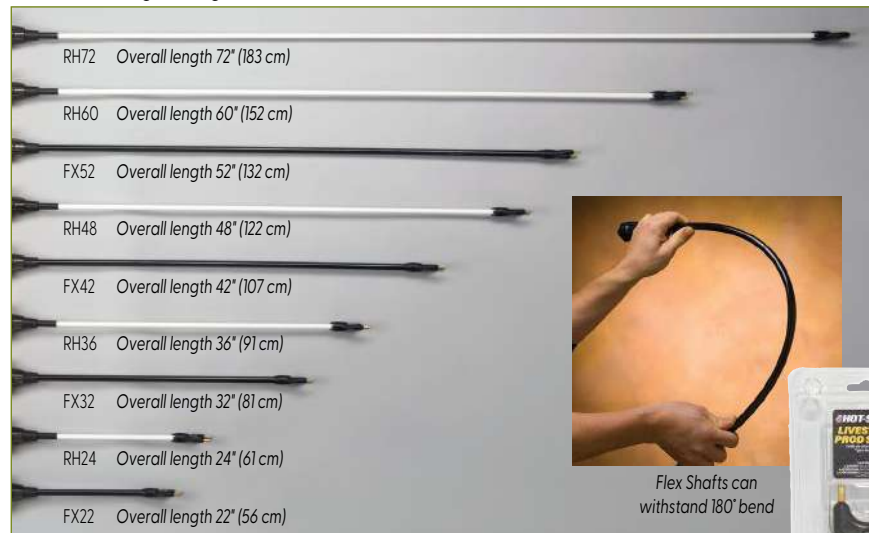

Specially designed shaft nut increases gripping surface and durability

Farm & Ranch Products Since 1941

Hot-Shot® Shafts

Hot-Shot® is the only brand of prods to offer two styles of shafts. Choose from the traditional rigid fiberglass (RH) or the durable flexible shaft (FX).

Farm & Ranch Products Since 1941

Livestock Prods

The Springer Magrath® Stock Prod is time-tested and proven on the road and in the stockyards for over 50 years. It's a leader for handling and moving livestock effectively and efficiently. The clog-free, no-ground tip rotates to any position. The durable, reliable solid-state electronics system transmits very low current to the animal yet delivers a strong, instantaneous sensation. Grooved finger guide allows finding the switch by feel, even with gloved hands; rubber switch insulator prevents feedback through the grip. Precious metal battery contacts won't corrode, and heavy coil spring assures firm battery contact. High-energy, longer lasting alkaline batteries included. Housed in a tough, structural-grade resin case for years of reliable service.

* Warranty is on electronics only. It does not include shaft, case breakage, any form of physical damage due to normal wear & tear. No electric livestock prod or components may be exported or re-exported without prior U.S. government authorization.

Fluidfeeders

Fluidfeeders provide a practical, easy-to-use tool for providing fluids and nourishment to calves that can't or won't nurse. The esophageal probe is the correct size for calves, and if used properly, the probe's size and shape do not allow it to be inserted into the trachea, reducing the danger of getting fluid into lungs and drowning the calf. The easy-to-handle 2-quart tube makes using the fluidfeeder a simple, one-person operation. When used properly, the rate of flow is slow enough to cause the calf to form saliva freely, which is necessary for proper digestion. Heavy-duty tube resists punctures and tears and remains flexible down to 0 degrees F (-18 degrees C). Bottle collapses without venting, and check valve keeps air out as liquid leaves the bottle. Bottle, tube, and probe are easy to clean.

No-Crimp Gravity Fluidfeeders

Gravity controls fluid flow.

50PLNSFF 2 Quart Fluidfeeder with Plastic Probe

L 30.25" x W 9.5" x H 4" • 6 pk

Durable plastic probe resists burrs that can cut the throat and cause infection.

101NA Nipple Attachment

L 4" x W 2.25" x H 2.25" • 1 pk

Fits on any Springer Magrath® Fluidfeeder to allow mouth feeding of fluids to young calves that are unable to nurse from a cow.

