GRASS SEED

**CULTIVATE FULLER, HEALTHIER LAWNS
WITH OUR QUALITY GRASS SEED PRODUCTS.**

Pennington has been providing quality grass seed products for over 75 years. We take pride in bringing the finest grass to American lawns.

Upon conducting extensive research, we have made some updates to our portfolio for 2021. We're excited to be able to share these new offerings with eager grass seed shoppers around the country.

• CULTIVATING QUALITY SEED SINCE 1945 •

PENNINGTON

®

Pennington provides the finest grass seed you can buy, guaranteed.

PENNINGTON. THE GRASS IS GREENER.

PENNINGTON SMART SEED

A

B

WHAT MAKES IT SMART? INNOVATION.

Pennington's NexGen Turf Research is the largest private grass seed research facility in the United States. We lead the industry in developing top-performing, water-conserving, sustainable seed.

PROMOTES HEALTHIER PLANTS

Pennington's seed technology protects seeds from deadly fungus and ensures better plant growth.

GUARANTEED TO GROW!

Pennington - The Grass Seed People®. Cultivating your trust for three generations by providing the finest grass seed you can buy, guaranteed.

DROUGHT TOLERANT PREMIUM GRASS SEED MIX

Pennington cool-season Smart Seed grasses require up to 30 percent less water than ordinary grass seed. That's year after year, for the life of your lawn.

A. SMART SEED® SUN & SHADE

- ◆ Top selling product
- ◆ Sun and Shade Mix
- ◆ For Fescue, Bluegrass and Perennial Rye Lawns
- ◆ Saves up to 30% water year after year vs ordinary grass seed

PENNINGTON SMART SEED

A

B

NEW SMART SEED BERMUDA

The Bermuda Smart Seed® mix includes a temporary, cool-season companion grass that provides stability to the soil and early color, then fades away as the heat arrives. You get improved germination and faster establishment – which means 2x the results compared to Bermuda alone.*

*Based upon % of green cover up to 17 days after planting, (as measured on days 6, 10, 13, and 17).

A. SMART SEED® BERMUDAGRASS

- ◆ New and innovative product for 2021
- ◆ 2x the results and coverage than Bermudagrass alone*
- ◆ Naturally more drought-tolerant than other grass varieties
- ◆ Extremely wear-resistant turf with a deep root system

SAP	UPC	CS/PK	COVERS UP TO
100543734	0-21496-02293-2	10/1.75 lb	1,000 sq. ft.
100543735	0-21496-02294-9	4/8.75 lb	5,000 sq. ft.

B. SMART SEED® TEXAS BERMUDAGRASS

- ◆ New and innovative product for 2021
- ◆ 2x the results and coverage than Bermudagrass alone*
- ◆ Naturally more drought-tolerant than other grass varieties
- ◆ Extremely wear-resistant turf with a deep root system

A

B

ORDINARY
GRASS SEED

THE REBELS BRAND®
TALL FESCUE MIX

For illustrative purposes.

The roots of The Rebels Brand® date back to 1979, when turf researchers at Rutgers University released a revolutionary new grass. Known as 'Rebel,' it was the very first example of what's now known as turf-type tall fescue. Compared to traditional tall fescues, Rebel offered lower growth, finer texture, darker color and denser turf — plus the drought tolerance that makes tall fescue a homeowner favorite. Generations later, with up to 40 percent more roots than ordinary grasses*, The Rebels Brand® Extended Root seed varieties represent the best turf-type tall fescue on the market. With roots like these, it's only natural that The Rebels Brand® seed carries the Pennington name.

*Root development estimates based on plant breeding techniques and scientific research results. Results may vary depending on environmental conditions and management practices. Data on file. Published in management practices. Data on file. Published in Crop Sci. 44:1770-1775 (2004).

