Powerful, quiet and mobile: The new FEIN DUSTEX 25 L and DUSTEX 35 L.

Two compact and highly powerful dust extractors.

Work into every corner – with everything you need.

The ingenious and compact professional extractor, with a clever & practical area for accessory storage.

Light, robust, incredibly powerful and versatile – the new FEIN DUSTEX dust extractors are setting new standards in the compact class. Despite the size, they ensure effective dust extraction when working with tools in the workshop or off-site, for a clean working environment.

PES flat fold filter
Nano-coated, for use in the wet and dry,
dust class M certification

Order number 3 13 45 059 01 0

❶ Wet and dry extraction

The protective filter cassette means that the filter doesn't need changing for wet extraction.

❷ Work cleanly and with minimal dust

With a four-meter hose and high suction rating, the FEIN dust extractor is always on hand to quickly clean up.

❸ Comfortable suction force setting

Thanks to the tool collar with suction force regulation, the suction power on the power tool can be set with ease - particularly useful for sanding.

❹ Perfect for use in the workshop and for assembly work

The FEIN dust extractors' great manoeuvrability and compact design allow it to fit in tight spaces.