Bolus Gun

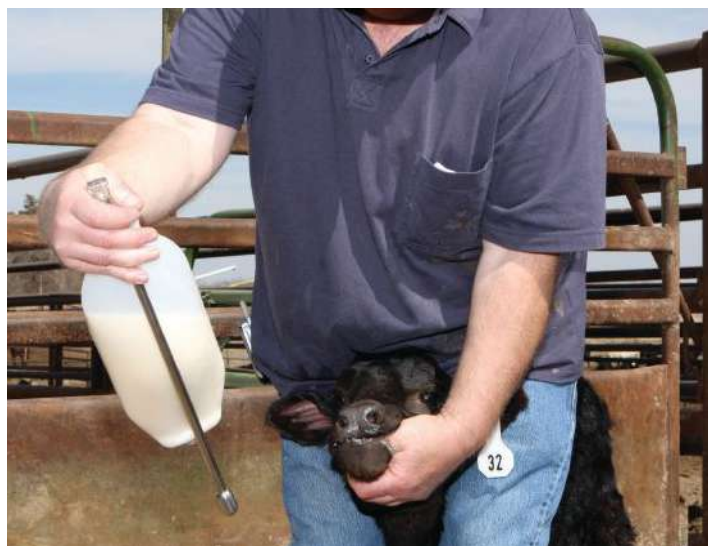

480NBG Bolus Gun

L 21.5" x W 2.25" x H 2.25" • 1 pk

The safe, easy way to administer medication to cattle of all sizes, eliminating coughing and spitting out. The Springer Magrath® Bolus Gun is made of industrial-quality aluminum. It holds up to rugged use and resists sharp edges that can cut and cause infections. Rounded leading edge allows easy insertion. Can administer up to five 1-lb boluses at one time.

480NBG

Crimp Valve Fluidfeeders

Design allows user easy control of fluid flow.

50SSFF 2 Quart Fluidfeeder with Stainless Steel Probe

L 32" x W 9.5" x H 4" • 6 pk

Durable hardened stainless-steel probe lasts for years.

50PLFF 2 Quart Fluidfeeder with Plastic Probe

L 31.5" x W 9.5" x H 4" • 6 pk

Durable plastic probe resists burrs that can cut the throat and cause infection.

50PLGLFF 1 Gallon Fluidfeeder with Plastic Probe

L 31" x W 6.25" x H 5.125" • 6 pk

Durable plastic probe resists burrs that can cut the throat and cause infection.

50SSGLFF 1 Gallon Fluidfeeder with Stainless Steel Probe

L 31" x W 6.25" x H 5.125" • 6 pk

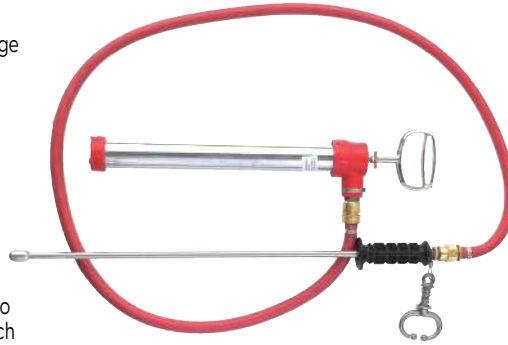

Durable hardened stainless-steel probe lasts for years.

Professional Grade Products

Cattle Pump System

Includes everything needed to administer accurate dosage of both light and heavy-viscosity fluids to adult animals weighing 300 to over 900 lbs. A must for post-calving drenches and tonics, and for administering electrolytes, nutrient mixes, mineral oil, or medications. Effective for hydrating cattle for better response to antibiotics or vaccinations. Professional-quality system designed to be operated by one person with a pump that requires only seven strokes per gallon.

Features a flexible stainless-steel esophageal probe that utilizes the natural extended neck position of the bovine to bypass the trachea and deliver the probe into the stomach with a unique teardrop end for easy passage. Attached nose lead effectively holds the probe in place; built-in stop action reduces chances of regurgitation. System includes probe and attached nose lead, chrome-plated brass pump with hand grip, and 6' oil-resistant hose with screw-on brass fittings, all in a canvas carrying case.

300CPS 300 Cattle Pump System
 L 36" x W 16" x H 3.5" · 1pk
 For cattle weighing 300 to 900 lbs.

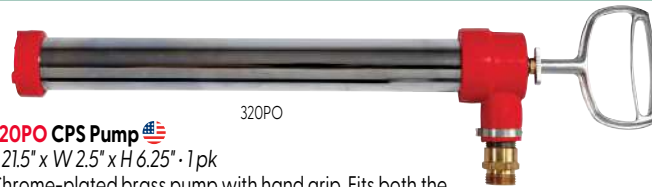

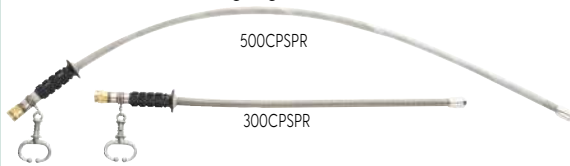

500CPS 500 Cattle Pump System
 L 59.5" x W 16" x H 3.5" · 1pk
 For adult cattle weighing over 900 lbs.

Cattle Pump Probes

Esophageal probe made of flexible stainless-steel. Probe features unique teardrop end for easy insertion.

300CPSPR CPS 300 Probe
 L 36" x W 2.5" x H 3" · 1pk
 For cattle weighing 300 to 900 lbs.

500CPSPR CPS 500 Probe
 L 60" x W 2.5" x H 3" · 1pk
 For adult cattle weighing over 900 lbs.