A. TALL FESCUE BLEND

- ◆ Grows a lush fine-textured lawn
- ◆ Bred to grow darker green than other Tall Fescues
- ◆ Maintains a deep green color throughout the growing season
- ◆ Contains improved heat, drought and disease resistant varieties*

* Contains improved heat, drought and disease resistant varieties compared to ordinary seed

GRASS SEED

A

B

GENERATIONS OF TRUST

At Pennington, our relationship with the grass seed we sell starts long before the seed is grown. While most grass seed companies buy their seed on the open market, we work directly with a network of dedicated growers to bring you the finest grass seed known. Built on decades of trust and integrity, our relationships with seed growers and their families span multiple generations. We're the only major grass seed company that works directly with farmers to ensure their success and ours. We know our seed and the farmers who grow it. From field to final product, that's the Pennington way.

A. ZENITH ZOYSIA SEED

- ◆ Combination seed and mulch
- ◆ Spreads to fill in bare spots and thin areas
- ◆ Improved cold tolerance and stays green longer into the fall season*
- ◆ Excellent traffic tolerance
- ◆ Good drought tolerance

* Compared to other warm season grasses

SAP	UPC	CS/PK	COVERS UP TO

PATCH REPAIR

LAWN REPAIR MADE EASY.

Pennington® – The Grass Seed People®. We have been cultivating your trust for three generations by providing the finest grass seed you can buy.

Our **Pennington One Step Complete®** seeding mix products hold and maintain moisture around the seed while providing the essential nutrients needed to grow healthy, thick grass.

PENNINGTON
THE GRASS SEED PEOPLE®

ONE STEP™

COMPLETE SEEDING MIXTURE

PERFECT FOR PATCHING OR REPAIRING

Pennington One Step Complete® products make it easy to grow beautiful, thick, water-saving grass. Everything you need is pre-mixed and ready to use all in one bag. Simply apply, water and watch it grow.

PROFESSIONAL GRADE FERTILIZER AND MULCH

Pennington's stabilized release fertilizer feeds up to 8 weeks. Our mulch holds and maintains moisture around the seed, allowing water to reach the seed, while enabling faster nutrient uptake to promote the growth of healthy, thick grass.

WATER SAVINGS

One Step Complete™ seeding mixture contains our Pennington® Smart Seed® grass seed, so you'll save water once the grass is fully established: UP TO 30% LESS WATER YEAR AFTER YEAR versus ordinary grass seed.

GUARANTEED TO GROW!*

We're Pennington, The Grass Seed People®. Cultivating your trust for three generations by providing the finest grass seed you can buy, guaranteed.

*Subject to proper growing conditions.

LAWN FERTILIZER & SOIL AMENDMENTS

ENHANCE YOUR LAWN & GARDEN'S GROWING POWER.

Central Garden & Pet offers a wide range of quality lawn fertilizer & soil amendment products that assist all types of projects, from humble vegetable gardens to expansive lawns. Count on us to cultivate the next generation of fertilizer solutions with relevant consumer insights and science-based innovation.

Ironite® brand iron-based mineral supplement and fertilizers provide the answer you need to restore pale, yellow lawns and plants to rich, vibrant green. Specially formulated to overcome pale color caused by nutrient deficiencies, Ironite® supplement and fertilizers help you maintain a beautiful green lawn and gardens all season long.

UltraGreen® lawn fertilizers deliver the ideal ingredients your lawn needs for quick greening, fast growth and deep green color. These premium fertilizers include fast-acting nitrogen for immediate feeding, plus slow-release nitrogen that keeps feeding your lawn for up to 3 months. That means less investment in time, products and labor for you.

Pennington provides lawn and garden enthusiasts with high quality soil amendments so gardeners can grow and protect beautiful roses, vegetables and shrubs. Easy to understand and even easier to use, these fertilizers and soil amendments are all designed to help you grow the lawn and garden of your dreams.

PLANT FERTILIZER

FORTIFY AND ENRICH YOUR GARDEN.

Alaska® branded fertilizers are derived from ocean fish and are highly effective alternatives to synthetic fertilizers that grow delicious fruits and vegetables and vibrant flowers. Nutrient rich fish fertilizers have been used for centuries to enrich soil and to enhance the strength and vigor of plants.

