

NORTHERN PLUMBING SUPPLY

Part# **PRO54** chlorine resistant heavy duty flapper

Only Fluidmaster has toilet flappers with built-in Microban® protection. The Microban® protection keeps the flapper cleaner by fighting flapper breakdown due to bacteria on the flapper itself. The PRO54 Universal Chlorine Resistant Heavy Duty Toilet Flapper is best for use in 3.5 gallons per flush toilets made before 1994. Replace or fix your toilet flapper with a Fluidmaster toilet flapper.

- Built-in Microban® fights flapper breakdown due to bacteria on the flapper itself
- Best for 3.5+ GPF toilets
- Fits on flush valves with or without mounting ears
- Chlorine and hard water resistant
- Strong, kink-free metal chain
- 5-year warranty