320PO CPS Pump
 L 21.5" x W 2.5" x H 6.25" · 1pk
 Chrome-plated brass pump with hand grip. Fits both the 300CPS and 500CPS Cattle Pump Systems.

Transfer Needle

The easy, sanitary solution for transferring fluids from one vial to another. A great tool for mixing components or rehydrating dried vaccines. 14-gauge stainless steel, double-pointed cannula is tapered on both ends with a flat metal thumb saddle that can be used even with gloves.

840MTN Transfer Needle
 L 3" x W 0.56" x H 0.31" · 1pk

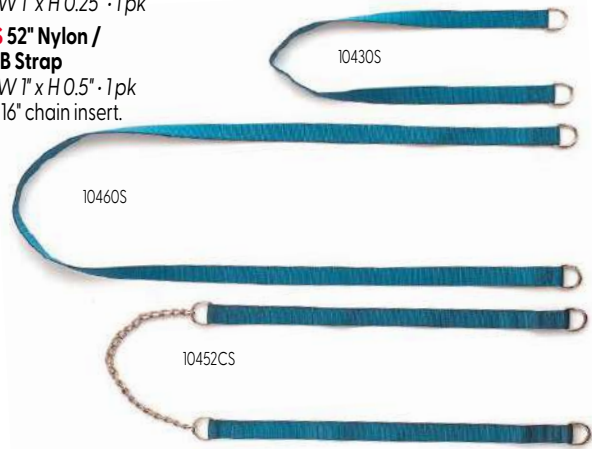

Obstetrical Calf Straps

Obstetrical Straps are easier on both cow and calf than chains. The 1" width spreads pulling tension over a wider area of the calf's legs to help prevent bone fractures and soft-tissue injury. Made of soft yet sturdy, washable nylon webbing with stainless-steel D rings. Bright teal color that is easy to find. Can be used with or without a mechanical tension device. Available in three lengths.

10430S 30" Nylon OB Strap
 L 32.5" x W 1" x H 0.25" · 1pk

10460S 60" Nylon OB Strap
 L 62.5" x W 1" x H 0.25" · 1pk

10452CS 52" Nylon / Chain OB Strap
 L 52.5" x W 1" x H 0.5" · 1pk
 Includes 16" chain insert.

Orphan-No-More™

A simple, easy-to-use, and effective way to help assure calf and lamb adoption by natural or foster mothers. Orphan-No-More™ works by masking the odor of the calf or lamb with a more intense odor that is highly attractive to cows and ewes. Made of 95% natural animal protein products. Orphan-No-More™ has been field tested on both cattle and sheep, and has proven effective at cow-calf and ewe-lamb grafting. 9-oz jar contains enough powder for four to five calves or lambs.

106ONM 9 Oz Bottle Orphan-No-More™

Heated Products

Professional Grade Products

API® has been a trusted name in heated products for over 75 years, offering a wide variety of solutions across the agricultural, pet, wild bird, and pond markets. Whether you're a hobbyist or simply looking to enhance the comfort of your animals, API® combines quality and highly efficient technology to provide the right products for all seasons.

Discover an extensive range designed to keep your feathered friends and beloved pets happy and hydrated year-round. Our API® Water Wigglers and heated bird baths ensure birds remain comfortable and nourished, while pond de-icers maintain a thriving aquatic ecosystem even in winter. For farm animals, our durable de-icers guarantee constant access to unfrozen water in ponds, buckets, and bird baths, ensuring their hydration and health during harsh conditions.

Additionally, our selection of heated pet products, including beds, mats, and thermal bowls, offers warmth and comfort for your furry companions, enhancing their well-being on chilly days and nights. With API's reliable solutions, you can create optimal conditions for both wildlife and domestic animals throughout the year.

W250 & W500

Bucket Heaters

77UH Utility Heater 500 Watt, 120 Volts

L 9.875" x W 3.25" x H 3" · 6 pk

This utility heater is a versatile unit made of heavy-gauge steel with an attractive baked-on enamel finish. Though not immersible, this utility heater can be used under metal buckets, fountains, or inside various enclosures. With an adjustable and replaceable thermostat, the utility heater's compact design has a wide range of uses. Includes 12" cord.

742G Bucket Heater

1000 Watts, 120 Volts

L 17.5" x W 2.875" x H 2.875" · 6 pk

Designed to heat water as opposed to de-icing water. A stainless steel guard protects the durable heating element that will heat water past 150 degrees F towards boiling, depending on the bucket's volume and insulation. It comes with a 6-foot cord and is designed to rest easily inside a 5 gallon bucket. The heater is thermostatically controlled with over-temperature protection. For use in water only. Includes 6-foot cord. UL Listed. CSA Listed.