Pennington® UltraGreen® plant foods, from all-purpose formulas to specialty fertilizers that enhance blooms and fruit, provide your indoor and outdoor plants with the nutritional foundation they need to excel. Each premium UltraGreen plant food starts feeding your plants immediately, then continues feeding steadily for up to four months.

RootBoost™ Rooting Hormone containing Hormodin®1 is used for plant propagation. It enhances root growth. Use RootBoost™ Rooting Hormone to root cuttings from numerous types of plants.

Lilly Miller® fertilizers are natural based with a proprietary combination of natural and synthetic nutrients, feeding plants with quickly available nutrients and natural slow release nutrients for extended feeding.

A. ALASKA® FISH FERTILIZER 5-1-1

A. ROOTBOOST™ ROOTING HORMONE

Powder

Active: 0.10% Indole-3-butyric Acid

- ◆ Contains Hormodin® 1
- ◆ Grow new plants from cuttings fast!
- ◆ As simple as cut, dip and plant!
- ◆ Enough rooting hormone for hundreds of cuttings
- ◆ Colorful 12-Pack gravity feed

ITEM#	UPC	CS/PK
100538120	6-13499-07805-6	12/2 oz.

Starting new plants with cuttings from your favorite garden ornamentals can be as simple as snip, dip and plant. RootBoost™ product stimulates root development on cuttings and encourages uniform root growth that translates into vigorous, well-rooted new plants. It can be used to propagate roses, gardenias, hydrangeas, azaleas and many more plants listed on the label.

GRASS/WEED CONTROL

RECLAIM YOUR OUTDOOR SPACES WITH WEED TREATMENTS.

Consumers everywhere battle with weeds in their yard. Regardless of the type of weed, we offer a variety of herbicides formulated to target and treat the problem while protecting surrounding surfaces.

The Image® line of herbicides handles some of the toughest consumer lawn weed issues including crabgrass, sedges, *Poa annua* and broadleaf weeds without killing regional turf types.

Image® Herbicide Brush and Vine Killer effectively kills tough growth including Kudzu, poison ivy/oak, blackberries and grasses. **The Image® products, including Casoron® and Noxall® herbicides,** remain favorites for homeowners and veteran gardeners to kill unwanted vegetation in areas like walkways, driveways and around ornamental bushes.

KnockOut™ weed control products are economical and affordable, using proven active ingredients that are guaranteed effective.

MOSS & ALGAE CONTROL

GET MOSS AND ALGAE UNDER CONTROL
IN YOUR OUTDOOR LIVING SPACES.

Consumers battle with moss in their lawns and gardens, as well as on walkways, decks, roofs and other structures. In most climates, moss grows vigorously during the cool, wet spring and fall seasons. Central Garden & Pet offers a variety of products formulated to target and treat the problem while protecting surrounding surfaces.

Moss is a significant challenge in the Pacific Northwest, and the problem is expanding outside that region, particularly along the East Coast. **The Moss Out!® line of products** kills moss on lawns, roofs, walks and structures with easy-to-use liquid and granule formulas.

A man and a woman are shown from the waist down, kneeling in a garden bed. The woman, on the left, has a long dark braid and is wearing a light green jacket and blue jeans. She is wearing green gardening gloves and is carefully placing a small green seedling into the soil. The man, on the right, is wearing a red and white plaid shirt over a pink t-shirt and blue jeans. He is wearing white gardening gloves and is also focused on the task. The garden bed is filled with dark brown soil, and several other green seedlings are visible. In the background, there are more plants and a wooden fence. The overall scene is bright and sunny, suggesting a pleasant day for gardening.

GARDEN TECH
Sevin

Gardening brings people together. When you pass along your knowledge and the fruits of your labor, a love for gardening grows. The makers of the Sevin® brand take pride in the fact that gardeners have been sharing us with family and friends for more than 50 years.

