

NORTHERN PLUMBING SUPPLY

Part# PRO45K complete toilet repair kit

When you need to replace everything in the tank, you need a PRO45K. It comes with everything you need: a PRO45 fill, the quietest fill valve on the market; a PRO57K flush valve kit with bolts and adjustable flapper; and a PRO61 tank lever with an adjustable arm. You can get your customer's toilet working like new in no time. And you have the confidence to know that your customer won't find the same kit in their local big box.