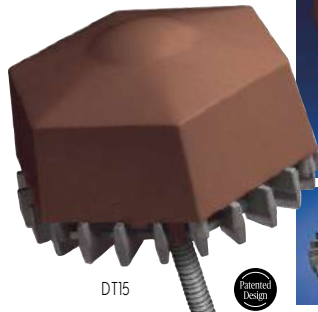

250D Pail & Bird Bath De-Icer 200 Watts, 120 Volts

L 7.75" x W 2.75" x H 0.875" · 6 pk

De-ices up to 15 gallons. Submersible de-icer features thermostatic control and a stainless steel guard for safety. An adjustable clamp is included to attach the unit to the container. Includes 6-foot anti-chew cord. cULus Listed. CSA Listed.

Tank De-Icers

DT15

7521 & 7621

88R

DT15 3-in-1 De-Icer 1500 Watts, 120 Volts

L 7" x W 7" x H 4.375" · 6 pk

Easily converts to floating, sinking or drain-plug de-icer. To use as a sinking de-icer, simply remove the cover and float, turn the unit over to rest on its sturdy feet, or use the patented drain plug adapter to route the cord through the drain hole. Multiple, dedicated thermostats separately monitor water and heating element temperatures to provide efficient and safe operation. The sturdy, finned base spreads the heat to make the unit run cooler to the touch while still putting the maximum amount of heat into the water. Cooler operation and non-stick coating resists mineral buildup. Can safely operate in any plastic or metal tank without the use of a guard. Recommended for 100-300 gallons of water. 6-foot anti-rub cord. cULus Listed. Patented design.

521G Floating De-Icer with Galvanized Guard 1500 Watts, 120 Volts

L 14.25" x W 14.25" x H 6" · 6 pk

Thermostatic control coupled with thermal feedback protects the unit from overheating. Positioning the thermostat above the heating element ensures safety in low-water conditions. The float is completely enclosed in a rugged, plastic housing and will not sink over time. The galvanized guard is specially designed to protect rubber, plastic or structural-foam tanks. Recommended for 100-300 gallons of water. 6-foot anti-rub cord. cULus Listed.

521G

7621 Floating De-Icer 1000 Watts, 120 Volts

L 8.75" x W 8.75" x H 3.25" · 6 pk

Same as the 7521 but 1000 watts, 120 volts. Recommended for 70-100 gallons of water. 6-foot anti-rub cord. cULus Listed.

88R Galvanized De-Icer Guard

L 14.25" x W 14.25" x H 3.75" · 6 pk

May be used with floating, sinking or 2-in-1 de-icers. Guard is specially designed to protect rubber, plastic or structural-foam tanks.

15N Sinking De-Icer 1500 Watts, 120 Volts

L 14.25" x W 14.25" x H 6.25" · 6 pk

Operates at the bottom of the tank where it is less likely to be disturbed by livestock. Thermostatic control coupled with thermal feedback protects the unit from overheating. Positioning the thermostat above the heating element ensures safety in low-water conditions. Each unit comes complete with a galvanized wire guard for use in plastic tanks. Recommended for 100-300 gallons of water. 6-foot anti-rub cord. UL Listed. CSA Listed.

10N Sinking De-Icer 1000 Watts, 120 Volts

L 14.25" x W 14.25" x H 6.25" · 6 pk

Same as the 15N but 1000 Watts, 120 Volts. Recommended for 70-100 gallons of water. 6-foot anti-rub cord. UL Listed. CSA Listed.

DTS15 Sinking De-Icer 1500 Watts, 120 Volts

L 7" x W 7" x H 2.75" · 6 pk

This energy efficient sinking de-icer keeps your entire tank ice-free without overheating the water. Safe for animals, this de-icer includes a durable PTFE coating for easy cleaning. The large, finned base runs cooler than conventional de-icers, making it safe for plastic or metal tanks alike. Recommended for 100-300 gallons of water. 6-foot anti-rub cord. cULus Listed.

DTS15

Tank De-Icers (Continued)

15A 2-in-1 Sinking De-Icer 1500 Watts, 120 Volts

L 14.25" x W 14.25" x H 6.25" · 6 pk
Can be used as either a sinking or drain-plug de-icer. The power cord plug is specially designed to fit through a 1.125" drain hole, and a patented drain plug adapter seals around the cord to provide care-free routing. Operates at the bottom of the tank where it is less likely to be disturbed by livestock, protecting both equipment and animals. Thermostatic control coupled with thermal feedback protects the unit from overheating. Positioning the thermostat above the heating element ensures safety in low-water conditions. Recommended for 100-300 gallons of water. 6-foot anti-rub cord.

15DP Drain Plug De-Icer 1500 Watts, 120 Volts

L 18" x W 6.5" x H 3.25" · 6 pk

For Rubbermaid® tanks only. Mounts securely into the tank drain hole to keep the heating element away from livestock. Has a butterfly heating element and is designed to mount into the larger drain hole found on some Rubbermaid® tanks. Recommended for 100-300 gallons of water. 6-foot anti-rub cord. cULus Listed.