WORKS FAST...
JUST LIKE THE NAME SAYS!

A

KILL BUGS OUTSIDE SO THEY CAN'T COME INSIDE

Treating home-invading pests inside doesn't address the real problem. Instead, use Amdro Quick Kill® Home Perimeter Insect Killer outside – it creates a barrier to keep over 80 listed insects away all season. This premium product is formulated on sand, which releases active ingredients more quickly than common peanut hulls, so it provides fast results you can count on.

A. AMDRO QUICK KILL® HOME PERIMETER INSECT KILLER

TARGETED INSECT CONTROL

EFFECTIVE SOLUTIONS TO PROTECT YOUR HOME FROM
TARGETED INSECT PESTS, BOTH INDOORS AND OUT.

Over'n Out!® Advanced Fire Ant Killer starts killing fire ant mounds in 15 minutes! The deep-penetrating formula kills the mounds and the queen. One application kills fire ants for up to 6 months and prevents new mounds from forming.

Amdro® Fire Ant Bait is a unique delayed-action food chain killer that kills visible and hidden mounds.

Amdro® Kills Fire Ants Yard Treatment Bait is a premium, highly efficient formula for broadcast application that contains two active ingredients for season long control.

Amdro® Ant Killing Bait products are premium bait stations and stakes formulated to attract both grease and sweet eating ants. Amdro® Ant Killing Bait starts to work immediately and is the smartest approach to controlling household ants at the source.

Amdro® Ant Block® Home Perimeter Ant Bait is a unique treatment that kills ants outside, so they don't come inside. This exclusive formula is a bait, so foraging ants carry granules directly into the mound as food for the colony. When the queen and other ants eat it, the whole mound dies.

Over'n Out! ADVANCED Fire Ant Killer

SLUG & SNAIL CONTROL

RELIABLE RESULTS FOR DEFENDING YOUR LAWN AND GARDEN.

Slugs and snails are rampant garden pests. Central Garden & Pet offers two different weather-proof brands to help control these pests.

The **Corry's®** branded items can be used in vegetable gardens and contain a non-toxic mode of action. People and pets may enter the area immediately after the product is applied.

Our **Deadline®** branded products contain metaldehyde, a powerful active ingredient with more than 40 years of reliable slug and snail control. Deadline® Slug & Snail Slayer delivers one last meal for slugs and snails.

WILDLIFE

ATTRACT VALUABLE GAME TO YOUR LAND WITH QUALITY SEED.

As thrilling as the hunt can be, there's also an excitement that comes with planning and planting your land in hopes of attracting and retaining quality game. The most important piece of that puzzle is choosing the best seed. That's where Pennington® products can help.

With more than three decades of research and development, Pennington® products have become a leader in the production of wildlife seed. Give our **Rackmaster®** and **Wingmaster®** products a try and you'll see the difference.

RACKMASTER®

Food Plot Seed Mix

A

A. RACKMASTER® DURANA WHITE CLOVER – PERENNIAL

- ◆ Contains over 90% more stolons per square foot than conventional Ladino clovers
- ◆ University proven* to last three times longer than conventional Ladino types
- ◆ Produces up to 150 lbs. per acre of nitrogen per year
- ◆ Makes an excellent pure stand or combination planting for any food plot

* Data on file

ITEM#	UPC	CS/PK	SEEDING RATE UP TO
100081677	0-21496-26908-5	6/5 lb	1 acre

D

D. RACKMASTER® TROPHY RADISHES – ANNUAL

- ◆ Deer readily eat top growth
- ◆ High yielding and highly preferred by deer
- ◆ Improves soil tilth and fertility
- ◆ Over 25% protein
- ◆ Over 5000 lbs production in tops and over 2000 lbs in roots per acre

ITEM#	UPC	CS/PK	SEEDING RATE UP TO
100504528	0-21496-00256-9	6/5 lb	1/2 acre

RACKMASTER®

Food Plot Seed Mix

A

A. RACKMASTER® DEER GREENS – ANNUAL

- ◆ Can be established by conventional or no-till methods
- ◆ Highly preferred by deer during winter months
- ◆ 100% brassica mixture
- ◆ Easy to establish

