How to Measure -

Lay your favorite T-Shirt on a flat surface

Length = measure from the top of the shoulder seam to the bottom hem of the garment.

Chest = from 1 inch below arm hole, measure across shirt to the same point on opposite side.

Sleeve = measure from seam of the neckline to the bottom hem of the sleeve.

Note: *If your measurements are between sizes (for example; Length of 29 inches, Chest of 19 inches, Sleeve of 17 inches), it's usually better to choose a slightly larger size.*