Tank Heaters

71502 Tankside Heater - 1500 Watts, 120 Volts

L 25" x W 20" x H 7" · 1pk

Clamps to the side of a metal stock tank. The tankside heater comes with an adjustable and replaceable thermostat that allows the user to set the water temperature. This unit takes the place of a de-icer by maintaining the water temperature near a set point. Not for use in plastic tanks. Includes 6-foot cord.

2002DP Universal Drain Plug De-Icer 1500 Watts, 120 Volts

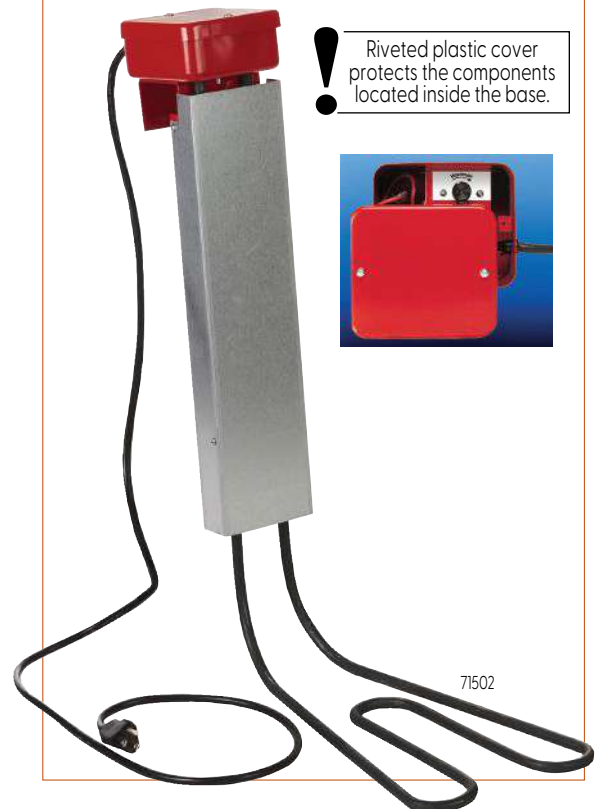

L 12.5" x W 6" x H 3.25" · 6 pk
Mounts securely into the tank drain hole to keep the heating element away from livestock. Specially designed plug to fit through all drain holes 1.125" diameter or larger. Recommended for 100-300 gallons of water. 6-foot anti-rub cord. cULus Listed.

99DP Universal Drain Plug De-Icer 1500 Watts, 120 Volts

L 6.125" x W 13" x H 3.25" · 6 pk
Mounts securely into the tank drain hole to keep the heating element away from livestock. Includes a patented cord that detaches to pass through a drain hole 3/4" or larger. Recommended for 100-300 gallons of water. 6-foot anti-rub cord. cULus Listed.

Poultry Waterers

HPW33 3 Gallon Heated Poultry Fount

100 Watts, 120 Volts 

L 13.62" x W 13.62" x H 16.75" · 4 pk

Patented design provides your poultry with fresh water all winter long. Keeps water ice-free down to -5 degrees F in the winter, but can be used year round as well. Thermostatically controlled with optimized heater pad design for maximum heating efficiency to ensure ice-free water. Sturdy galvanized steel handle. Rounded top of water jug helps prevent chickens from roosting. 3-gallon capacity. 4-foot cord. 60 Hz. cULus Listed. One year warranty.

HPW33

HDHH3

HDHH3 API 3 Gallon Heated Deluxe Hen Hydrator

L 12.5" x W 12.5" x H 13.75" · 3 pk

Best suited for up to 16 adult birds. This easy to fill Deluxe Heated Hen Hydrator provides access to clean water on demand while keeping it ice-free up to -10 degrees F. The translucent bucket was designed to provide UV protection to prevent algae growth and allow for easy viewing of the water level. Convenient twist locking lid is sloped to prevent roosting and make cleaning easy. Thermostatically controlled cULus listed electrical components ensure safe operation. Ergonomic handle is designed for the unit to be hung easily and includes a free Little Giant® Bucket Handle Grip (Model #166713) for comfortable carrying with plenty of clearance between hand and bucket. Each of the 4 side-mounted drinking nipples accommodates up to 4 birds and allow for easy access. Holds up to 3 gallons. 65 Watts, 120 Volts. 6-foot cord. cULus listed. One year warranty.

! Cord wraps in bottoms for easy storage!

HB130 & HB140

Bottom fully enclosed with rubber pad

Electric Water Heater Base

Helps prevent water from freezing in temperatures as low as 10 degrees F. Designed for use with Little Giant® Double Wall Founts (Item Nos. 9832, 9833, 9835, and 9838, sold separately, see page 10) and other all-metal containers. The heating element is designed for safety and efficiency. The fully enclosed bottom adds another layer of protection. Intended for use outdoors in a dry, sheltered area. Made of heavy-duty, rust-resistant galvanized steel. Cord should be protected from animals and used with a Ground Fault Circuit Interrupter (GFCI) protected outlet. Unit will not draw electricity until temperature drops below freezing. Uses less than 1 amp per hour. 120V, 60 Hz, 110W, .92A.