ITEM#	UPC	CS/PK	SEEDING RATE UP TO
100082814	0-21496-28151-3	6/5 lb	½ acre

B

B. RACKMASTER® CLOVER TRIO – ANNUAL

- ◆ Germinates quickly
- ◆ Makes an excellent stand-alone plot or works well mixed with small grains
- ◆ Staggered maturity dates ensure protein rich forage when it is most needed
- ◆ Blend of annual and perennial clovers

ITEM#	UPC	CS/PK	SEEDING RATE UP TO
100081731	0-21496-29562-6	6/5 lb	½ acre

C

C. RACKMASTER® DEERGRAZER – ANNUAL

- ◆ Establishes quickly and easily
- ◆ Protein content ranging from 20 - 43%
- ◆ Yields 4 tons plus per acre
- ◆ Builds the soil while feeding the deer

ITEM#	UPC	CS/PK	SEEDING RATE UP TO
100543992	0-21496-02312-0	6/5 lb	½ acre

D

D. RACKMASTER® EARLY DRAW – ANNUAL

- ◆ A blend of warm and cool season annuals designed to give deer a late summer/early fall food source in combination with a fall/winter food source
- ◆ A high protein blend that will draw deer in early and hold them through winter
- ◆ A blend of cowpeas and buckwheat as well as cool season brassicas and small grain

ITEM#	UPC	CS/PK	SEEDING RATE UP TO

FORAGE

HIGH PERFORMANCE SEED PROVIDES YOU WITH BETTER YIELDS.

For over 60 years, Pennington has been dedicated to **improving forage grasses and legumes** through research and testing at leading universities and on farms.

This research has led us to develop forage seed with advanced technology that leads to improved performance, higher yields, better persistence and higher quality.

A

A. JESUP MAXQ® TALL FESCUE – COOL SEASON PERENNIAL GRASS

- ◆ Produces no animal toxins
- ◆ Persistence equal to toxic fescue varieties
- ◆ Improved conception rates by over 30% compared to KY31
- ◆ Provides 35% more grazing days over winter annuals reducing the need for supplemental feed
- ◆ Double stocker gains compared to KY31

ITEM#	UPC	CS/PK
100081497	0-21496-25501-9	25 lb

B

B. JESUP MAXQII® TALL FESCUE – COOL SEASON PERENNIAL GRASS

- ◆ Cool Season Perennial Grass
- ◆ A powerful upgrade to the Jesup MaxQ
- ◆ Enhanced seedling vigor
- ◆ Provide even greater persistence under grazing than the original Jesup MaxQ in tough environments
- ◆ Excellent choice for livestock producers planting anywhere that tall fescue is grown

ITEM#	UPC	CS/PK
100539827	0-21496-02125-6	25 lbs

C

C. TEXOMA MAXQII® TALL FESCUE – COOL SEASON PERENNIAL GRASS

- ◆ The first non-toxic endophyte tall fescue developed by the Noble Foundation for the central and south-central U.S.
- ◆ Can produce double the pounds of beef per acre compared to Kentucky 31
- ◆ Widely adapted throughout the Fescue Belt – superior performer in TX, OK, AR, LA & MS
- ◆ Excellent seedling vigor and rust resistance

ITEM#	UPC	CS/PK
100507239	0-21496-30127-3	25 lb

D

D. LACEFIELD MAXQII® TALL FESCUE – COOL SEASON PERENNIAL GRASS

- ◆ Utilizes the best novel endophyte technology offered by AgResearch USA - MaxQII
- ◆ Excellent seedling vigor, high forage yields, improved persistence under grazing, and high weight gains in stocker cattle
- ◆ Excellent choice for livestock producers planting tall fescue in Kentucky and surrounding states

