24	37		48 - 52	57 - 59

Fit Note: The Anna Ultra Light Trail Pant is meant to fit looser but if you are in between sizes or prefer your pants to be more fitted, size down.

This measurement chart is meant to be one of many tools in your toolbox in finding the right fit. Use this as one of many factors in deciding size. Your measurements may show that you could fit into more than one size. Please choose based on your preferred level of compression. Each product has a stretch level indicator. For high stretch fabrics, consider sizing down.

Lastly, while this chart may work for most, we know it won't work for all. If you have a beautiful unique body shape and need some additional guidance, please reach out to CS@dovetailworkwear.com for a fit consultation.