Heated Poultry Mat

HPM-S Heated Poultry Mat - 33 Watts, 120 Volts 

L 19" x W 13" x H 1" · 6 pk

Best for up to 5 adult birds or 20 chicks. Constructed of durable, weather-resistant plastic with welded seams for safety and longer life. Our mats are designed to be used for both adult birds and chicks. The low wattage and thermostat provides adequate heat without overheating the birds while also using less power. Our unique design allows air flow completely around the heating element to eliminate hot spots common with other plastic mats. 6-foot anti-chew cord. cULus Listed.

Water Wigglers®

7WW

8WW

4WW Standard Water Wiggler®

L 5" x W 5" x H 5" · 6 pk

Features a unique agitator action that creates continuous ripples that help prevent the spread of West Nile Virus by eliminating stagnant water in bird baths. Easy to install - just place and go! The moving water created by the Water Wiggler® will help attract birds to your bath. There is no wiring and no plumbing. It operates on two D-cell batteries (not included). This Water Wiggler® is completely silent.

7WW Aurora Water Wiggler®

L 5.25" x W 5.25" x H 5.5" · 6 pk

Lights up at dusk and provides three hours of pleasing colors as the dome slowly shifts through the spectrum. A sensor on the underside of the Aurora Water Wiggler® turns the unit on at dusk. The lights will automatically shut off after three hours and come back on the following evening. It will continuously agitate the water to prevent mosquitoes from laying eggs even when the lights are off. Operates on two D cell batteries (not included). 8

8WW Solar Water Wiggler®

L 5.25" x W 5.25" x H 5.5" · 6 pk

Includes all of the great features of the Standard Water Wiggler® but it's powered by the sun. Just place it in your bird bath and it will operate unattended until you remove it. For best results, the Solar Water Wiggler® should be used in full sunlight. Rechargeable battery included.

Farm & Ranch Products Since 1941

Bird Bath De-Icers

Bird Bath de-icers are a great way to maintain a fresh, open water supply for wild birds with nearly any unheated bird bath. With low-profile designs, API® bird bath de-icers keep feathered friends hydrated using the same dependable heating technology expected from our products.

300 Bird Bath De-Icer - 200 Watts, 120 Volts, 60 Hz

L 7.75" x W 2.75" x H 0.875" · 6 pk

Features a built-in thermostat for temperature control and over-temperature protection to keep your bird bath ice-free all winter long. A stainless-steel guard shields wildlife from contacting the heating element. Can be used in pottery, plastic, or concrete bird baths. Recommended for up to 15 gallons of water. Includes 15-inch anti-rub cord. cULus Listed. CSA Listed.

BDT250 Bird Bath De-Icer With Aluminum Base

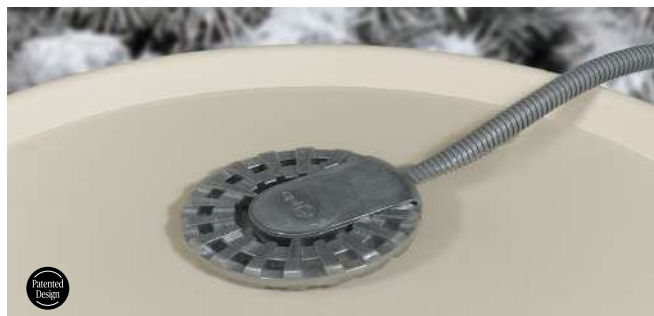

250 Watts, 120 Volts, 60 Hz

L 4.75" x W 4.75" x H 1.125" · 6 pk

Durable, non-stick coating, compact aluminum base in a low-profile design. Fins provide large surface area to make the unit run cooler while putting out the same amount of heat as conventional de-icers. Channels within the base promote water flow as the water is heated. Cooler running, non-stick coating, and flowing water all combine to reduce mineral buildup. Multiple thermostats allow efficient control while providing over-temperature protection. The BDT250 is safe to use in plastic bird baths and comes with a 10-foot anti-rub cord. Recommended for up to 15 gallons of water. cULus Listed.

300

BDT250

Pond De-Icers

Maintaining open water during the winter in backyard ponds is critical to a healthy aquatic environment. API® heated pond products are designed to allow gases from decomposition to escape, allowing ponds to flourish.

P7521 Floating Pond De-Icer 1500 Watts, 120 Volts, 60 Hz

L 8.25" x W 8.25" x H 4" · 6 pk

Keeps a pond completely ice-free, providing fresh oxygen into your pond for healthy fish. Thermostatic control coupled with thermal feedback protects the unit from overheating, while positioning the thermostat above the heating element ensures safety in low-water conditions. The float is completely enclosed in a rugged, plastic housing and will not sink over time. Recommended for 100-300 gallons of water. Includes 15-foot anti-rub cord. cULus Listed.