ITEM#	UPC	CS/PK
100531381	0-21496-01830-0	25 lbs

A. PENNINGTON® CHEYENNE II BERMUDAGRASS - WARM SEASON PERENNIAL

- ◆ High yielding with excellent quality forage
- ◆ Economical alternative to sprigging
- ◆ Easy to establish from seed
- ◆ Excellent heat, pest and drought tolerance
- ◆ Will not revert to common bermuda

ITEM#	UPC	CS/PK
100081101	0-21496-00045-9	25 lb

B. PENNINGTON® MOHAWK BERMUDAGRASS - WARM SEASON PERENNIAL

- ◆ High yielding
- ◆ Excellent for grazing and hay production
- ◆ Strong seedling vigor, quick coverage, durable
- ◆ Deep-rooted for increased drought tolerance and winter survival
- ◆ Superior cold tolerance

ITEM#	UPC	CS/PK
100081202	0-21496-22277-6	25 lb

C. PENNINGTON® TIERRA VERDE BLEND ALL PURPOSE BERMUDAGRASS - WARM SEASON PERENNIAL

- ◆ Superior cold tolerance
- ◆ Wide planting window
- ◆ Rapid emergence and quick cover
- ◆ Excellent durability and wear
- ◆ Multiple use: hay, grazing, landscape and vegetative erosion control

ITEM#	UPC	CS/PK
100525754	0-21496-01672-6	25 lb

A

A. PENNINGTON® PATRIOT WHITE CLOVER – COOL SEASON PERENNIAL LEGUME

- ◆ Slightly larger leaves and more upright in growth than Durana
- ◆ More persistent under grazing than Ladino types
- ◆ High nitrogen fixation
- ◆ Excellent reseeding capability
- ◆ Use in high quality and intensively managed pastures with companion forages such as MaxQ® tall fescue, orchardgrass, perennial ryegrass, prairie grass, etc.

ITEM#	UPC	CS/PK
100081684	0-21496-26656-5	25 lb

B

B. PENNINGTON® DURANA WHITE CLOVER – COOL SEASON PERENNIAL LEGUME

- ◆ High nitrogen fixation
- ◆ Heat and drought tolerant
- ◆ Excellent reseeding capability
- ◆ Unmatched persistence under heavy grass competition and grazing pressure
- ◆ True perennial that will hold the soil year round, saving precious topsoil and is easy to maintain

ITEM#	UPC	CS/PK
100081674	0-21496-26655-8	25 lb

PENNINGTON®

A

A. PENNINGTON® SUPERGRAZE® – WINTER ANNUAL FORAGE MIX

- ◆ Under favorable growing conditions will establish and provide grazing in 45 days after planting
- ◆ Will provide grazing from fall through late spring
- ◆ Extends the grazing season because it grows at a lower winter temperature than other cool season grasses
- ◆ Excellent for grazing, hay, silage or green chop

ITEM#	UPC	CS/PK
100081721	0-21496-26620-6	50 lb

B

B. PENNINGTON® WINTERGRAZER 70 RYE – COOL SEASON ANNUAL GRASS

- ◆ Under favorable growing conditions, establishes quickly to provide grazing within 6-8 weeks after planting
- ◆ Cold tolerant and will continue to grow at lower temperatures
- ◆ Grows well on poor soils with low pH
- ◆ Excellent for use as a cover crop