P7621 Floating Pond De-Icer 1000 Watts, 120 Volts, 60 Hz

L 8.25" x W 8.25" x H 4" · 6 pk

Same as the P7521 but with 1000 watts, 120 volts. Recommended for 70-100 gallons of water. Includes 15-foot anti-rub cord. cULus Listed.

P7521 & P7621

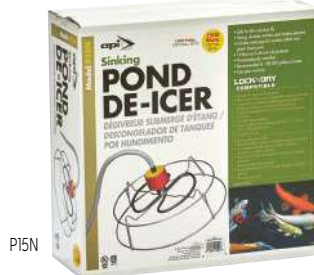

P15N Sinking Pond De-Icer 1500 Watts, 120 Volts, 60 Hz

L 14.25" x W 14.25" x H 6.25" · 6 pk

Operates at the bottom of your pond where it is less likely to be disturbed by fish. Keeping your pond open allows fresh oxygen into your pond during all seasons, keeping your fish healthy. Thermostatic control coupled with thermal feedback protects the unit from overheating, while positioning the thermostat above the heating element ensures safety in low-water conditions. Each unit comes complete with a galvanized wire guard to protect rubber and plastic ponds. Recommended for 100-300 gallons of water. Includes 15-foot anti-rub cord. UL Listed. CSA Listed.

Double Door Plastic Pet Crates

Twice as nice! The Pet Lodge® Double Door Portable Plastic Pet Crates include a second door for added flexibility in use and transport. They feature updated styling and colors and are designed to meet the requirements of the International Air Transport Association (IATA). The easy-to-assemble design includes durable wire doors. Vents are made of rugged polypropylene construction, which is strong enough to withstand the rigors of travel and regular use. They are available in 5 sizes.

DT9864

DT9851

DT9851 18" Galvanized Trough Feeder

L 17.875" x W 5.875" x H 5.375" · 6 pk

Made from sturdy galvanized steel for durability and features rolled edges for safety. The large 18" trough area holds up to 3 lbs. of feed. Rear hooks allow for easy hanging in the coop or hutch.

Poultry Waterers With Legs

Perfect for starting your small flock of chicks. Start with the removable legs detached and as the birds get larger, add the legs to raise the waterer off the ground. Keeping the waterer off the ground helps prevent the birds from filling the waterer base with dirt and debris during their foraging and scratching. This waterer is molded from durable plastic for years of use. The translucent plastic body makes it quick and easy to check the water level.

Farm Tough Products

Poultry Feeders with Legs

This is a great poultry feeder designed exclusively for the hobbyist. Start with the removable legs detached for chicks and as the birds get larger, add the legs to raise the feeder off the ground. The built-in Feed Saver Ring minimizes spillage and prevents wasted food. Durable one-piece construction of the jar and Feed Saver Ring for quick and easy assembly. Made of impact-resistant plastic that won't rust or corrode. The included plastic lid protects the feed from the elements.

Beginner Poultry Kit

DTBPKIT Beginner Poultry Kit

L 15" x W 10.25" x H 9.375" · 1 pk

This handy kit contains everything you need to get your chicks started! Includes a 250W red heat lamp bulb and 10.5" reflector lamp to provide safe heat, plus an 8" ground feeder, a 1.5-lb. plastic feeder and a 1.5-qt. plastic chick waterer. You'll also get our Guide to Backyard Poultry, which includes helpful tips, information and fun facts for your new flock. Bulb is 250 Watts/120 Volts, with a 6,000-hour life. 8" ground feeder has 12 feeding holes (6 per side) and a covered top to keep out debris.

Live Trap Combo

ELT42 Live Trap Combo Pack

L 32.5" x W 11" x H 12.5" (Large Trap)

L 24" x W 7" x H 7" (Small Trap) · 1pk

This combo pack features two traps in the most popular sizes. Both are Single-Door Entry Live Traps that catch unwanted animals without injury so they can be humanely disposed of or relocated. Features a spring-loaded door that is easy to bait and set and quick to release. Beneath the convenient carrying handle is a steel plate to protect hands from contact with the animal. Larger size works great for raccoons, porcupines, turtles, foxes, and other smaller-sized animals. Smaller size is best for squirrels, chipmunks, rabbits, muskrats, mink, and other smaller-sized animals.

See Page 58

Live Traps

NEW!

Double-Tuf® Wire Dog Crates

- The all-new Double-Tuf® Wire Crate easily adapts for home, travel, and training purposes.
- Larger sizes feature a removable divider panel that creates a smaller space for a puppy (this helps with house training), and then allows the crate to expand as the dog grows to adult size.
- Two doors provide flexibility in use and transport.
- Secure latches will not jiggle loose when in the downward locked position.
- E-coated for corrosion resistance, with rounded corners on all panels to help ensure safety for owner and pet.
- Popular suitcase-style crate with removable plastic carrying handle sets up in seconds and folds down for compact storage.
- Includes removable, easy-to-clean ABS plastic tray.
- Comes collapsed but fully assembled. Set up is as easy as 1...2...3...

Miller Manufacturing Standard Warranty

For Little Giant®, Double-Tuf®, API®, Pet Lodge® and Springer Magrath® items - we offer a 1 year manufacturing warranty defective, you must have proof of purchase in order to begin the process. This Warranty does not apply to damage caused by misuse or neglect in the field, or failure to follow installation instructions.

Miller Manufacturing Company products are warranted to the original purchaser to be free from defects in material and workmanship under normal use and service. Miller's obligations under this Warranty shall be limited to the repair or exchange of any part of parts which may thus prove defective under normal use and service within 30 days from the date of shipment by Miller to the original purchase, and which Miller's examination shall disclose to its satisfaction to be thus defective. Purchaser must deliver any part or parts to: Miller Manufacturing Company, 1450 West 13th Street, Glencoe, MN 55336 for examination. This Warranty does not apply to damage caused by misuse or neglect in the field, or failure to follow installation instructions.

DISCLAIMER: Due to the numerous factors relating to the hatching of eggs, Miller Manufacturing Company makes no warranty whatsoever in respect to the number of eggs that will be hatched using the Little Giant® brand incubators or egg turners. The warranty is expressly in lieu of all other warranties expressed or implied including the warranties of merchantability and fitness for use and all other obligations or liabilities on our part. We neither assume nor authorize any other person to assume for us, any other liability in connection with the sale of Miller products or any part thereof which has been subject to accident, negligence, alteration, abuse, or misuse. We make no warranty whatsoever in respect to accessories or parts not supplied by us. The above warranty applies to all Miller Manufacturing products unless otherwise specified.

API® Products

All products in the API® line are fully warranted against defects in workmanship for a period of one year from date of purchase, unless otherwise noted.

API® Heated Hoses must be sent back to Miller for final inspection. Please contact your customer service representative directly and they will provide a return material authorization (RMA) number. The item(s) must be shipped back for final inspection to: Miller Returns Department, 1450 West 13th Street, Glencoe, MN 55336. If item is under warranty and is deemed defective a credit or repair will be given.

Livestock Prods

Miller Manufacturing maintains a complete repair service at the factory for both Hot-Shot® and Springer Magrath® prods. If a livestock prod fails due to a defect within the specified warranty period, the unit must be returned to the factory for examination. If the product is found to be defective and is within the warranty period, replacement or repairs will be made. The product will be returned postage paid.

This warranty does not include case breakage or any form of physical damage, or damage due to normal wear and tear or tampering with the handle or motor unit.

Full Service Marketing Support

You won't go it alone...we're here to support you! We have a full-service Marketing and Sales team ready to help you succeed. Our team can assist you with in-store events, marketing, merchandising support, creating value-added content, and offering training and education for customers and staff. We also have planogram kits available for order, containing everything you need to set an eye-catching display in your store! We have a full library of marketing collateral available to help you promote our products, and we have the capability to create custom pieces of content by request. At Miller Manufacturing, we're proud to be your partner.

WHY BEES?
Keeping bees might be simpler than you think! Beekeeping is a simple hobby with sweet rewards! The world has been crying out for bees since the dawn of time. Bees are the most important pollinators on the planet. Without them, we would not have the fruits, vegetables, and flowers that we love to eat. Bees are also a source of honey, a natural sweetener that is healthier than refined sugar. Beekeeping is a rewarding hobby that can help you connect with nature and support local agriculture.

Honey is delicious!
If you're looking for a natural sweetener, honey is the way to go. It's a natural source of energy and contains antioxidants. Honey is also a natural preservative and can be used in a variety of recipes. Try adding honey to your morning coffee or using it as a natural hair conditioner.

Backyard beekeeping is great for the bees!
Backyard beekeeping is a great way to support local agriculture and protect the environment. Bees are essential for pollinating many of the crops that we eat. By keeping bees in your backyard, you can help to increase the local bee population and ensure that your food sources are healthy and abundant.

Our food sources depend on it!
Bees are essential for pollinating many of the crops that we eat. Without bees, we would not have the fruits, vegetables, and flowers that we love to eat. By keeping bees in your backyard, you can help to increase the local bee population and ensure that your food sources are healthy and abundant.

BEE-FRIENDLY PLANTS
Which plants do bees love? You can help the bees by planting these plants in your garden:

- Lavender
- Wild Geranium
- Poppies
- Clover
- Sunflowers
- Beesbalm
- Chrysanthemum
- Purple Coneflower
- Sedum
- Nubia Coneflower
- Agave
- Zinnia
- Marigolds
- Milkweed