ITEM#	UPC	CS/PK
100082582	0-21496-00455-6	50 lb

A

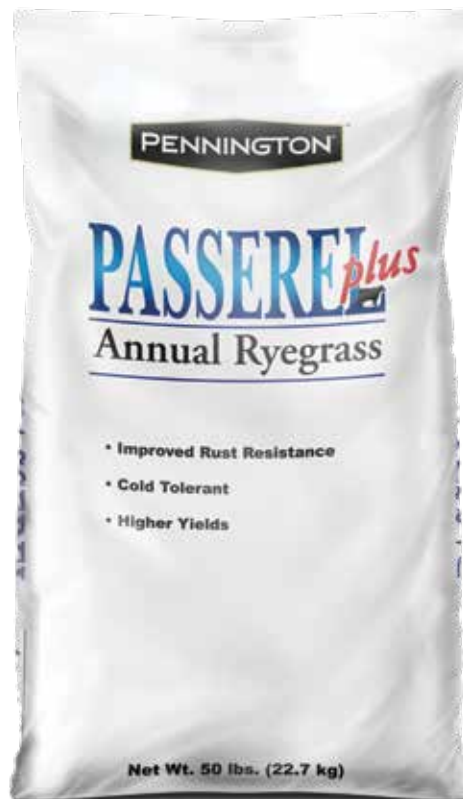

A. PENNINGTON® AU SUNRISE CRIMSON CLOVER

- ◆ Bred for early maturity
- ◆ Excellent for use as a habitat for pollinators and as a cover or green manure crop for conservation tillage and organic farming systems
- ◆ Highly palatable and nutritious food source for grazing livestock and in wildlife food plots

ITEM#	UPC	CS/PK
100086862	0-21496-00635-2	50 lb

B

B. PASSEREL PLUS ANNUAL RYEGRASS - ANNUAL GRASS

- ◆ Excellent for grazing, hay, silage or green chop
- ◆ High yielding and late maturing - provides high quality grazing deeper into spring and early summer
- ◆ Cold tolerant
- ◆ Rapid re-growth
- ◆ Rust resistant

ITEM#	UPC	CS/PK
300025744	0-21496-29661-6	50 lb

BIRD FEEDERS & HOUSES

INVITE A VARIETY OF BIRDS WITH ATTRACTIVE DESIGNS.

Our Pennington® Pride line of products is featured in independent and online retailers throughout the country. These items offer a diverse assortment of mixes that are sure to satisfy a wide variety of wild birds.

Cedar Feeders are skillfully handmade in Ohio by Amish and other American master craftsmen. Made from durable Eastern Red Cedar, our superior level of quality ensures that these feeders will be beautiful and functional for years to come.

Hopper Feeders come in a variety of sizes and materials ensuring that we have a feeder to suit every need and budget.

Tube Feeders are designed to keep seed clean and dry, while offering multiple seed ports to feed more songbirds at one time.

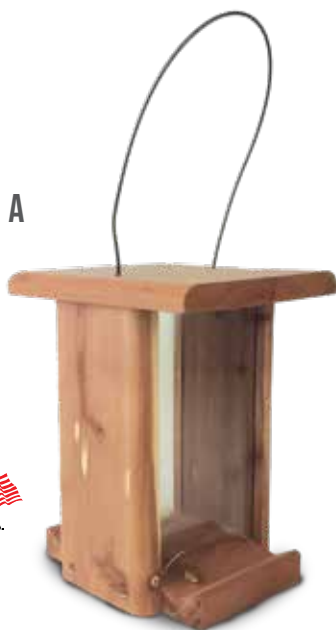

Hummingbird Feeders are stylish, functional and designed to attract hummingbirds in your area.

Bird Houses are stylish, functional and designed to attract nesting birds in your area.

Accessories help to provide what you need to hang your feeder in any setting.

TERRA COTTA

NATURAL CLAY POTTERY BLENDS TRADITION WITH MODERN FORMS.

Terra cotta is one of the oldest traditions in pottery. Our **terra cotta products** are natural and eco-friendly, made from clay harvested from the earth and fired at over 2,000 degrees.

Other than planting directly into the ground, terra cotta is the most natural medium to plant in. It allows the soil to receive ample amounts of oxygen for plant growth and balances temperature for healthier plants. The porous material allows moisture in and out.

A

A. PENNINGTON® HEAVY RIMMED POT, TERRA COTTA

- ◆ Terra Cotta material helps balance the pH level of the soil for healthier plants
- ◆ Porous texture allows soil and roots to receive ample amounts of oxygen
- ◆ Drainage hole protects plants from over watering
- ◆ Pot feet sold separately to help with proper ventilation/drainage
